Foundations of American Education L. Dean Webb, Arlene Metha, Kenneth Forbis Jordan, 2007 Why is the understanding of the fundamentals of American education important to today's teachers Explore this book for answers to this fundamental question and gain an understanding of how the evolution of education impacts today's teaching and learning Become a highly qualified teacher by connecting theory and practice and by examining the philosophical and historical roots of education its current structures and the future of the field This 5th edition invites the reader to reflect on historical issues consider and respond to current educational issues and become a professional highly qualified teacher *Preparation for the PRAXIS 1: PPST® Exam* Arco Publishing, 2004-03 Featuring in depth subject review this handbook provides expert prep for the teacher certification exam required in 40 states **Excursions and Recursions** Brandon Sams, Jennifer Job, James C. Jupp, 2012-12-01 The Curriculum and Pedagogy book series is an enactment of the mission and values espoused by the Curriculum and Pedagogy Group an international educational organization serving those who share a common faith in democracy and a commitment to public moral leadership in schools and society Accordingly the mission of this series is to advance scholarship that engages critical dispositions towards curriculum and instruction educational empowerment individual and collectivized agency and social justice The purpose of the series is to create and nurture democratic spaces in education an aspect of educational thought that is frequently lacking in the extant literature often jettisoned via efforts to de politicize the study of education Rather than ignore these conversations this series offers the capacity for educational renewal and social change through scholarly research arts based projects social action academic enrichment and community engagement Authors will evidence their commitment to the principles of democracy transparency agency multicultural inclusion ethnic diversity gender and sexuality equity economic justice and international cooperation Furthermore these authors will contribute to the development of deeper critical insights into the historical political aesthetic cultural and institutional subtexts and contexts of curriculum that impact educational practices Believing that curriculum studies and the ethical conduct that is congruent with such studies must become part of the fabric of public life and classroom practices this book series brings together prose poetry and visual artistry from teachers professors graduate students early childhood leaders school administrators curriculum workers and planners museum and agency directors curators artists and various under represented groups in projects that interrogate curriculum and pedagogical theories [EJKM Volume 10 Issue 1](#) ,

Reconsidering Context in Language Assessment Janna Fox, Natasha Artemeva, 2022-04-06 This volume reconsiders the problem of context in language testing and other modes of assessment from the perspective of transdisciplinarity Transdisciplinary assessment research brings together collaborators who draw on the strengths of their differing backgrounds and expertise in order to address high stakes complex socially relevant problems Traditional treatments of context in language assessment research have generally been informed by individualist cognitive theories within

measurement and psychometrics The additive potential of alternative social theories including theories of genre situated learning distributed cognition and intercultural communication has largely been overlooked In this book the benefits of socio theoretical reconsiderations of context are discussed and further exemplified in transdisciplinary research studies that investigate the use of assessment in classroom and workplace settings The book offers a renewed view of context in arguments for the validity of assessment practices and will be of interest to assessment researchers practitioners and students in applied linguistics education educational psychology language testing and other related disciplines and fields

Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004 **Essentials of Evaluating Bias in Intelligence Testing** Craig L. Frisby,2025-03-25 Thorough overview of the history viewpoints and research findings of bias in intelligence testing Essentials of Evaluating Bias in Intelligence Testing delivers a comprehensive overview of potential biases that can come to light when making use of IQ tests across demographics detailing where bias can work its way into IQ test selection standardization content administration scoring and interpretation and providing key foundational knowledge on what IQ test bias is versus what it is not as well as the history of bias claims in recent decades Research findings are included throughout the book to provide key context Some of the topics discussed in this book include The Larry P v Wilson Riles trial decision of 1979 which prohibited the use of IQ tests for placing Black students in special education programs and its carryover to today The heritability of IQ scores the nature nurture issue and the role of IQ in the stratification of subpopulation groups in society Implicit assumptions within claims of standardization bias including that all population subgroups must display equal mean scores and that racial ethnic groups are internally homogeneous Essentials of Evaluating Bias in Intelligence Testing is an essential read for educators academics and administrators seeking to understand the full picture on IQ testing and its validity or lack thereof across different demographics *From Our Side* Nico Koopman,S. Strijbos,2008 From Our Side is a collaborative effort of younger scholars in southern Africa and the Netherlands who are interested in the relationship between development and ethics from a Christian point of view The 17 chapters that make up the book have been produced through a unique set of partnerships in which the authors have intentionally worked with practitioners who are working in the development arena The essays were also shared in a number of settings with the authors so that they have also benefited from this creative partnership process and these partnerships have embraced people in both the South and the North signalling a desire for a global dialogue led by Africa on matters which have a strong impact upon the continent *Digital participation and communication disorders across the lifespan* Petra Jaecks,Hendrike Frieg,Kristina Jonas,2024-05-17
