The Berimbau Eric A. Galm,2010-06-30 The Brazilian berimbau a musical bow is most commonly associated with the energetic martial art dance game of capoeira This study explores the berimbau s stature from the 1950s to the present in diverse musical genres including bossa nova samba reggae MPB Popular Brazilian Music electronic dance music Brazilian art music and more Berimbau music spans oral and recorded historical traditions connects Latin America to Africa juxtaposes the sacred and profane and unites nationally constructed notions of Brazilian identity across seemingly impenetrable barriers The Berimbau Soul of Brazilian Music is the first work that considers the berimbau beyond the context of capoeira and explores the bow s emergence as a national symbol Throughout this book engages and analyzes intersections of musical traditions in the Black Atlantic North American popular music and the rise of global jazz This book is an accessible introduction to Brazilian music for musicians Latin American scholars capoeira practitioners and other people who are interested in Brazil s music and culture Tracing Tangueros Kacey Link,Kristin Wendland,2016-01-29 Tracing Tangueros offers an inside view of Argentine tango music in the context of the growth and development of the art form s instrumental and stylistic innovations Rather than perpetuating the glamorous worldwide conceptions that often only reflect the tango that left Argentina nearly 100 years ago authors Kacey Link and Kristin Wendland trace tango s historical and stylistic musical

trajectory in Argentina beginning with the guardia nueva's crystallization of the genre in the 1920s moving through tango's Golden Age 1932-1955 and culminating with the Music of Buenos Aires today Through the transmission discussion examination and analysis of primary sources currently unavailable outside of Argentina including scores manuals of style archival audio video recordings and live video footage of performances and demonstrations Link and Wendland frame and define Argentine tango music as a distinct expression possessing its own musical legacy and characteristic musical elements Beginning by establishing a broad framework of the tango art form the book proceeds to move through twelve in depth profiles of representative tangueros tango musicians within the genre's historical and stylistic trajectory Through this focused examination of tangueros and their music Link and Wendland show how the dynamic Argentine tango grows from one tanguero linked to another and how the composition techniques and performance practices of each generation are informed by that of the past
