Hunter and Trapper E. N. Woodcock, 2022-05-28 In *Fifty Years a Hunter and Trapper* E N Woodcock offers an evocative chronicle of his extensive experiences in the wilds of North America Blending autobiographical narrative with rich descriptive detail Woodcock s literary style is both informative and engaging providing a window into the rugged life of a hunter and trapper over half a century This work serves not only as a memoir but also as a critical exploration of the ecological landscapes he traversed the evolution of wildlife practices and the cultural implications of trapping within a rapidly industrializing America during his lifetime E N Woodcock s lifelong dedication to hunting and trapping coupled with his intimate relationship with nature forms the backbone of this compelling account His experiences reflect a bygone era when the American wilderness was revered and tales of survival were central to the collective narrative Woodcock s insights reveal not only his personal journey but also the broader environmental context including the changing attitudes towards conservation and the impact of human activity on wildlife This book is recommended for nature enthusiasts historians and anyone interested in the intricate dance between humanity and wilderness Woodcock s reflections provide a profound understanding of the skills challenges and philosophies of a life lived in harmony with the natural world making it an essential addition to the library of any outdoor adventurer

Traplines John Rember, 2009-07-01 In 1987 John Rember returned home to Sawtooth Valley where he had been brought up He returned out of a homing instinct the same forty acres that had sustained his family s horses had sustained a vision of a place where he belonged in the world a life where he could get up in the morning step out the door and catch dinner from the Salmon River But to his surprise he found that what was once familiar was now unfamiliar Everything might have looked the same to the horses that spring but to Rember this was no longer home In *Traplines* Rember recounts his experiences of growing up in a time when the fish were wild in the rivers horses were brought into the valley each spring from their winter pasture and electric light still seemed magical Today those same experiences no longer seem to possess the authenticity they once did In his journey home Rember discovers how the West both as a place in which to live and as a terrain of the imagination has been transformed And he wonders whether his recollections of what once was prevent him from understanding his past and appreciating what he found when he returned home In *Traplines* Rember excavates the hidden desires that color memory and shows us how once revealed they can allow us to understand anew the stories we tell ourselves

Hotchner, 2018-04-17 An intimate joy filled portrait and New York Times bestseller written by one of Hemingway's closest friends It is hard to imagine a better biography Life In 1948 A E Hotchner went to Cuba to ask Ernest Hemingway to write an article on The Future of Literature for Cosmopolitan magazine The article never materialized but from that first meeting at the El Floridita bar in Havana until Hemingway's death in 1961 Hotchner and the Nobel and Pulitzer Prize winning author developed a deep and abiding friendship They caroused in New York City and Rome ran with the bulls in Pamplona hunted in Idaho and fished the waters off Cuba Every time they got together Hemingway held forth on an astonishing variety of subjects from the art of the perfect daiquiri to Paris in the 1920s to his boyhood in Oak Park Illinois Thankfully Hotchner took it all down Papa Hemingway provides fascinating details about Hemingway's daily routine including the German army belt he wore and his habit of writing descriptive passages in longhand and dialogue on a typewriter and documents his memories of Gertrude Stein F Scott Fitzgerald Martha Gellhorn Marlene Dietrich and many of the twentieth century's most notable artists and celebrities In the literary icon's final years as his poor health began to affect his work Hotchner tenderly and honestly portrays Hemingway's valiant attempts to beat back the depression that would lead him to take his own life Deeply compassionate and highly entertaining this remarkable New York Times bestseller makes Hemingway live for us as nothing else has done The Wall Street Journal Turn Left at the Daisies E.

Deschambeault, 2017-08-04 In 1961 a small town WASP girl strives to protect her unborn baby and her honor in a conflict between her abusive sea captain father and her ambitious young lover who is determined to become a writer When Ann becomes pregnant nothing is clearer than that she cannot turn to her family She hides with Joseph in his university town and then in Puerto Rico they pretend to be married Tasting the sweetness of young life together they struggle with visions of a future as parents that would accommodate Joseph's aspiration to succeed The task is too great questions of character capacity for love and tolerance and readiness for parenthood remain unanswered Unable to reconcile family attitudes and their own differences and to take what they know to be the honorable course they see changes come about in themselves caused by guilt and resentment Joseph must make his way alone Ann releases their baby for adoption Haunted by the echoes of their decision Joseph and Ann part each heading toward an unexpected future The past is always with us will Ann find redemption or will she be forever trapped in regret for what might have been This honest poignant memoir will take you on a vivid achingly real journey to the painful tipping point of a world before the advent of feminism and social change

Critical Companion to William Faulkner A. Nicholas Fargnoli, Michael Golay, 2009 As I Lay Dying Light in August The Sound and the Fury Absalom Absalom The Bear and many others **Vivid Memories of an Interesting Life** Col. John H. Roush Jr., 2017-02-20 This volume presents a dramatic collection of significant combat experiences of seventy nine men in World War II as told from one combat veteran to another In the eighty six chapters are stories involving all the various

branches of combat service and all of the various theaters of war Within reminiscences veterans of dangerous encounters are much more apt to open up with details in discussions with men who have also experienced combat Many find it emotionally distressing to talk of the war with the general public or to recall the horrors of warfare This is not a history book nor any attempt to tell the big picture of grand campaigns Instead it is a collection of personal involvements in one at a time incidents of conflict Many ask what it was like in World War II for our conflicts in recent years have been vastly different It has been said that war has become and continues to be an intractable social phenomenon While some say its elimination is necessary to the survival of mankind we do not seem to have approached closer to that elimination in the sixty seven years since World War II ended Encounters of warfare remain a stark reality within the present era That being so perhaps we should read of what happened as recalled in the most vivid memories of men involved in the most overpowering conflict of modern warfare Sincerely John Roush

Cougars on the Cliff Maurice Hornocker, 2023-07-01 Maurice Hornocker is recognized worldwide as the first scientist to unravel the secrets of America's most enigmatic predator the mountain lion A story of redemption this book is a memoir about the never before told adventures challenges and controversies surrounding Hornocker's groundbreaking study of cougars in the remote reaches of the Idaho Primitive Area North America's biggest cat was once killed for bounty dollars slaughtered with impunity and driven toward extinction But today's cat of intrigue despite our lingering fears and

misconceptions has returned to much of its native range in the western United States and gained respect as a predator integral and necessary to wild ecosystems This turnaround was triggered by one man Maurice Hornocker Cougars on the Cliff recounts the early years of his research 1964 1973 when he tracked lions following a dog s nose and footprints in the snow before telemetry was available Hornocker was first to learn that mountain lions living in stable populations limit their own numbers through territoriality and a concept he called mutual avoidance This insight flew in the face of long held beliefs that cougars were prolific and wanton killers that needed to be controlled as vermin Thanks to Hornocker s work today cougars can be found throughout the West and have even started to reclaim their place in New England
