Memoirs Of An Aesthete 1939 1969:

Memoirs of an Aesthete Harold Mario Mitchell Acton, 1984 Western Queers in China David Emil Mungello, 2012
This unique work examines the role played by sexuality in the historical encounter between China and the West
Distinguished historian D E Mungello focuses especially on Western homosexuals who saw China as a place of escape from
the homophobia of Europe and North America His groundbreaking study traces the lives of two dozen men many previously
unknown to have same sex desire who fled to China and in the process influenced perceptions of Chinese culture to this day
This escapism engendered casual sexual encounters serious friendships and substantive intellectual rela Memoirs of an
Aesthete, 1939-1969 Harold Acton, 1971 Poet novelist historian RAF pilot traveled in a gay and lesbian milieu **The True
Story of Alice B. Toklas** Anna Linzie, 2006-04 In this original and intriguing study Anna Linzie examines three mid twentieth
century texts never before treated as interrelated in a book length work of literary criticism Gertrude Stein s The
Autobiography of Alice B Toklas 1933 and Alice B Toklas s The Alice B Toklas Cook Book 1954 and What Is Remembered
1963 Taking these three texts as intertexts or as an assemblage of the true story of Alice B Toklas Linzie challenges
assumptions about primary authorship and singular identity that have continued to limit lesbian and feminist rereadings of
autobiography as a genre and of Stein and Toklas as writers and historical figures The True Story of Alice B Toklas explores
how the concept of autobiography as a primarily referential genre is challenged and transformed in relation to
autobiographical texts written about the same person the same life but differently by different writers at different points in
time The concept of one true story is deconstructed in the process as Linzie modifies Homi K Bhabha s almost the same but
not quite not white for the purposes of this particular study as almost the same but not quite not straight The investigation
moves simultaneously on the planes of textuality and sexuality in order to provisionally articulate a lesbian autobiographical
subject in Linzie s reading of these three texts Linzie s study fills a gap in literary criticism where Stein s companion and her
work have been more or less neglected conceptualizing the Stein Toklas sexual textual relationship as fundamentally
reciprocal The True Story of Alice B Toklas provides a new critical perspective on Toklas as indispensable to Stein s literary
production a cultural laborer in her own right and a writer of her own books Making a significant contribution to recent
lesbian feminist reconceptualizations of the genre of autobiography this study will fascinate Stein and Toklas scholars as well
as those interested in queer and autobiography studies **Samuel Barber** Howard Pollack, 2023-04-04 A pivotal twentieth
century composer Samuel Barber earned a long list of honors and accolades that included two Pulitzer Prizes for Music and
the public support of conductors like Arturo Toscanini Serge Koussevitzky and Leonard Bernstein Barber s works have since
become standard concert repertoire and continue to flourish across high art and popular culture Acclaimed biographer
Howard Pollack Aaron Copland George Gershwin offers a multifaceted account of Barber s life and music while placing the
artist in his social and cultural milieu Born into a musical family Barber pursued his artistic ambitions from childhood Pollack

follows Barber's path from his precocious youth through a career where from the start the composer consistently received prizes, fellowships, and other recognition. Stylistic analyses of works like the Adagio for Strings, the Violin Concerto, Knoxville Summer of 1915 for voice and orchestra, the Piano Concerto, and the operas Vanessa and Antony and Cleopatra stand alongside revealing accounts of the music's commissioning, performance, reception, and legacy. Throughout Pollack weaves in accounts of Barber's encounters with colleagues like Aaron Copland and Francis Poulenc, performers from Eleanor Steber and Leontyne Price to Vladimir Horowitz and Van Cliburn, patrons, admirers, and a wide circle of eminent friends and acquaintances. He also provides an eloquent portrait of the composer's decades-long relationship with the renowned opera composer Gian Carlo Menotti. Informed by new interviews and immense archival research, Samuel Barber is a long-awaited critical and personal biography of a monumental figure in twentieth-century American music.

Dreamer's Journey Robert Greenfield, 2010. A kind of permanent expatriate and a unique figure in American literature, Frederic Prokosch remains largely unknown in his own country. Book Jacket.

The Victorians in the Rearview Mirror Simon Joyce, 2007. Simon Joyce examines heritage, culture, contemporary politics, and the neo-Dickensian novel to offer a more affirmative assessment of the Victorian legacy, one that lets us imagine a model of social interconnection and interdependence that has come under threat in today's politics and culture.

Recentering the World Ryan Martínez Mitchell, 2022-11-03. Recentering the World recovers a richly contextual, detailed history of Western-imposed legal structures in China, as well as engagements with international law by Chinese officials, jurists, and citizens. Beginning in the Late Qing era, it shows how international law functioned as a channel for power relations, techniques of economic domination, as well as novel forms of resistance. The book also radically diversifies traditionally Eurocentric accounts of modern international law's origins, demonstrating how by the mid-twentieth century Chinese jurists had made major contributions to international organizations and the UN system, the international judiciary, the laws of armed conflict, and more. Drawing on extensive archival research, this book is a valuable guide to China's often-conflicted role in international law, its reception, and contention of concepts of sovereignty, property, obligation, and autonomy, and its gradual move from the periphery to a shared spot at the center of global legal order.

Understanding World War 2 Combat Infantrymen In the European Theater: Testing the Sufficiency of Army Research Branch Surveys and Infantry Combatant Recollections Against the Insights of Credible War Correspondents, Combat Photographers, Army Cartoonists Peter Karsten, 2020-02-03. Merriam Press. World War 2 History. Most scholarship on the American role in the European Theater of Operations (ETO) during World War II has addressed the issues of strategy, campaign outcomes, command, leadership, and logistical support. Other research efforts have provided insights into the experiences of the individual combatants. Karsten offers a better grasp of these latter efforts, utilizing evidence that has been underutilized. What he asks in this unique work is whether the media, journalists, broadcasters, combat photographers, cartoonists, and artists in the ETO during WWII significantly improved our understanding of the world of the American
