## **Meeting Each Other In Church Doctrine Liturgy And Government:**

Meeting Each Other in Doctrine, Liturgy, and Government Daniel J. Meeter, 1993      **Church, Identity, and Change**

David A. Roozen, James R. Nieman, 2005-05-02 Since colonial days religious work in America has happened through denominations. At least since the start of the twentieth century these religious bodies consisted of a fairly tight intra-denominationally connected system of congregations, regional judicatories and national offices. This system was the product of more than two centuries of consolidation among American historic immigrant and indigenous churches. The vast majority of these structures are still in place, retain some semblance of internal coherence, have considerable social and religious significance and will be with us for the foreseeable future. Nevertheless, the stresses upon them today clearly indicate that they are entering an unsettled period of transition. The purpose of this book is to examine the national structures of eight diverse Protestant denominations as a part of that shift. The frame of this study is the relationship between the theological and organizational nature of national denominational structures as they adapt to the changing situation of the twenty-first century.

**Constitutional Theology** Allan J. Janssen, 2000 One of the RCA's foremost researchers here offers commentary that explains the proper roles of elders, deacons, classes and synods and details the procedures necessary for successful church life. Based on the Book of Church Order, this helpful volume will assist church leaders in their callings and prevent the myriad difficulties that arise when appropriate procedures are not followed. A necessity for every pastor, elder and deacon.

**Family Quarrels in the Dutch Reformed Churches in the Nineteenth Century** Robert P.

Swierenga, Elton J. Bruins, 1999 Volume 32 in the HSRCA series chronicles the internal quarrels that have occurred in RCA history, particularly the landmark secessions that occurred in 1850, 1857 and 1882. While exploring the unity and disunity that have characterized the RCA since the Dutch immigration to the United States, this study also points out the righteous motivations that lay behind these struggles and shows how these historic quarrels have their counterpart in contemporary debates over the ordination of women and the church's acceptance of homosexuals.

**The Americanization of a Congregation** Elton J. Bruins, 1995

**Patterns of Polity** Edward Le Roy Jr. Long, Edward Leroy Long, 2001-06-30 An excellent primer on the spectrum of ways in which Christians organize their institutional life, Long's study of polity that is methods of religious organization intends to enlighten the reader about the ways in which belief shapes personal and communal function. *Patterns of Polity* is a comparative examination of church governance by bishops, governance by elders, and governance by congregations across contemporary branches of Christianity. *Patterns of Polity* does not defend the validity of any particular polity but instead raises questions that are essential to all polities and to all communities: How is power created and used? In what ways are polities most likely to function well? In what ways are polities susceptible to corruption and dysfunction? How are conflicts adjudicated and finances handled?

Equipping the Saints James Hart Brumm, 2000 A team of RCA pastors and scholars recounts the engaging story of the Synod of New York during the past two

centuries Each chapter not only explores past ministerial successes of the Synod but also looks at the vibrant multicultural work of the Synod today The volume is completed with a pictorial view of the Synod of New York and a chronological listing of participating congregations Officers of General Synod , **Worship Seeking Understanding** John D.

Witvliet,2003-07-01 What exactly is worship How can we account for its power In *Worship Seeking Understanding* noted worship expert John Witvliet mines the riches of the Bible theology history music and pastoral research to provide windows into the practice of Christian worship With this work Witvliet attempts to build bridges between theory and practice among various worship related disciplines and across denominational lines If worship renewal is to occur each bridge must be formed His hope is that this work will not only articulate questions about worship but also enrich the practice of worship in congregations today Witvliet s broad scope and insightful advice will be welcomed by pastors worship leaders church leaders and students **Concord Makes Strength** John W. Coakley,2002 While the Reformed Church in America has resisted the

idea of church mergers it has nevertheless been active throughout history in working toward church unity This volume chronicles this effort by outlining historical and theological perspectives on the RCA s ecumenical hope exploring areas of present ecumenical encounter and discussing the future of Reformed ecumenism CONTRIBUTORS Karel Blei Anna Case Winters John W Coakley Paul R Fries Douglas Fromm Wesley Granberg Michaelson Herman Harmelink III Dale T Irvin Allan Janssen Lynn Japinga Gregg A Mast David Melvin and Dennis Tamburello **Pulpit and Politics** Corwin E. Smidt,2004

*Pulpit and Politics* presents the most current and comprehensive examination of the religious beliefs and political behavior of American clergy at the advent of the new millennium Based on data gathered during the 2000 Presidential election this study examines the relationship between belief and behavior theology and politics religious commitments and social activism from African American Baptist Jewish Mainline Protestant Roman Catholic and other religious groups *Pulpit and Politics* is a treasure trove of historical comparative and statistical information about the political behavior of America s clergy By

*Grace Alone* Donald J. Bruggink,Kim N. Baker,2004 The story begins in Europe with a brief history of the church out of which the Reformation grew The scene then shifts to New Amsterdam in 1628 where a miniscule church survived the English conquest and eventually grew into the Reformed Church in America By *Grace Alone* follows its story into the twenty first century In addition to the sequential story of the Reformed Church s development there are vignettes of people involved in events small and great from the diary of a frail young woman who survived near calamity at sea but ended her life at eighty one the widow of the president of Queen s College to the boy from a farm in Iowa who built the Crystal Cathedral The reader will also be helped by timelines in every chapter as well as a glossary an index and many illuminating illustrations The
