Sacraments, 2004 **Meeting Christ in the Sacraments** Colman E. O'Neill (O.P.), 1964 *Sacrifice and Community* Matthew Levering, 2008-04-15 This book explores the character of the Eucharist as communion in and through sacrifice It will stimulate discussion because of its controversial critique of the dominant paradigm for Eucharistic theology its reclamation of St Thomas Aquinas's theology of the Eucharist and its response to Pope John Paul II's *Ecclesia de Eucharistia* Argues that the Eucharist cannot be separated from sacrifice and rediscovers the biblical connections between sacrifice and communion Timed to coincide with the Year of the Eucharist proclaimed by Pope John Paul II Reclaims the riches of St Thomas Aquinas's theology of the Eucharist which had recently been reduced to a metaphysical defence of transubstantiation *The Mystery of*

Marriage: A Theology of the Body and the Sacrament Perry J. Cahall, 2014-12-01 This remarkable study offers a comprehensive explanation of the Catholic Church's teaching on the sacrament of marriage. Incorporating the rich insights found in St John Paul II's *Theology of the Body*, Dr Cahall presents a theology of marriage that incorporates the biblical, systematic, pastoral, and historical traditions which have shaped our understanding of this sacrament. **The Seven Sacraments of the Catholic Church** Romanus Cessario, 2023-06-20 There are seven sacraments administered in the Catholic Church. What are they and what do they do? Why do human beings require sacramentalized visible realities to seal their confession of faith in Jesus Christ? Why does the Catholic Church administer the sacraments in the way that it does? Leading Catholic theologian Romanus Cessario OP offers an in-depth explanation of the seven sacraments celebrated in the Catholic Church. He addresses the rationale for the sacraments and provides detailed exposition of each one, highlighting the importance of the Catholic tradition and of Thomas Aquinas in particular for contemporary reflection on the sacraments. This book examines why participation in the sacramental life of the Church is required for the believing Christian and helps readers understand the role the sacraments play in the sanctification of the world. *101 Questions & Answers on the Sacraments of Healing*, **Sacraments of Initiation, Second Edition** Liam G. Walsh OP, 2022-01-07 This title is no longer available. The original edition of this book presented a theology of sacraments that emerged out of a Church stirred into new life by the Second Vatican Council. It is a theology that can claim to have been continuously received in the Catholic Church since then. It is the theology that has been widely practiced and preached in pastoral life, has been given catechetical shape in the Catechism of the Catholic Church. However, during the past 23 years, some trends developed in pastoral theology and practice that were taking directions that seemed hard to reconcile with the decisions of the Council. This new edition examines the way some theological counter-currents have developed over those years, both in theory and in practice. The sacramental theology contained in this study maintains the broad ongoing agreement between what it proposes and mainstream Church teaching and practice. The book examines the tradition of sacramental practice and teaching. Biblical and historical studies continue to uncover new riches of the tradition, and recent findings are discussed. A careful listening to the tradition of rite and word is truly indispensable for sacramental theology. It was out of such listening that Vatican II teaching on sacraments emerged, and provision was made for recovering the full richness of the tradition. Not all of the recent theological speculations and pastoral strategies given an equally serious acknowledgement to the tradition. The liturgies that are studied in this book have been given to the Church in the wake of Vatican II. The historical chapters will show the liturgies to be a contemporary expression of fidelity to core values of the Apostolic Tradition. The chapters on the rite of each sacrament are mainly descriptive and historical but also include anthropological reflections that unveil the human significances of the various rites. The chapters on the word examine the biblical and traditional word spoken in the churches about each sacrament and conclude with what is called a systematic essay. The bibliography has been updated to reflect the

development in the field *To Die Is Gain: A Theological (Re-)Introduction to the Sacrament of Anointing of the Sick for Clergy, Laity, Caregivers, and Everyone Else* Roger W. Nutt, 2022-05-05 The Anointing of the Sick is possibly the most underappreciated and understudied sacrament In *To Die Is Gain* Roger Nutt seeks to bring greater attention to and appreciation for the Anointing of the Sick Beginning with an examination of cultural perceptions of dying death and burial *To Die Is Gain* exposes the ways in which contemporary atheism and physicalism mark a clear divergence from ancient attitudes In contrast to contemporary hopelessness the Anointing of the Sick is a powerful counter witness that highlights the great dignity of the human person and the depth of Christian hope Unlike the cures to particular ailments facilitated by modern medical science in Holy Anointing Jesus gives his dying followers the healing graces that they need to pass from this life to the next in loving union with Him As Nutt exposes the biblical and traditional foundations of this sacrament he corrects common misconceptions and malpractice of this sacrament especially the ways in which Vatican II is often misleadingly enlisted to support a broadening of the sacrament from end of life situations to non life threatening illnesses Finally Nutt carefully describes the graces and effects of the Anointing of the Sick and richly expounds the theological depth of the rite of the Anointing of the Sick The result is that readers can confidently say with St Paul that To die is gain Philippians 1 21

Dying and the Virtues Matthew Levering, 2018-01-23 In this rich book Matthew Levering explores nine key virtues that we need to die and live well love hope faith penitence gratitude solidarity humility surrender and courage Retrieving and engaging a variety of biblical theological historical and medical resources Levering journeys through the various stages and challenges of the dying process beginning with the fear of annihilation and continuing through repentance and gratitude suffering and hope before arriving finally at the courage needed to say goodbye to one's familiar world Grounded in careful readings of Scripture the theological tradition and contemporary culture *Dying and the Virtues* comprehensively and beautifully shows how these nine virtues effectively unite us with God the One who alone can conquer death **The God Who Is Given** Chris Dodson, 2021-05-03 Dietrich Bonhoeffer's notions of religionless Christianity have provoked a great deal of theological inquiry much of which has hindered evangelical reception of Bonhoeffer's work By setting religionless Christianity in the context of Bonhoeffer's Lutheran sacramental theology Chris Dodson furthers Bonhoeffer's belief that receiving the God given in the sacraments both resists Christians' proclivity towards religious self-serving ends and draws Christians into a life of robust faith and love Receiving Christ in baptism the Eucharist and confession serves to instill sustain locate and vitalize the form of life that Bonhoeffer calls religionless The church and its core practices are not abandoned in Bonhoeffer's prison letters they are reengaged with a more proper disposition faithful love of God and neighbor In this way common evangelical skepticisms about Bonhoeffer's later theology can be assuaged Bonhoeffer's theology rightly construed provokes evangelicals and particularly American evangelicals to reconsider and restructure their worship along the lines of a religionless Christianity that promotes a deeper faith resulting from a more vigorous encounter with Christ as he gives

himself over to his people **Eucharistic Presence** Robert Sokolowski, 1994 In this insightful interdisciplinary study Robert Sokolowski uses the methods of phenomenology to examine Christian religious beliefs particularly the sacrament of the Eucharist In so doing he comes to terms with many theological and cultural issues raised by modernity Although the Eucharist is the center of focus other issues in Christian faith are also examined such as the Christian understanding of God Creation the Incarnation Redemption and biblical Revelation Sokolowski employs a method that he calls the theology of disclosure which studies the structures of appearance and should be distinguished from both positive and scholastic theology He takes appearances as objective disclosures not as mere psychological events When discussing the Eucharist he shows how it uses the form of quotation and how it draws on various temporal dimensions of human existence as it reenacts the sacrifice of Christ before the eternal Father The author also considers how Christian belief differs from other forms of religion and from modern atheism By demonstrating how the Christian understanding of God differs from other ways of understanding the divine he attempts to show that Christianity is not simply one religion among many but the truth of religion These deeper themes are explored as necessary contexts for the Eucharist which could not be properly understood except against the background of the Christian understanding of God as eternal and as Creator and Redeemer The author provides a comprehensive theological treatment of major issues in Christian faith and does so with categories that are appropriate to our present intellectual and cultural world This study which draws upon the work of many classical and contemporary theologians especially Hans Urs von Balthasar contributes significantly to speculative theology and to Eucharistic studies It will be of great use to theologians and philosophers as well as to students of Christian philosophy and sacramental theology Robert Sokolowski a priest of the Archdiocese of Hartford has taught philosophy at The Catholic University of America since 1963 He has written six books and numerous articles dealing with phenomenology philosophy and Christian faith moral philosophy and issues in contemporary science He has been an auxiliary chaplain at Bolling Air Force Base in Washington D C since 1976 and was named monsignor in 1993 Indispensable for graduate and divinity programs with interests in Catholic theology and phenomenology of religions Religious Studies Review Intellectually stimulating The author contributes many insights to the theology of the Eucharist some of which I had never seen before and found enlightening and moving The depth of his scholarship is obvious Rev James T O Connor St Joseph s Seminary New York A careful reading of this profound analysis of the Holy Eucharist will be rewarded with a more fruitful participation at Mass Here we find a modern model of the Catholic theologian who shows us in the concrete how to practice faith seeking understanding Kenneth Baker S J Editor Homiletic and Pastoral Review **The How-To Book of Catholic Theology** Fr. God Loves You Infinitely! Andrew Keogh,2010-06-11 This book may be said to approach the conveying of the truth of the Catholic faith to newcomers on the basis of the Creeds that have stood the test of time In the final analysis conviction and conversion are the work of the Holy Spirit the spirit of Divine Love Therein lies a process of growth in which the goal is to be an aroma of Christ for God s sake St Paul Conversion is like the growth of a flower in which we rejoice when we see it in full bloom However without being rooted in good soil and nourished it will die Therein lies the importance and value of a catechesis and the emphasis on the Creed which has survived the onslaughts of two millennia

Christ and the Catholic

Priesthood Matthew Levering,2010 **Dust Bound for Heaven** Reinhard Hütter,2012-10-01 In Dust Bound for Heaven Reinhard Hütter shows how Thomas Aquinas s view of the human being as dust bound for heaven weaves together elements of two questions without fusion or reduction Does humanity still have an insatiable thirst for God that sends each person on an irrepressible religious quest that only the vision of God can quench Or must the human being living after the fall become a new creation in order to be readied for heaven Hütter also applies Thomas s anthropology to a host of pressing contemporary concerns including the modern crisis of faith and reason political theology the relationship between divine grace and human

freedom and many more The concluding chapter explores the Christological center of Thomas's theology
