Meinrad Craighead Meinrad Craighead, 2003 This extensively illustrated volume collects the varied powerful work of Meinrad Craighead an artist whose images find their beginnings in her Catholic roots she was a nun for fourteen years as well as in the traditions of Southwest Native American Culture in which she has immersed herself since moving to New Mexico twenty years ago Craighead has devoted her life to contemplation prayer and art Her images are both figurative and abstract she works in both black and white and color Animals figure prominently in her work as do dream figures and the artist herself in various manifestations Oftentimes her images relate journeys she has taken either on this earth or in waking or sleeping dreams Many times her paintings are accompanied by her own telling of these stories and as a writer Craighead has the ability to move us as deeply as her images do This retrospective conveys Craighead's enormous body of work over the past forty years It is a tribute to an important visionary a fine artist and an inspiring life Essays by Rosemary Davies a writer who first met Craighead at Stanbrook Abbey Virginia Beane Rutter a Jungian analyst and the author of *Embracing Persephone* and *Celebrating Girls* and Eugenia Parry an art historian and the author of numerous books and essays about art and photography discuss Meinrad Craighead's work with subtlety and insight **Meinrad Craighead , Drawn to the Word** Amanda Dillon, 2021-11-05 A unique study of lectionaries and graphic design as a site of biblical reception How artists portrayed the Bible in large canvas paintings is frequently the subject of scholarly exploration yet the presentation of biblical texts in contemporary graphic designs has been largely ignored In this book Amanda Dillon engages multimodal analysis a method of semiotic discourse to explore how visual composition texture color directionality framing angle representations and interactions produce potential meanings for biblical graphic designs Dillon focuses on the artworks of two American graphic designers the woodcuts designed by Meinrad Craighead for the Roman Catholic Sunday Missal and Nicholas Markell's illustrations for the worship books of the Evangelical Lutheran Church in America to present the merits of multimodal analysis for biblical reception history *The Myth of Matriarchal Prehistory* Cynthia Eller, 2001-04-13 According to the myth of matriarchal prehistory men and women lived together peacefully before recorded history Society was centered around women with their mysterious life giving powers and they were honored as incarnations and priestesses of the Great Goddess Then a transformation occurred and men thereafter dominated society Given the universality of patriarchy in recorded history this vision is understandably appealing for many women But does it have any basis in fact And as a myth does it work for the good of women Cynthia Eller traces the emergence of the feminist matriarchal myth explicates its functions and examines the evidence for and against a matriarchal prehistory Finally she explains why this vision of peaceful woman centered prehistory is something feminists should be wary of *Women's Leadership in Marginal Religions* Catherine Wessinger, 1993 Women's leadership in Spiritualism and Christian Science Ann Braude *The feminism of Universal Brotherhood* women in the Theosophical Movement Robert Ellwood and Catherine Wessinger Emma Curtis Hopkins a

Can Women Re-Image the Church? Rosemary Chinnici, 2004-06-23 Can Women Re Image the Church is a bold and provocative exploration for women within the church who feel alienated by traditional patriarchal theology This book speaks of a new vision a new way of thinking that incorporates the voices and thoughts of women within a theological world that understands and supports them Through a process called re imaging author Rosemary Chinnici separates the reality of the feminine experience from the centuries old and sometimes stilted beliefs that have been handed down to us She uses the principles of psychology that include women's voices and sets them in dialogue with feminist theology According to Chinnici every woman has the right and the authority to use her own experience as the basis for re imaging It is an ongoing and dynamic revelation that offers a positive gift to the community This work details the lives of four women Each tells her own story examines her own experience and speaks her own voice as she recognizes how and where traditional theology has shortchanged her In this examination of their crisis filled moments and subsequent anger guilt and alienation the reader is able to experience firsthand what the re imaging process involves This fine and accessible book is an indispensable resource for spiritual seekers willing to uncover and integrate into daily life the powerful insights of women in the church

many splendored God to whom the human community journeys Its pages offer sage direction for anyone who wants to improve the quality of his or her life as a pilgrim Experiencing God may well become a major pastoral contribution to the formation of a biblically and theologically sound contemporary theology New Catholic World Succeeds admirably in what it sets out to do to introduce lay Christians in a way that engages them personally to the rich resources which the Christian tradition offers those who seek a practical path for approaching God Those unacquainted with that tradition will find it most helpful but spiritual directors will also find here a useful readable resource for enriching their personal lives and ministry

Theological Studies A landmark Review and Expositor **The Uses of Darkness** Laurie Brands Gagné, 2000-08-31 Laurie Brands Gagn believes the image of God as stern Father or Judge has done much damage over the centuries and has engendered a sense of shame and guilt especially in women She sees our own civilization as one that is cut off from the natural world and from the precious part of ourselves that is earthy and sensual In *The Uses of Darkness* Women s Underworld Journeys Ancient and Modern Gagn explores women s journeys through the underworld to reclaim the wisdom and sensuality contained in these stories for heirs of the God the Father tradition She looks at the ancient stories of Inanna Demeter and Psyche and the reflections of these archetypal figures in the work of women such as Sylvia Plath Joan Didion Mary Gordon Virginia Woolf and Etty Hillesum to illustrate that the alternative tradition these journey stories represent has much to offer modern Christians Gagn successfully demonstrates that only by turning to confront the mystery that has been obscured by the image of God as stern Father or Judge can a woman raised in the Christian tradition acquire a sense of self strong enough to integrate experiences of profound loss Most importantly by drawing on the wisdom of the goddess tradition both men and women are able to effect a more meaningful reappropriation of Christianity Gagn s examination of the dark experience of the underworld in the goddess tradition discovers the elements of all spiritual journeys self transcendence followed by self transformation Anyone who has struggled with love and loss and whose spirit has been suppressed by the image of God as Judge yet who will not reject Christianity will benefit from this work
