*The Bookseller and the Stationery Trades' Journal*, 1887 Official organ of the book trade of the United Kingdom      **The Publishers' Circular and Booksellers' Record**, 1929      *Fixing the Musical* Douglas L. Reside, 2023 Thousands of shows have opened on Broadway Why do we remember some and not others The musical theatre repertory is not composed of titles popular in the theatre but by those with successful cast recordings movie versions or even illegal bootlegs on YouTube The shows audiences know and the texts and music they expect to hear when they attend a production are defined by media consumed at home more than by memories of performances witnessed in the theatre For example author Doug Reside shows that it is no accident that the serious book musical with a fixed score developed in the 1940s when commercially pressed and marketed record albums made it possible to record most of the score of a new musical in a fixed medium And Hamilton a musical with dense lyrics and revolutionary musical style would not have been as easily accessible to world audiences if most hadn't already had the opportunity to learn the score by listening to free digital streams of the original cast recording The technologies that made these media possible developed concurrently with and shaped the American musical as an art form Reside uncovers how the affordances and limitations of these technologies established a repertory of titles that are most frequently performed and defined by the texts used in these performances *Fixing the Musical* argues that the musicals we most remember are those which most effectively used their era's best recording and distribution technologies to document and share the work with those who would never see the original production on Broadway      *The Bookseller*, 1912 Official organ of the book trade of the United Kingdom      *The Publisher*, 1901      *Publishers' Circular and Booksellers' Record of British and Foreign Literature*, 1900      *Women of the Suffrage Movement: Memoirs & Biographies of the Most Influential Suffragettes* Jane Addams, Elizabeth Cady Stanton, Ida Husted Harper, Anna Howard Shaw, Millicent Garrett Fawcett, Emmeline Pankhurst, Alice Stone Blackwell, 2018-03-13 This meticulously edited collection presents the most prominent figures of the Women's suffrage movement in the United States of America and the United Kingdom Elizabeth Cady Stanton Susan B Anthony Emmeline Pankhurst Anna Howard Shaw Millicent Garrett Fawcett Jane Addams Lucy Stone Carrie Chapman Catt Alice Paul This edition includes as well the complete 6 volume history of the movement from its beginnings through the ratification of the Nineteenth Amendment to the U S Constitution which enfranchised women in the U S in 1920 Elizabeth Cady Stanton 1815 1902 was an American suffragist social activist abolitionist and leading figure of the early women's rights movement Susan Brownell Anthony 1820 1906 was an American social reformer and women's rights activist who played a pivotal role in the women's suffrage movement Emmeline Pankhurst 1858 1928 was a British political activist and leader of the British suffragette movement who helped women win the right to vote Anna Howard Shaw 1847 1919 was a leader of the women's suffrage movement in the United States She was also a physician and one of the first ordained female Methodist ministers in the United States Dame Millicent Garrett Fawcett 1847 1929 was a British feminist
