Carmen Boullosa's Mejor Desaparece Christy Rodgers, 2008 **Contemporary Mexican Women Writers** Gabriella de Beer, 2010-06-28 Mexican women writers moved to the forefront of their country's literature in the twentieth century. Among those who began publishing in the 1970s and 1980s are Maria Luisa Puga, Silvia Molina, Brianda Domecq, Carmen Boullosa, and Angeles Mastretta. Sharing a range of affinities while maintaining distinctive voices and outlooks, these are the women whom Gabriella de Beer has chosen to profile in *Contemporary Mexican Women Writers*. De Beer takes a three-part approach to each writer. She opens with an essay that explores the writer's apprenticeship and discusses her major works. Next, she interviews each writer to learn about her background, writing, and view of herself and others. Finally, de Beer offers selections from the writer's work that have not been previously published in English translation. Each section concludes with a complete bibliographic listing of the writer's works and their English translations. These essays, interviews, and selections vividly recreate the experience of being with the writer and sharing her work, hearing her tell about and evaluate herself and reading the words she has written. The book will be rewarding reading for everyone who enjoys fine writing. **Los nuevos territorios** Federico Patán, 1992 **The Fragmented Novel in Mexico** Carol Clark D'Lugo, 2010-01-01 From Mariano Azuela's 1915 novel *Los de abajo* to Rosamar Roffiel's *Amora* of 1989, fragmented narrative has been one of the defining features of innovative Mexican fiction in the twentieth century. In this innovative study, Carol Clark D'Lugo examines fragmentation as a literary strategy that reflects the social and political fissures within modern Mexican society and introduces readers to a more participatory reading of texts. D'Lugo traces defining moments in the development of Mexican fiction and the role fragmentation plays in each. Some of the topics she covers are nationalist literature of the 1930s and 1940s, self-referential novels of the 1950s that focus on the process of reading and writing, the works of Carlos Fuentes, novels of *La Onda* that came out of rebellious 1960s Mexican youth culture, gay and lesbian fiction, and recent women's writings. With its sophisticated theoretical methodology that encompasses literature and society, this book serves as an admirable survey of the twentieth-century Mexican novel. It will be important reading for students of Latin American culture and history as well as literature. **Encyclopedia of Latin American Literature** Verity Smith, 1997-03-26 A comprehensive encyclopedic guide to the authors, works, and topics crucial to the literature of Central and South America and the Caribbean, the *Encyclopedia of Latin American Literature* includes over 400 entries written by experts in the field of Latin American studies. The Secret History of Gender Steve J. Stern,2000-11-09 In this study of gender relations in late colonial Mexico ca 1760 1821 Steve Stern analyzes the historical connections between gender power and politics in the lives of peasants Indians and other marginalized peoples Through vignettes of everyday life he challenges assumptions about gender relations and political culture in a patriarchal society He also reflects on continuity and change between late colonial times and the present and suggests a paradigm for understanding similar struggles over gender rights in Old Regime societies in Europe and the Americas Stern pursues three major arguments First he demonstrates that non elite women and men developed contending models of legitimate gender authority and that these differences sparked bitter struggles over gender right and obligation Second he reveals connections in language and social dynamics between disputes over legitimate authority in domestic and familial matters and disputes in the arenas of community and state power The result is a fresh interpretation of the gendered dynamics of peasant politics community and riot Third Stern examines regional and ethnocultural variation and finds that his analysis transcends particular locales and ethnic subgroupings within Mexico The historical arguments and conceptual sweep of Stern s book will inform not only students of Mexico and Latin America but also students of gender in the West and other world regions

Raymond Leslie Williams,2009-07-21 A Choice Magazine Outstanding Academic Book Spanish American novels of the Boom period 1962 1967 attracted a world readership to Latin American literature but Latin American writers had already been engaging in the modernist experiments of their North American and European counterparts since the turn of the twentieth century Indeed the desire to be modern is a constant preoccupation in twentieth century Spanish American literature and thus a very useful lens through which to view the century's novels In this pathfinding study Raymond L Williams offers the first complete analytical and critical overview of the Spanish American novel throughout the entire twentieth century Using the desire to be modern as his organizing principle he divides the century's novels into five periods and discusses the

differing forms that the modern took in each era For each period Williams begins with a broad overview of many novels literary contexts and some cultural debates followed by new readings of both canonical and significant non canonical novels A special feature of this book is its emphasis on women writers and other previously ignored and or marginalized authors including experimental and gay writers Williams also clarifies the legacy of the Boom the Postboom and the Postmodern as he introduces new writers and new novelistic trends of the 1990s *Femmenism and the Mexican Woman Intellectual from Sor Juana to Poniatowska* Emily Hind, 2010-10-11 Hind draws on poetry short stories plays novels photographs personal correspondence advertising and interviews to make visible the anti feminine tendencies in femmenism and to imagine a femmenism that will appeal to the next generation of women Culture and Customs of Mexico Peter Standish, Steven M. Lavery, 2010-04-16 The Boom Femenino in Mexico Reading Contemporary Women's Writing is a collection of essays that focuses on literary production by women in Mexico over the last three decades In its exploration of the boom femenino phenomenon the book traces the history of the earlier boom in Latin American culture and investigates the implications of the use of the same term in the context of contemporary women's writing from Mexico In this way it engages critically with the cultural historical and literary significance of the term illuminating the concept for a wide range of readers It is clear that the entry of so many women writers into an arena traditionally reserved for men has prompted discussion around concepts such as women's writing and the very definition of literature itself Many of the contributors grapple with the theoretical tensions that such debates provoke offering an important opportunity to think critically about the texts produced during this period and the ways in which they have impacted on the Mexican and international cultural spheres The project is comprehensive in its scope and for the first time brings together scholars from Mexico the U S and Europe in a transnational forum The book posits that despite certain aesthetic and thematic commonalities the increased output by women writers in Mexico cannot be appraised as a unified literary movement Instead it embraces a wide range of different generic forms and the subjects under study in the essays in the book include the best selling work of Angeles Mastretta Elena Poniatowska and Laura Esquivel as well as the social and political preoccupations of journalists Rosanna Reguillo and Cristina Pacheco Contributors offer readings of the aesthetic visions of writers as diverse as Carmen Boullosa Ana Garc a Bergua and Eve Gil while other essays examine the nuances of contemporary gender identity in the work of Ana Clavel Sabina Berman Brianda Domecq and Mar a Luisa Puga There are essays devoted to poetry by indigenous Mayan women and an analysis of the complex place of poetry within the broader framework of literary production The problems that emerge as a result of literary cataloguing based on gender politics are also considered at length in a number of essays that take a panoramic view of literary production over the period Various critical approaches are employed throughout and the collection as a whole demonstrates that academic interest in Mexican women's writing of the boom femenino is thriving Above all the essays here provide a space in which the location of women within prevailing cultural paradigms in Mexico and their role in the mapping of power in evolving textual canons may be interrogated It is clear from the collection that interest in such issues is still alive and that the debate is far from over
