Martin,Kathryn J. Strom,2019-03-01 Past research on gender and LGBTQ issues in K 12 and teacher education has primarily focused on identifying ways of fostering inclusive and affirmative school communities for non cis and or queer students and enabling learning contexts to promote academic learning Much of this work has attended to theorizing pedagogies and curricula conducive towards such an aim Yet despite legal advances for gender equity and LGBTQ rights in diverse global contexts and the increased visibility of LGBTQ issues in mainstream media non cis and queer individuals especially those of color continue to experience violence face housing discrimination employment discrimination and the denial of service in public businesses In light of the numerous growing conservative movements to not only roll back legal advances for LGBTQ individuals but to also promote a culture of homophobia and transphobia scholars must attend to the myriad ways in which members of the school community can counter such efforts and how the multiple facets of the educative experience can be conceptualized beyond a paradigm that continues to marginalize gender diverse and LGBTQ individuals This volume *Exploring Gender and LGBTQ Issues in K12 and Teacher Education* A Rainbow Assemblage edited by Adrian D Martin and Kathryn J Strom provides examples of empirical inquiries and theorizations that explore how schools can function as more than safe academic environments for gender diverse and LGBTQ students The contributing authors attend to classrooms and educative contexts as spaces that promote the affirmative inclusion of not only LGBTQ students but other education stakeholders as well with the aim to dismantle homophobia transphobia misogyny and other hate based ideologies The volume serves as an insightful and useful resource for educators teacher educators and education researchers engaged in inquiry and pedagogy towards systems of schooling unencumbered by heteronormativity other hate based ideologies with implications for future professional practice **A Moment in Time: Childhood Memories** Judy Prescott,2024-11-08 Melinda s journey begins in the bustling streets of Bristol where childhood memories of candy filled

August 12 1983 Judy Johnson called the police and told them her two year old son had been sexually abused at Virginia McMartin's Preschool in Manhattan Beach California Mrs Johnson accused a teacher Raymond Buckey After searching the school and the homes of the owners and teachers police distributed a letter to parents of children attending the McMartin Preschool urging them to ask their children if they had witnessed any acts of sexual molestation by Buckey The result was mass hysteria Although the children denied being molested or witnessing any molestations the D A's office began sending them to a private clinic to be interviewed by evaluators and examined by pediatricians Parents were then informed that every child who had attended the McMartin Preschool had been sexually abused which led to charges being filed against Virginia McMartin Peggy McMartin Buckey Raymond and Peggy Ann Buckey and three other teachers at the school During the

hearings children described how teachers had raped them forced them to engage in satanic rituals and slaughtered animals before their eyes The ensuing trial triggered a nationwide epidemic of child sexual abuse cases with allegations of infants being raped by devil worshippers and of blood sacrifices The McMartin trial itself clogged the courts for over seven years and cost taxpayers over sixteen million dollars None of the allegations were true Investigative journalists Paul and Shirley Eberle witnessed the McMartin Trial and uncovered stunning amounts of prosecutorial misconduct all revealed in this disturbing book *The Lycanthrope Club: Book II* Tristan Eifler, 2015-07-08 Up until a year ago Melinda Cooper was something of an outcast a skinny shy introverted teenage girl with few interests and even fewer friends Now she s the star player of her school s lacrosse team and counts the most popular girls in school as her allies What s her secret She s a werewolf So are most of her friends It s a long story However balancing a life of pep rallies and practice SATs with secret pack meetings and hunting trips has proven to be anything but easy Things were complicated enough when she was the only lycanthrope in town Now Melinda has to worry not only about her own welfare but that of her pack mates some of whom resent her self appointed leadership Add a new romantic interest who has no idea his girlfriend grows fangs every full moon and an unwilling convert to lycanthropy with secrets of her own and you have a recipe for disaster Adolescence has never been this wild Children's Book Review Service Children's Book Review Service, 1991 **The Junior Bookshelf** , 1990
