## **Preservation Of The Self In The Oldest Years With Implications For Practice:**

*Preservation of the Self in the Oldest Years* Sheldon S. Tobin, 1999 Furthermore Tobin's work bridges this expanding body of new knowledge into gerontologic practice for medical clinicians social workers gerontologic nurses and students of aging BOOK JACKET

*Handbook of the Clinical Psychology of Ageing* Robert T. Woods, Linda Clare, 2015-04-13 The first authoritative reference on clinical psychology and aging the *Handbook of the Clinical Psychology of Ageing* was universally regarded as a landmark publication when it was first published in 1996 Fully revised and updated the Second Edition retains the breadth of coverage of the original providing a complete and balanced picture of all areas of clinical research and practice with older people Contributions from the UK North America Scandinavia and Australia provide a broad overview of the psychology of aging psychological problems including depression anxiety psychosis and dementia the current social service context and assessment and intervention techniques

**Strategies for Therapy with the Elderly** Claire Brody, Vicki Semel, 2005-09-27 Newly revised and updated In this second edition Brody and Semel contend that meaningful and successful therapy can be accomplished with an aging population debunking the belief that the elderly can not pick up or put into practice newly acquired information Rather the way in which therapy with aging adults is approached may affect the way in which the therapist initially experiences and reacts to the client because of stereotypes about aging This book encompasses three major areas of work with elderly clients aged 60 years and older Living in nursing homes Living in assisted living housing while participating in community oriented activities for the aged Living independently and being seen in private practice It comprises a variety of approaches ranging from eclectic small group formats for nursing home residents group and individual counseling in assisted living settings and home care for the elderly to psychoanalytic therapy techniques in private practice Illustrative case examples used throughout the book bring to life successful strategies and interventions New areas of focus include Treatment of stress and mental disorders Alzheimer's disease Caregiving issues at home Expanded information on Medicare coverage issues

**Aging and Development** Peter G. Coleman, Ann O'Hanlon, 2017-02-03 The psychology of aging usually focuses upon cognitive changes with a particular focus on dementia and other forms of cognitive decline But getting older is about more than simply changes to the brain and related health issues Changes to our social and emotional lives are also hugely significant as we adapt across our lifespan The second edition of *Aging and Development* is the only textbook available that responds to the growing interest in social personal and emotional development in older age Ideally suited to complement texts on cognitive change the book provides a holistic developmental perspective on aging It highlights a range of issues including the development of personal meaning and spirituality improvements in emotional control uses of reminiscence and life review the importance of healthy attitudes to aging as well as the maintenance of close personal relationships It does not avoid the difficult issues of late life decline but illustrates how even in circumstances of physical and mental frailty a positive sense of self can be created and enhanced

Fully updated to provide the most cutting edge overview on this burgeoning topic of interest Aging and Development includes a glossary and list of useful websites both on the study of gerontology and the psychology of aging It will be essential reading for all students of developmental psychology as well as anyone either training to work or already working with older people

**Adulthood and Aging** Dr. Vern L. Bengtson, PhD, 1996-07-03 In this volume distinguished scholars explore and apply the theoretical models of continuity and discontinuity to their research in adult development The chapters address the different ways in which continuity is affected by change over the life course as well as how individuals negotiate and maintain crucial continuities by adaptive change Topics include adult life crises illness sibling relationships and gender identity Each chapter is followed by an insightful commentary This book is a tribute to Bernice L Neugarten for her contributions to the field of adult development which includes the concept of continuities Contributors include W Andrew Achenbaum Robert H Binstock James Birren Bertram J Cohler Margaret Hellie Huyck Boaz Kahana Eva Kahana Sheldon S Tobin Lillian E Troll Steven H Zarit and others
