Presbyterian Heritage

Virginia F. Rainey

Presbyterian Heritage:

Presbyterian Heritage Alfred Mervyn Davies,1965 *Stewards of Our Heritage* Virginia F. Rainey,2002-01-01 This first history of the Presbyterian Historical Society is a thorough well researched presentation The Presbyterian Heritage Daily Devotional P. J. Southam,2006-04-21 Here is inspiration for each day of the year drawn from the Holy Bible and the Creeds Confessions and Catechisms of the Presbyterian Church This book follows the seasons of the Church year With easy short readings each day any Christian will be uplifted and gain a deeper understanding of what Presbyterians believe *Journal of Presbyterian History* ,1914 Black and Presbyterian Gayraud S. Wilmore,1983 **Presbyterians in South Carolina, 1925-1985** Nancy Snell Griffith,Charles E. Raynal,2016-09-12 The history of South Carolina Presbyterians between 1925 and 1985 covers a period of great development achieved through many difficulties in church and society We tell the story not only of the churches belonging to the PCUS sometimes called southern Presbyterians but also African American churches and institutions in South Carolina established after the Civil War by PCUSA missionaries from the North For all Presbyterians events between the World Wars challenged the moral stances birthed by Protestants to build a Christian America Women s right to vote came to the nation in 1920 but claiming equality of women s roles in mainline churches took decades of advocacy The Great Depression engulfed the whole nation eroding funds for churches missions and institutions World War II set the scene for a great period of church expansion When moral and cultural challenges came from the Civil Rights Movement and the war in Vietnam the church increasingly began to face these issues and tensions both theological and social as they arose among the members of historic denominations An effort began to reintegrate African American churches into the Synod of South Carolina As the Synod of South Carolina was taken up into a larger regional body in 1973 its more conservative churches began to withdraw from the PCUS Many congregations began to shrink and the resources for mission diminished In telling this story we hope to provide insights into how Presbyterians in South Carolina contributed to culture connecting their religious life and practices to a larger social setting May a fresh look at the recent past stir us to renewal ahead The Glory of Kings Peter J. Leithart,John Barach,2011-09-01 Over the past several decades Reformed theologian and biblical scholar James B Jordan has produced a unique body of work His electrifying commentaries and essays on Scripture along with his penetrating writings on Trinitarian theology liturgics music and culture have inspired a growing number of pastors and theologians In this Festschrift Jordan s friends and associates celebrate his contributions by applying his methods and insights to a range of biblical theological liturgical and cultural questions The Glory of Kings aims to bring Jordan s work to the attention of a wider audience and to introduce the work of a scholar that R R Reno has called one of the most important Christian intellectuals of our day *Presbyterians and American Culture* Bradley J. Longfield,2013-01-01 This book provides a history of Presbyterians in American culture from the early eighteenth to the late twentieth century Longfield assesses both the theological and cultural development of American Presbyterianism with particular focus on the

mainline tradition that is expressed most prominently in the Presbyterian Church U S A He explores how Presbyterian churches and individuals rooted in those churches influenced and were influenced by the values attitudes perspectives beliefs and ideals assumed by Americans in the course of American history The book will serve as an important introduction to Presbyterian history that will interest historians students and church leaders alike **The Last Segregated Hour**

Stephen R. Haynes, 2012-09-24 On Palm Sunday 1964 at the Second Presbyterian Church in Memphis a group of black and white students began a kneel in to protest the church s policy of segregation a protest that would continue in one form or another for more than a year and eventually force the church to open its doors to black worshippers In *The Last Segregated Hour* Stephen Haynes tells the story of this dramatic yet little studied tactic which was the strategy of choice for bringing attention to segregationist policies in Southern churches Kneel ins involved surprise visits to targeted churches usually during Easter season and often resulted in physical standoffs with resistant church people The spectacle of kneeling worshippers barred from entering churches made for a powerful image that invited both local and national media attention The Memphis kneel ins of 1964 65 were unique in that the protesters included white students from the local Presbyterian college Southwestern now Rhodes And because the protesting students presented themselves in groups that were mixed by race and gender white church members saw the visitations as a hostile provocation and responded with unprecedented efforts to end them But when Church officials pressured Southwestern president Peyton Rhodes to call off his students or risk financial reprisals he responded that Southwestern is not for sale Drawing on a wide range of sources including extensive interviews with the students who led the kneel ins Haynes tells an inspiring story that will appeal not only to scholars of religion and history but also to pastors and church people concerned about fostering racially diverse congregations Study Guide for the Re-Forming Tradition

Milton J. Coalter, John M. Mulder, Louis B. Weeks, 1992-01-01 This practical resource will assist individuals and adult groups in church school classes sessions and retreats by clarifying some of the major themes of each chapter in *The Re forming Tradition* Presbyterians and Mainstream Protestantism Study helps for the other volumes of *The Presbyterian Presence* The Twentieth Century Experience series are also included The writers offer excellent suggestions to spur discussion and list additional resources for further study Through its examination of American Presbyterianism the *Presbyterian Presence* series illuminates patterns of change in mainstream Protestantism and American religious and cultural life in the twentieth century *Encyclopedia of African American Religions* Larry G. Murphy, J. Gordon Melton, Gary L. Ward, 2013-11-20 Preceded by three introductory essays and a chronology of major events in black religious history from 1618 to 1991 this A Z encyclopedia includes three types of entries Biographical sketches of 773 African American religious leaders 341 entries on African American denominations and religious organizations including white churches with significant black memberships and educational institutions Topical articles on important aspects of African American religious life e g African American Christians during the Colonial Era Music in the African American

Church *Union Seminary Magazine* ,1894 *If the Lord Is Willing* Charles Rodenbough,2011-09 Historical novel based on life of Rev David and Rachel Craighead Caldwell His life spanned the Colonial period Revolution organization of a nation and forty five years of national independence ninety nine years plus On this stage of history he was a noted Presbyterian minister Revolutionary Constitutional delegate pre eminent educator medical doctor farmer miller and trained carpenter He was a friend and confidant of Governor Alexander Martin Andrew Jackson Dr Benjamin Rush and particularly of young men who would be the ministers doctors and political leaders of the young nation In everything his wife Rachel Craighead was his partner lover and sustainer *Making and remaking saints in nineteenth-century Britain* Gareth Atkins,2016-08-25 This book examines the place of saints and sanctity in a self consciously modern age and argues that Protestants were as fascinated by such figures as Catholics were Long after the mechanisms of canonisation had disappeared people continued not only to engage with the saints of the past but continued to make their own saints in all but name Just as strikingly it claims that devotional practices and language were not the property of orthodox Christians alone Making and remaking saints in the nineteenth century Britain explores for the first time how sainthood remained significant in this period both as an enduring institution and as a metaphor that could be transposed into unexpected contexts Each of the chapters in this volume focuses on the reception of a particular individual or group and together they will appeal to not only historians of religion but those concerned with material culture the cult of history and with the reshaping of British identities in an age of faith and doubt **The Oxford Dictionary of the Christian Church** Andrew Louth,2022-02-17 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church It contains over 6 500 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject from theology churches and denominations patristic scholarship and the bible to the church calendar and its organization popes archbishops other church leaders saints and mystics In this new edition great efforts have been made to increase and strengthen coverage of non Anglican denominations for example non Western European Christianity as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe In particular there have been extensive additions with regards to the Christian Church in Asia Africa Latin America North America and Australasia Significant updates have also been included on topics such as liturgy Canon Law recent international developments non Anglican missionary activity and the increasingly important area of moral and pastoral theology among many others Since its first appearance in 1957 the ODCC has established itself as an essential resource for ordinands clergy and members of religious orders and an invaluable tool for academics teachers and students of church history and theology as well as for the general reader **The Invisible Irish** Rankin Sherling,2015-11-01 In spite of the many historical studies of Irish Protestant migration to America in the eighteenth century there is a noted lack of study in the transatlantic migration of Irish Protestants in the nineteenth century The main hindrance in rectifying this gap has been

finding a method with which to approach a very difficult historiographical problem The Invisible Irish endeavours to fill this blank spot in the historical record Rankin Sherling imaginatively uses the various bits of available data to sketch the first outline of the shape of Irish Presbyterian migration to America in the nineteenth century Using the migration of Irish Presbyterian ministers as tracers of a larger migration Sherling demonstrates that eighteenth century migration of Protestants reveals much about the completely unknown nineteenth century migration An original and creative blueprint of Irish Presbyterian migration in the nineteenth century The Invisible Irish calls into question many of the assumptions that the history of Irish migration to America is built upon

Charles Hodge Paul C. Gutjahr,2011-03-02 Charles Hodge 1797 1878 was one of nineteenth century America s leading theologians owing in part to a lengthy teaching career voluminous writings and a faculty post at one of the nation s most influential schools Princeton Theological Seminary Surprisingly the only biography of this towering figure was written by his son just two years after his death Paul C Gutjahr s book is the first modern critical biography of a man some have called the Pope of Presbyterianism Hodge s legacy is especially important to American Presbyterians His brand of theological conservatism became vital in the 1920s as Princeton Seminary saw itself and its denomination split The conservative wing held unswervingly to the Old School tradition championed by Hodge and ultimately founded the breakaway Orthodox Presbyterian Church The views that Hodge developed refined and propagated helped shape many of the central traditions of twentieth and twenty first century American evangelicalism Hodge helped establish a profound reliance on the Bible among Evangelicals and he became one of the nation s most vocal proponents of biblical inerrancy Gutjahr s study reveals the exceptional depth breadth and longevity of Hodge s theological influence and illuminates the varied and complex nature of conservative American Protestantism

Covenanters in Canada Eldon Hay,2012-11-01 In The Covenanters in Canada Eldon Hay sheds light on a religious community often overlooked in the chronicle of Canadian history A group of religious and political dissenters who opposed the interference by the Stuart kings in the affairs of the Presbyterian Church of Scotland the Covenanter movement was small but had deep roots worthy of attention and respect This study of a resilient tradition of religious dissent reflects the value of variance in a genuinely pluralistic society The Covenanters objected to a ruler who was both the head of state and head of the church Tracing the theological and historical significance of the movement in Scotland Ireland and the United States Hay outlines the trials tribulations and triumphs of Covenanter missionaries in the Maritimes Upper and Lower Canada and the West Despite fierce opposition from rival denominations the Covenanters ultimately survived to carve a niche for themselves and develop a precarious relationship with other denominations and secular society a relationship that remains tenacious and tenuous A comprehensive study of a minority religious movement The Covenanters in Canada is an insightful perspective on the evolving relationship between small religious movements and the majority culture

The Oxford Handbook of Presbyterianism Gary Scott Smith,P.C. Kemeny,2019-07-08 Presbyterianism emerged during the sixteenth century

Protestant Reformation It spread from the British Isles to North America in the early eighteenth century During the nineteenth and twentieth centuries Presbyterian denominations grew throughout the world Today there are an estimated 35 million Presbyterians in dozens of countries The Oxford Handbook of Presbyterianism provides a state of the art reference tool written by leading scholars in the fields of religious studies and history These thirty five articles cover major facets of Presbyterian history theological beliefs worship practices ecclesiastical forms and structures as well as important ethical political and educational issues Eschewing parochial and sectarian triumphalism prominent scholars address their particular topics objectively and judiciously *Adventism Confronts Modernity* Robert J. Mayer, 2017-02-16 Many restorationist oriented associations like the Advent Christian Church often embrace two conflicting principles First they understand the Bible s inspiration and authority in a way that minimizes the importance and value of church tradition Second they give high value to individual autonomy both in biblical interpretation and in church governance *Adventism Confronts Modernity* describes what can happen when these principles conflict and make it difficult to resolve theological conflict This work begins by exploring the nineteenth century historical and theological roots of early Adventism with special attention to William Miller and the theological impact of the Great Disappointment the failed prediction of the early Adventists that Jesus Christ would return visibly in 1843 or 1844 Subsequent chapters explore the Fundamentalist Modernist controversies of the early twentieth century and focus on the impact of those events on the two colleges that trained Advent Christian clergy Aurora College now Aurora University and New England School of Theology later Berkshire Christian College After discussing theological reform efforts within the Protestant mainline and fundamentalist coalitions this book describes the conflicting views regarding the Bible s inspiration that emerged in the early twentieth century and their impact on the Advent Christian Church during the 1950s and 1960s It concludes that further reflection is needed on both the doctrine of Holy Scripture and how restorationist movements balance Christian theology with individual and congregational autonomy

Right here, we have countless book **Presbyterian Heritage** and collections to check out. We additionally meet the expense of variant types and as well as type of the books to browse. The pleasing book, fiction, history, novel, scientific research, as well as various additional sorts of books are readily genial here.

As this Presbyterian Heritage, it ends occurring mammal one of the favored book Presbyterian Heritage collections that we have. This is why you remain in the best website to see the incredible book to have.
