*Fictions of Femininity* Edith Sarra, 1999 The history of Japanese memoir literature began over a thousand years ago its greatest practitioners being women of the middle ranks whose literary talents won many of them positions as ladies in waiting at the Heian imperial court As female writers they both inhabited and helped create a discursive world obsessed with the arts of concealment and self display the perils and possibilities erotic political and literary of real and metaphorical peepholes As memoirists they were virtuosos in the exacting art of feminine self representation *Fictions of Femininity* explores the Heian memoirists creations of themselves in four texts Kagero nikki The Kagero Memoir after 974 Makura no soshi The Pillow Book after 994 Sarashina nikki The Sarashina Memoir after 1058 and Sanuki no suke nikki The Memoir of the Sanuki Assistant Handmaid after 1108 Essays on the individual memoirs pursue a dual interest asking how each text works as a rhetorical construct and how it reflects the author s negotiations with Heian fictions about women and writing Letting the memoirs themselves set the terms for exploring gender constructions *Fictions of Femininity* addresses a spectrum of related issues The reading of The Kagero Memoir probes two traditional avenues of feminine expression the writing of waka and the discourse of Buddhist nunhood Two essays on The Sarashina Memoir reveal a fine weave of literary

religious and autoerotic fantasies highlighting the intellectual gifts of a memoirist long misread as naive and girlish The essay on *The Memoir of the Sanuki Assistant Handmaid* examines the use of spirit possession as metaphor for commemorative writing tracing the balancing act its author performed in the midst of political intrigues at court The relationship between the memoir and voyeurism takes center stage in the closing essay on *The Pillow Book* which compares its author's treatment of the thematics of seeing and being seen with that of her chief rival Murasaki Shikibu creator of *The Tale of Genji* Taken together the essays in this book underscore the diversity of the Heian memoirists' responses to their roles as women and as writers in one of the most unusual epochs of Japanese history

**Licensing Entertainment** William B. Warner, 1998-09-10 Novels have been a respectable component of culture for so long that it is difficult for twentieth century observers to grasp the unease produced by novel reading in the eighteenth century William Warner shows how the earliest novels in Britain published in small format print media provoked early instances of the modern anxiety about the effects of new media on consumers Warner uncovers a buried and neglected history of the way in which the idea of the novel was shaped in response to a newly vigorous market in popular narratives In order to rein in the sexy and egotistical novel of amorous intrigue novelists and critics redefined the novel as morally respectable largely masculine in authorship national in character realistic in its claims and finally literary Warner considers early novelists in their role as entertainers and media workers and shows how the short erotic plot driven novels written by Behn Manley and Haywood came to be absorbed and overwritten by the popular novels of Defoe Richardson and Fielding Considering these novels as entertainment as well as literature Warner traces a different story one that redefines the terms within which the British novel is to be understood and replaces the literary history of the rise of the novel with a more inclusive cultural history
