Prime Minister ✓

A.F.C. 91.

I enclose my copy, for return please, of a Report by the Security Service on the Soviet Union's attitude towards the Provisional Irish Republican Army.

2. The Prime Minister may like to glance at it.

3. The conclusion is that the main Soviet interest in the PIRA is one of propaganda; there is no evidence that the Soviet Union finances, arms, or influences Irish Army extremist groups. The Provisionals welcome Soviet Press interest in their activities but are wary of closer dealings with the Soviet Union.

Memo New Soviet Voices On Foreign Ec:

Palestine in EU and Russian Foreign Policy Malath Alagha, 2016-10-04 The establishment of a Palestinian state has long been a strategic objective of EU and Russian foreign policy in the Middle East However over a decade after the creation of the road map the establishment of an independent Palestinian state has still not been achieved Palestine in EU and Russian Foreign Policy uses the school of constructivism to provide a new understanding of EU and Russian foreign policy It explores the failure of these global actors to speed up the process of establishing a Palestinian state despite this being a strategic objective and top priority of their involvement in the Middle East peace process The book then analyses the role of identity and self other perception in the making of EU and Russian foreign policy towards the Middle East peace process It is argued that Palestinian statehood provides a telling empirical example of how and to what extent the search for global actorness as a matter of international identity informs foreign policy making by global actors The book then proceeds to discuss why the EU and Russia are so eager to be involved in initiating a peace settlement Offering a new understanding of foreign policy making by global players in Middle Eastern politics this book will appeal to students scholars and policymakers working in International Relations and European Russian and Middle Eastern studies *Business America* ,1989-12 Includes articles on international business opportunities *Documentation Internationale Du Travail* International Labour Office. Central Library and Documentation Branch,1990 *Foreign Commerce Weekly* United States. Department of Commerce,1960 **Foreign Relations of the United States** United States. Department of State,1948 **How to Lose the Information War** Nina Jankowicz,2020-06-11 Since the start of the Trump era the United States and the Western world has finally begun to wake up to the threat of online warfare and the attacks from Russia who flood social media with disinformation and circulate false and misleading information to fuel fake narratives and make the case for illegal warfare The question no one seems to be able to answer is what can the West do about it Central and Eastern European states including Ukraine and Poland however have been aware of the threat for years Nina Jankowicz has advised these governments on the front lines of the information war The lessons she learnt from that fight and from her attempts to get US congress to act make for essential reading *How to Lose the Information War* takes the reader on a journey through five Western governments responses to Russian information warfare tactics all of which have failed She journeys into the campaigns the Russian operatives run and shows how we can better understand the motivations behind these attacks and how to beat them Above all this book shows what is at stake the future of civil discourse and democracy and the value of truth itself *Foreign Commerce Weekly* ,1960 *Overseas Information Programs of the United States* United States. Congress. Senate. Committee on Foreign Relations,1953 *Daily Report, Foreign Radio Broadcasts* United States. Evolution of Asymmetric Alliances Andrea Leva,2023-10-24 Military alliances are a constant feature in international politics and a better understanding of them can directly impact world affairs This book examines why alliances endure or collapse As a distinctive feature it analyses asymmetric alliances focusing on the junior allies decision to continue or terminate a military agreement It deepens our knowledge of alliance cohesion and erosion investigating the relevance of the weaker side s preferences and behavior in alliance politics The author examines the literature on alliance persistence and termination and puts forward a theoretical model that helps interpret historical and contemporary cases in a way that is useful for expert researchers and non expert readers alike Orderly Change David M. Andrews,2011-03-15 The Bretton Woods Conference of 1944 resulted in the formation of the International Monetary Fund and World Bank and helped lay the foundation for an unprecedented expansion of international commerce Yet six decades later at the beginning of the twenty first century the central characteristics of the Bretton Woods system remain disputed and the subject of continuing public policy debate Relying on extensive access to IMF World Bank and other archives the authors show that the history of international monetary relations since Bretton Woods is one of orderly change that is change within a sturdy but supple framework Even during the years of fixed exchange rates very different practices characterized international monetary relations immediately after World War II during the 1950s and during the 1960s Later when the fixed exchange rate system collapsed underlying commitments to trade liberalization in the context of continuing national economic policy autonomy survived and even flourished However the resulting international economic order is now in grave danger the tension between states autonomy and their mutual openness has become acute as international monetary structures no longer appear capable of mediating between these objectives David M Andrews and the contributors to Orderly Change examine past transitions as a means of suggesting possible avenues for current and future policymaking The Helsinki Forum and East-West Scientific Exchange United States.
