Steam Lorries Anthony Coulls,2020-09-15 Titans of the road steam lorries were a key part of the road haulage scene before the Second World War They eventually lost out to diesel but their romance lives on This is their story British Lorries 1900-1945 S. W. Stevens-Stratten,2019-08-15 A concise history of more than forty lorry manufacturers and their products from the first half of the twentieth century **Preserved Lorries** Keith Anthony Jenkinson,1977 **Lorries in Britain: The 1980s** Carl Johnson,2022-09-15 With rare and previously unpublished images showcasing the 1980s lorry scene throughout Great Britain *AEC Lorries* Bill Reid,2016-12-15 A well illustrated look back at AEC lorries *Lorries of Arabia: The ERF NGC* Robert Hackford,2015-03-25 This book is a tribute to ERF s world class long hauler especially the Middle East examples and to those who drove them What did the ERF NGCs look like How well did they perform Where did they venture What were they like to drive and to live in And where did they stand in ERF s contribution to Britain s place in the history of the TIR trail Left hand drive ERFs were perhaps one of the more beguiling elements in the exotic pageantry of 1970s Middle East trucking and this particular model earned a reputation for excellent performance in the mountains a theme that runs throughout this book The vision of these magnificent machines hauling articulated road trains over the Saudi mountains in Trans Arabia livery is a treat From Moorlands to Highlands: A History of Harris & Miners and Brian Harris Transport John Corah,2021-01-01 This book follows the history and development of Brian Harris Transport Limited the original red green and yellow liveried lorries that made the trek between Devon and Scotland at regular intervals for over fifty years In 1946 Brian s father Jerry and Sam Miners formed Harris with their fleet of two Ford trucks and one Commertipper these two men took on the ultimate haulage challenge of the time road vs train The outcome was that Harris Miners were offered a contract to haul Devon Grate Candy fire surrounds to Glasgow in 1947 Young Brian Harris began driving for his father in an Albion Chieftain in 1960 When Jerry Harris passed Brian bought out the Miners family and the company became Brian Harris Transport Limited With his fleet of ERF lorries fitted with Gardner engines Brian set about running the company in a way only understood by him Over the course of its existence the company utilized a vast quantity of magnificent machines including the first ERF A series in that area the Leyland Roadtrain and one Leyland DAF Brian Harris died in April 2012 and his funeral was attended by over 600 people from all over the UK This new edition gives an update to the events that have taken place since the second edition was published in 2007 including the eulogy given by the author at the funeral as well as 82 previously unpublished photographs Subject Transportation Bonnie Scottish Trucks: A Celebration of Scottish Style Bill Reid,2016-12-01 Traditional Scottish liveries have long featured combinations of tartans thistles stags piper and monograms on a strong background colour Bonnie Scottish Trucks brings together 231 high quality photos of trucks operated by past and present Scottish companies small firms and owner drivers who have used their vehicles as a means of attracting the eye of potential customers and as a matter of pride in the presentation of their business

To emphasise the ownership and purpose of the vehicle the user's name is emblazoned on the front and sides in shade lettering leaving the onlooker in no doubt. Although not exclusive to Scotland this treatment seems to have been more prolific and has stood the test of time in Scotland. The beautiful vehicles featured in this book were spotted by author Bill Reid around the country in towns, in cattle markets, on the road, and anywhere else trucks or lorries can be found. This striking collection will appeal to drivers, road transport enthusiasts, and in particular those with an interest in vintage commercial vehicles.

Bus Preservation & Rallies Malcolm Batten, 2023-06-30 The preservation of our transport heritage is something that the British excel at. The Buses magazine Museum Rally Guide 2020/21 lists forty museums in the United Kingdom plus one in the Republic of Ireland with collections of buses and sometimes trams or trolleybuses amongst their exhibits. The rally calendar section lists hundreds of events taking part every year. This has all developed since the 1950s. Prior to this a few far-sighted companies such as The London General Omnibus Company later London Transport had put aside some old vehicles but they were not on regular display. Private preservation started in the 1950s and the first clubs for preservationists were established such as the Historic Commercial Vehicle Club in 1958. A few early events were held but the first regular event was the HCVC now HCVS London to Brighton Run which began in 1962 and has continued ever since. Museum sites were established in the 1960s. The Museum of British Transport opened in stages between 1961 and 1963 and would lead eventually to the London Transport Museum. The East Anglian Transport Museum at Carlton Colville and the Sandtoft Transport Centre both opened in the 1960s. But it would be the 1970s when the rallies and Open Days we know today really began to take off. This book looks back at the formative years to 1980 when the seeds of the preservation and rally movement of today were being sown.

Commer Vehicles Bill Reid, 2017-07-15 A look at Commer vehicles. *The Writing's on the Truck* John Corah, 2019-10-01 The Writing's on the Truck is a pictorial look at the traditional art of signwriting on commercial vehicles by renowned signwriter John Corah. John began signwriting in 1982 working for Brian Harris Transport Ltd. Brian's well-turned out trucks were regularly seen on the roads between the Southwest and the North of Scotland and with this excellent showcase for his skills John quickly built up a large customer base. Since then he has written on ERFs, Leylands, Guys, Fodens, Atkinsons, Albions, and AECs to name but a few, and he is responsible for the distinctive livery of a number of traditional family-run haulage companies. In some cases he worked on the vehicles when brand new and then again when restored some 20-30 years later. Sadly many of the once familiar and iconic companies have disappeared over the years and today computer-generated vinyl lettering has almost completely taken over the art, and few modern fleets are signwritten. The Writing's on the Truck includes 210 fully captioned and previously unpublished photos of the vehicles he worked on, many of which will be remembered by transport fans UK-wide. The book tells the story of the development of John's business, the methods he uses to create particular effects, and numerous anecdotes from his working life. It will be of interest to anyone involved with road haulage and the preservation of classic trucks.
