*Inclusion: A Principled Guide for School Leaders* Nicola Crossley, Des Hewitt, 2021-06-29. This valuable and accessible guide navigates school leaders and those in training through a number of key areas of inclusion, providing context and understanding, helpful definitions, examples of leadership in action and ten essential principles of inclusive leadership. *Inclusion: A Principled Guide for School Leaders* discusses what a culture of inclusion should look like in classes in schools and in the education sector more widely. Each chapter acts as a think piece to stimulate debate, to reflect upon the purpose of education and to ask how far we have come in embracing inclusion. The book also offers suggested actions for principled leaders and illustrative case studies to bring the theory to life, taken from a range of schools and spanning a wide number of topics including Inclusive Learning Partnerships with Learners and Families, Special Educational Needs, Disadvantage and Socio-Economic Poverty, Culture, Language and Ethnicity. This book explores a variety of issues in inclusion, highlighting the implications for school leaders and offering an approach to develop learning for marginal groups through effective strategic leadership. It will be essential reading for SENCOs, middle and senior leaders but equally of interest to those who aspire to be inclusive leaders of the future.

**A Practical Guide to Congenital Developmental Disorders and Learning Difficulties** Judith P. Hudson, 2014-04-24. To give children with congenital developmental conditions that manifest special learning needs and specific disabilities their best chance to succeed, early identification and appropriate interventions and support is necessary. This text highlights what to look for when there are concerns about a child's development. Practical and accessible, it is divided into three sections. Part 1 looks at the theory and policy context, discussing the social model of disability, the responsibility of health, social care and education services to the child and family, and the role of reviews and assessment in recognising developmental disorders. Part 2 provides a reference guide to atypical developmental conditions and disorders. For each condition, aetiology, prominent theories and research, profile of features

including triggers and behaviours diagnostic assessment procedures and appropriate interventions are given and links made to sources of further information and support Part 3 explores practical issues how to work sensitively and effectively with children and their families looking at the psychological implications of diagnosis and how to plan promote deliver and evaluate multi agency support Designed to support professionals working within a multi modal collaborative approach to assessment and intervention processes it is suitable for health visitors allied health therapists nurses teachers and social care practitioners It is also a useful reference for students in these areas learning about child development and includes critical reading exercises online searching tasks self assessment questions reflective activities and document analysis prompts

**Strategies to Promote Inclusive Practice** Richard Rose,Christina Tilstone,2003-08-29 This book considers current issues in the development of policies to promote inclusive education for pupils with special educational needs By examining issues from the perspective of individual pupils schools and local education authorities it raises critical commentary on the ways forward for a co ordinated approach to inclusion Strategies to Promote Inclusive Practice draws upon the experience and expertise of teachers policy makers and researchers who explore the many factors which need to be addressed in the development of a more inclusive education system The authors explore the link between theoretical perspectives and the production of policy as well as the potential for translating this into good classroom practice They provide examples of approaches which have proved successful in enabling pupils to become better equipped to address the needs of a wide range of pupils In considering the impact of recent policy legislation and research the authors suggest that several models of inclusion may be necessary in order to become an inclusive education system This book will be of interest to students teachers policy makers and researchers who are concerned to advance the debate on inclusion towards a more pragmatic approach to providing for all pupils with special needs It is a companion text to Promoting Inclusive Practice edited by Christine Tilstone Lani Florian and Richard Rose RoutledgeFalmer 1998 which was the joint winner of the 1999 TES NASEN Academic Book Award
