Alexander, Geza Vermes, 1998 This volume presents the long awaited edition of the Cave 4 manuscripts of Serekh Ha Yahad or The Rule of the Community in which the Essenes detailed the guidelines for membership in their community Also known as the Manual of Discipline a complete scroll was found in Cave 1 at Qumran and this edition illuminates the textual and redactional history of Dead Sea literature The document is extremely important for understanding the nature practice and ideology of the Qumran covenants Bread From Heaven Peder Borgen, 2017-04-01 If John 6 can be considered the Grand Central Station of Johannine Critical issues Peder Borgen s 1965 monograph Bread from Heaven proved to be one of the most incisive and important monographs on that difficult chapter With extensive implications for addressing a host of other New Testament issues including the unity and disunity of John s narrative relations between Johannine and Synoptic traditions and the socio religious context of the Fourth Gospel Borgen s work argues hard for a unitive view of the Johannine text Rather than seeing John s story of Jesus as an amalgam of disparate sources or as dependent on the Synoptics Borgen explores a number of commonalities between contemporary Jewish writings including the writings of Philo and haggadic midrashim In so doing new glimpses are also availed onto the dialectical Johannine situation including an antidocetic thrust as well as Johannine synagogue engagements The enduring impact of Borgen s work shows the Fourth Gospel to represent a self standing tradition characterized by Jewish engagements of biblical texts contributing to homiletic expansions upon memories of the ministry of Jesus for later generations From the Foreword by Paul N Anderson
