**One Hundred Frogs** Hiroaki Sato,1995-05-02 No other Asian poetic form has so intrigued and beguiled the English speaking world as the Japanese haiku Even before World War I such imagist poets as Ezra Pound Amy Lowell and John Gould Fletcher were experimenting with the form At that time Pound well described the haiku as an intellectual and emotional complex in an instant of time Indeed it is the haiku s sense of immediacy and its precision that continue to appeal to poets and poetry lovers today In recent decades there has been an upsurge of interest in the haiku leading to a number of critical studies of the form studies that have now culminated in the present book This insightful work not only considers the haiku itself but also the extremely important yet often ignored renga or linked verse form out of which the haiku grew No deep understanding of the haiku is possible without familiarity with the renga One

Hundred Frogs begins with a detailed history and description of the renga and haiku. Many renowned Japanese poets, most notably Basho, are represented in the wealth of translated poetry that illustrates the text. To bring this history up to date, a discussion of modern Japanese and Western haiku is included. Next, the author discusses the craft of translating renga and haiku and explores recent developments in the two forms, offering a representative selection of modern works. To reveal the myriad choices open to translators of renga and haiku, the author provides an in-depth analysis of one of Japan's most famous haiku, Basho's poem about a frog in a pond, and presents a compilation of over one hundred translations and variations of the poem. The book closes with short anthologies of English language renga and haiku by contemporary Western poets that offer a tantalizing glimpse of the diversity of expression possible with these two forms. An instructive celebration of the renga and haiku, this volume furnishes a new perspective on the work of some of Japan's outstanding poets of old and lays a foundation for the appreciation of the renga and haiku that are being written today.

**One Hundred Poems and the Brain** Henry Ryman Miner, 2023-12-19. About the Book: As Henry Ryman Miner began to grow older, he noticed a subtle increase in forgetfulness, like going to another room and forgetting what he came for. He began to undertake various forms of mental exercise in an effort to improve his memory, which led him to engage in the practice of memorizing and reciting favorite and newly discovered poems, a practice that he combined with cycling in the Oakland hills. Gradually, his collection of memorized verse grew to reach one hundred poems. Broken into three parts, Miner first details his process for memorization, explaining in detail his methods and strategies. In part two, he lists all one hundred poems and includes his thoughts on each, reflecting on its place in the chronology of his life. Now familiar with his personal process and poems, Miner, in part three, explains the science behind memory, memorization, and the brain, proving and disproving some of his own methods. In part one, a fascinating read on the realities of memory loss with aging and the power of poetry, Miner's *One Hundred Poems and the Brain* blends science and art into one engaging, thoughtful mental exercise.

**Love Poems from the Japanese** Sam Hamill, 2003. An introduction by the poet and translator Sam Hamill, the editor of this collection, and short biographies of the poets are included. **BOOK JACKET** **One Hundred More Poems from the Chinese**, 2014-04-10. An assemblage of delicate Chinese verse which delicately explores the worlds of love, nature, and meditation. *Love and the Turning Year* includes a selection from the Yueh Fu folk songs from the Six Dynasties Period, fourth to fifth centuries A.D. Most of the songs are simple, erotic lyrics. Some are attributed to legendary courtesans, while others may have been sung at harvest festivals or marriage celebrations. In addition to the folk songs, Rexroth offers a wide sampling of Chinese verse works by 60 different poets from the third century to our own time. Rexroth always translated Chinese poetry as he said, solely to please himself. And he created, with remarkable success, English versions which stand as poems in their own right. **One Hundred Leaves** *Blue Flute*, Frank Watson, 2012. A new translation complete with extensive notes, the original Japanese in calligraphic font, the pronunciation, and side-by-side art work illustrating each poem's theme. Page 4 of cover. **Pictures of the Heart** Joshua S.

Mostow, 1996-01-01 The Hyakunin Isshu or One Hundred Poets One Poem Each collection is a sequence of one hundred Japanese poems in the tanka form selected by the famous poet and scholar Fujiwara no Teika 1162-1241 and arranged in part to represent the history of Japanese poetry from the seventh century down to Teika's own day. The anthology is without doubt the most popular and widely known collection of poetry in Japan, a distinction it has maintained for hundreds of years. In this study Joshua Mostow challenges the idea of a final or authoritative reading of the Hyakunin Isshu and presents a refreshing persuasive case for a reception history of this seminal work. In addition to providing a new translation of this classic text and biographical information on each poet, Mostow examines issues relating to text and image that are central to the Japanese arts from the Heian into the early modern period. By using Edo period woodblock illustrations as pictorializations of the poems as pictures of the heart or meaning of the poems, text and image are pieced together in a holistic approach that will stand as a model for further research in the interrelationship between Japanese visual and verbal art.
