Never Too Fast The Paul Tracy Story:

Never Too Fast Paul Ferriss, 2001-09 This book details the story of Paul Tracy and his rise through racing's minor leagues setting and breaking records as he went. At 17 he was racing cars with twice the horsepower of the family cars his friends were just learning to drive. Veteran team managers and drivers knew they were seeing someone special on the track: a quiet kid with the looks of a boy scout and the desire of a champion. Soon Tracy dominated kart racing, won at Can Am racing and ruled Indy Lights. He then stormed into the Championship Auto Racing Team circuit racing wheel to wheel with Emerson Fittipaldi and Mario Andretti. In those early races, even driving an underpowered car, Tracy proved he could run with the big boys. But Paul Tracy's success has come with its share of hardships. His aggressive driving style on the cart circuit has made almost as many enemies as fans. He's been criticized, penalized and vilified both on and off the track. Nevertheless, two things remain consistent: his desire to drive fast and his desire to win. **Canadian Books in Print. Author and Title Index**

, 1975 **The Chequered Past** David Anderson Charters, 2007-01-01 In the forty year period between 1951 and 1991 Canadian sports car competition underwent a massive change transforming itself from an amateur recreational pastime to a commercialized profession and from an individual sport to a spectacle for mass consumption. *The Chequered Past* is the story of the struggle over power and purpose within the Canadian auto sport that led to this transformation. The first comprehensive history of sports car racing and rallying in Canada, *The Chequered Past* traces the efforts of the national governing body, the Canadian Auto Sport Clubs (CASC), to bring its sports car competition up to a world class level and to manage the consequences of those efforts in the second half of the twentieth century. David Charters traces the social origins of the sport and the major trends that shaped it: professionalism, technological change, rising costs and the influence of commercial sponsors. Charters argues that while early enthusiasts set the sport on a course toward professionalism that would eventually produce world class Canadian events and racers, that course would also ultimately change the purpose of the sport from personal recreation to mass entertainment. As technological innovations drove up the costs of competing at the top ranks, racers were forced to rely on sponsors who commercialized and ultimately gained control of the sport. The end result, Charters argues, was the marginalization of the amateur competitor and of the CASC itself. Based on extensive research into the CASC's records and dozens of interviews with former competitors and officials, *The Chequered Past* opens a window into the rich but virtually unknown history of the auto sport and claims for it a place in Canadian sports history. **Index de Périodiques Canadiens**, 2001 **Canadian Books in Print**, 2003 **The Publishers Weekly**, 2003 **Canadian**

Books in Print 2002 Edited by Butler Marian, Marian Butler, 2002-02 Containing more than 48,000 titles of which approximately 4,000 have a 2001 imprint, the author and title index is extensively cross referenced. It offers a complete directory of Canadian publishers available listing the names and ISBN prefixes as well as the street, e-mail and web addresses.
