Anatomy and Embalming A Treatise on the Science and Art of Embalming the Latest and Most Successful Methods of Treatment and the General Anatomy Relating to This Subject This book is the result of many years of contact with embalmers in training and in practice We have included in this work a crystallization of essential information without which the embalmer must be poorly equipped to carry out the many duties incident to his calling in a manner satisfactory to his patrons and to himself Having been thrown in contact with the many problems surrounding the education of the embalmer the authors have gained many ideas as to just how to place the information before the embalmer so that the result will be reflected in an increased capacity for good work on the part of the individual embalmer About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Essentials of Anatomy, Sanitary Science and Embalming* A. Johnson Dodge,2017-05-20 Excerpt from *The Essentials of Anatomy Sanitary Science and Embalming A Series of Questions and Answers on the Subject of Embalming and Collateral Sciences Including All of the Essentials and None of the Non Essentials of These Sciences* Most of the questions asked of the funeral director have been answered by myself from personal experience and observation while some have been suggested by friends who are practical men of high standing in the profession They will be found very valuable to the amateur funeral director and undertaker The questions on Sanitary Science Disinfection and Disinfectants have been arranged in order and cover every question that can in fairness be asked by any examining board and the answers have been so worded as to convey to the student all the information necessary in the pursuit of that part of his calling relating to sanitation and disinfection and to enable him to convince the board that he is possessed of a sufficient knowledge of sanitary science so important a part Of the education of the professional funeral director and embalmer Much more information can be gained by one day's study of this part of the work than can be obtained in a week by the perusal of the voluminous complicated
