Every Book Is a Social Studies Book Jeannette Balantic,Andrea S. Libresco,Jonie C. Kipling,2011-02-01 This text offers a teacher and student friendly collection of lessons and activities that help educators use picture books to engage younger students in meaningful social studies activities and bring this critical subject back in elementary schools In order for today s children to succeed as adults they need a solid foundation of life skills inculcated at a young age Social studies is key to

building this critical knowledge yet less attention is being paid to social studies in elementary schools as this subject becomes more essential. The authors of this text have a solution: use picture books as dual purpose texts that fulfill more than just language arts needs and take the time dedicated to those lessons to simultaneously teach social studies. Each chapter of this text is organized around one of the National Council for the Social Studies Ten Thematic Strands covering diverse and engaging topics ranging from community and individuality to science and technology. This book serves as a vital resource for classroom teachers, methods professors, staff developers, and curriculum writers who prioritize keeping social studies a part of the elementary school curriculum.

40 Poems for 40 Weeks David L. Harrison, Timothy V. Rasinski, 2024-12-12. With this anthology of hand chosen poems written by well known beloved poets, you can introduce poetry to your students in the classroom and beyond. Poetry is a powerful tool for teaching phonics, fluency, comprehension, vocabulary, and a love of reading. Curated specifically for students in Grades 3-5, this book contains 40 poems for 40 weeks in the school year, making it easy for teachers and librarians to read the poems sequentially throughout the year, choose them at random, or match a theme with current needs or events. The book eliminates the need to track down poems to read each week, and it provides a reading list of 120 books of poetry, making it one of the richest sources for poetry titles specifically for young students. Along with the poems are word ladders to aid in lessons on word decoding and encoding, vocabulary, and interest in word study. With poetry from award winning authors and poets laureate, this is an essential resource for teachers and librarians hoping to inspire their students with poetry.

Real Revision Kate Messner, 2023-10-10. How do you show students that revision is more than a classroom exercise to please the teacher? Take them into the real world of writing for publication. In *Real Revision*, award winning author and teacher Kate Messner demystifies the revision process for teachers and students alike and provides tried and true revision strategies field tested by students' favorite authors. Kate takes us on a behind the scenes look at how more than thirty-five authors, including Julie Berry, Watt Key, Loree Griffin Burns, Jane Yolen, Lisa Schroeder, Suzanne Selfors, Eric Luper, Danette Haworth, and Kathi Appelt, revise their works often many times over before they appear on library and bookstore shelves. Using successful strategies from her own classroom, Kate teaches how authors use research, brainstorming, and planning as revision tools, how they revise to add detail and make characters stronger, and how students can use those same techniques for all kinds of writing in the classroom. *Real Revision* features dozens of reproducible mentor author pages with quotes from the authors about their revision processes and includes related classroom ready activities. For any teacher who wants to produce strong real world writers, *Real Revision* will infuse the classroom with new energy as students use mentor authors as models for their own revision and writing.
