Michel Rosenfeld, András Sajó

Presidency And Political Science Two Hundred Years Of Constitutional Debate:

The Presidency and Political Science Raymond Tatalovich, Thomas S. Engeman, 2003-07-29 This is the first book to survey the intellectual history of presidential scholarship from the Founding to the late 20th century Reviewing the work of over sixty thinkers including Alexander Hamilton Thomas Jefferson Woodrow Wilson Richard Neustadt James McGregor Burns and Theodore Lowi the authors identify six central questions the answers to which can help form a theory of presidential power Does presidential power derive from the prerogatives of office or from incumbency Does presidential influence depend upon force of personality rhetorical leadership or partisanship Does presidential leadership depend upon historical context or is regime building manifested through political institutional and constitutional developments Does presidential leadership vary between domestic and foreign affairs Does the president actively or passively engage the legislative process and promote a policy agenda Does the organization of the executive branch service presidential leadership Arguing that three paradigms have dominated the history of presidential scholarship Hamiltonianism Jeffersonianism and Progressivism the authors conclude that today s understanding of the presidency is characterized by a new realism and old idealism This book will appeal to students and scholars as well as to general readers with an interest in the American Speaking with the People's Voice Jeffrey P. Mehltretter Drury, 2014-03-03 The role of public opinion in presidency American democracy has been a central concern of scholars who frequently examine how public opinion influences policy makers and how politicians especially presidents try to shape public opinion But in Speaking with the People's Voice How Presidents Invoke Public Opinion Jeffrey P Mehltretter Drury asks a different question that adds an important new dimension to the study of public opinion How do presidents rhetorically use public opinion in their speeches In a careful analysis supported by case studies and discrete examples Drury develops the concept of invoked public opinion to study the modern presidents use of public opinion as a rhetorical resource He defines the term as the rhetorical representation of the beliefs and values of US citizens Speaking with the People's Voice considers both the strategic and democratic value of invoked public opinion by analyzing how modern presidents argumentatively deploy references to the beliefs and values of US citizens as persuasive appeals as well as acts of political representation in their nationally televised speeches Constitutional Convention of 1787 John R. Vile, 2005-06-24 The first encyclopedic treatment of the personalities politics and events involved in drafting the U S Constitution This comprehensive treatment of all the personalities philosophies debates and compromises involved in drafting the U S Constitution is the first encyclopedic work on the subject compiling information into an easily accessible A Z format Biographies of all 55 delegates analysis of the competing political viewpoints procedural and substantive disputes along with a host of other details are all presented here Both the detail and the scholarship in this book are unmatched in any other work the encyclopedic presentation simply does not exist elsewhere Civil liberties the scope of authority of the three branches of government and other constitutional matters are increasingly at the

forefront of public discussion Scholars citizens interested in self education and reference librarians faced with questions about the Constitution will find in this book all they require to answer their needs Politically Incorrect Guide to the Presidents Steven F. Hayward, 2012-02-13 Larry Schweikart a retired history professor is ready to set the record straight on the American presidents He goes through each of the first 26 presidents from Washington to Taft and debunks myths lies and fake news made fact by the uninformed Discover why George Washington favored American isolationism James Madison supported states rights what Lincoln promised to Southerners about fugitive slaves and why nineteenth century presidents were the last to understand the true role of government So what made these presidents so much better than the ones America has now Schweikart argues that recent commanders in chief have welcomed crises to advance their own partisan agenda defied the separation of powers the Founders carefully constructed to preserve the Republic and given us every reason to doubt they take the country's interests to heart The Cult of the Presidency Gene Healy, 2024-09-10 The modern presidency has become the central fault line of polarization in America because the president increasingly has the power to reshape vast swaths of American life In The Cult of the Presidency Gene Healy argues that We the People are to blame Americans on each side of the red blue divide demand a president who can create jobs teach our children well tend to the national soul and vanguish their culture war enemies Our political culture has invested the office with preposterously vast responsibilities and as a result the officeholder wields powers that no human being ought to have In a new preface to the 2024 edition Healy argues that the rise of partisan hatred lends new urgency to the cause of re limiting executive power In the years since Cult was first published politics has gone feral with polls showing that substantial majorities of Democrats and Republicans view members of the other party as a serious threat to the United States and its people At the same time the most powerful office in the world has grown even more so That's raised the stakes of our political differences dramatically the issues that divide us most are now increasingly settled by whichever party manages to seize the office In our partisan myopia we ve laid down the infrastructure for autocratic rule and sectarian warfare making the presidency powerful enough to tear the country apart Interweaving historical scholarship legal analysis and trenchant cultural commentary The Cult of the Presidency traces America's decades long drift from the Framers vision for the presidency a constitutionally constrained chief magistrate charged with faithful execution of the laws Restoring that vision will require a Congress and a Court willing to check executive power but Healy emphasizes that there is no simple legislative or judicial fix Unless Americans change what we ask of the office no longer demanding what we should not want and cannot have we ll get what in a sense we Ralph Ellison and the Raft of Hope Lucas E. Morel, 2021-05-11 This superb essay collection enables readers of deserve Invisible Man to appreciate the subtleties of its cultural and political commentary Journal of American Studies An important collection of original essays that examine how Ellison's landmark novel Invisible Man 1952 addresses the social cultural political economic and racial contradictions of America Commenting on the significance of Mark Twain's writings Ralph

Ellison wrote that a novel could be fashioned as a raft of hope perception and entertainment that might help keep us afloat as we tried to negotiate the snags and whirlpools that mark our nation s vacillating course toward and away from the democratic ideal Ellison believed it was the contradiction between America's noble ideals and the actualities of our conduct that inspired the most profound literature the American novel at its best Drawing from the fields of literature politics law and history the contributors make visible the political and ethical terms of Invisible Man while also illuminating Ellison's understanding of democracy and art Ralph Ellison and the Raft of Hope uniquely demonstrates why Invisible Man stands as a premier literary meditation on American democracy Essential reading for anyone interested in understanding Ellison's political thought Lawrence Jackson author of Ralph Ellison Emergence of Genius Outstanding Provides an interdisciplinary perspective of the politics of the book Lexington Herald Leader These essays demonstrate that a great work of art has the capacity to renew itself across generations Pamela K Jensen Kenyon College This careful study of Ellison's great novel is highly recommended for all serious students of American and African American literature African American Review

African American Perspectives on Political Science Wilbur Rich, 2007-01-15 Race matters in both national and international politics Starting from this perspective African American Perspectives on Political Science presents original essays from leading African American political scientists Collectively they evaluate the discipline its subfields the quality of race related research and omissions in the literature They argue that because Americans do not fully understand the many faceted issues of race in politics in their own country they find it difficult to comprehend ethnic and racial disputes in other countries as well In addition partly because there are so few African Americans in the field political science faces a danger of unconscious insularity in methodology and outlook Contributors argue that the discipline needs multiple perspectives to prevent it from developing blind spots Taken as a whole these essays argue with great urgency that African American political scientists have a unique opportunity and a special responsibility to rethink the canon the norms and the directions of Race in Ralph Ellison's Invisible Man Hayley Mitchell Haugen, 2011-11-21 Addressing topics such as black the discipline nationalism racism and identity Ralph Ellison's Invisible Man first published in 1952 has become a primary text in the discussion of racial politics and black identity in America This compelling edition examines Ellison's Invisible Man through the lens of race providing readers with a series of essays that expand upon topics such as black radicalism racial justice and sexual taboo as it relates to the novel The text also features contemporary perspectives on race urging readers to link the themes of the text to the issues of the present Lincoln and the Politics of Christian Love Grant N. Havers, 2009-11-13 America has seen faith based initiatives and the audacity of hope in twenty first century politics but few participants in our political scene have invoked the other Christian virtue of charity as a guiding principle Abraham Lincoln extolled the merit of loving thy neighbor as thyself especially as a critique of the hypocrisy of slavery but a discussion of Christian love is noticeably absent from today s debates about religion and democracy In this provocative book Grant Havers argues that

charity is a central tenet of what Lincoln once called America's political religion He explores the implications of making Christian love the highest moral standard for American democracy showing how Lincoln's legacy demands that a true democracy be charitable toward all and that only a people who lived according to such ideals could succeed in building democracy as Lincoln understood it Havers argues that it is simplistic to conflate Lincoln s invocation of with charity for all with his abiding support for the ideal of human equality The ethic of charity in his view also brought a uniquely Christian realism to the universalism of democracy He also describes how since World War I intellectuals and political leaders have denied that there exists a necessary relation between democracy and Christian love proposing that democracy is sufficiently ethical without reliance on a specific religious tradition Today's neoconservatives and liberals instead posit a universal yearning for democracy that requires no foundation in the ethic of charity Havers shows that this democratic universalism espoused by those who believe a chosen people should uphold the natural rights of humanity is alien to the sober thought of both the founders and Lincoln This carefully argued work defends Lincoln's understanding of charity as essential to democracy while emphasizing the difficulty of fusing this ethic with the desire to spread democracy to people who do not share America's Christian heritage In considering the prospect of America's leaders rediscovering a moral foreign policy based on charity rather than the costly idolization of democracy Lincoln and the Politics of Christian Love makes a timely contribution to the wider debate over both the meaning of religion in American politics and the mission of America in the world and opens a new window on Lincoln's lasting legacy The Oxford Handbook of Comparative Constitutional Law Michel Rosenfeld, András Sajó, 2012-05-17 A comprehensive reference resource on comparative constitutional law this title examines the history and development of the discipline its core concepts institutions rights and emerging trends

Debating the Presidency Richard J. Ellis, Michael Nelson, 2019-12-20 The study of the presidency the power of the office the evolution of the executive as an institution the men who have served has generated a great body of research and scholarship What better way to get students to grapple with the ideas of the literature than through conflicting perspectives on some of the most pivotal issues facing the modern presidency Richard Ellis and Michael Nelson have once again assembled a cadre of top scholars to offer a series of pro con essays that will inspire spirited debate beyond the pages of the book Each essay written in the form of a debate resolution offers a compelling yet concise view on the American executive

Thomas Jefferson and Executive Power Jeremy D. Bailey,2007-07-09 By revisiting Thomas Jefferson's understanding of executive power this book offers a new understanding of the origins of presidential power Before Jefferson was elected president he arrived at a way to resolve the tension between constitutionalism and executive power Because his solution would preserve a strict interpretation of the Constitution as well as transform the precedents left by his Federalist predecessors it provided an alternative to Alexander Hamilton's understanding of executive power In fact a more thorough account of Jefferson's political career suggests that Jefferson envisioned an executive that was powerful or energetic because

it would be more explicitly attached to the majority will Jefferson's Revolution of 1800 often portrayed as a reversal of the strong presidency was itself premised on energy in the executive and was part of Jefferson's project to enable the Constitution to survive and even flourish in a world governed by necessity Panorama of a Presidency Steven E Schier, 2014-12-18 As the controversial presidency of George W Bush draws to a close this work provides the first dispassionate even handed assessment of Bush's years in office Widely respected scholar and author Steven E Schier goes beyond the perspective of contemporary political commentary and draws on wide ranging literature about presidential history and strategy to carefully identify both the unique and the familiar aspects of George W Bush s presidency Panorama of a Presidency examines Bush s innovative electoral and governing strategies ambitious foreign and domestic policy initiatives and the bitterly divisive consequences of his mode of governance As the first analysis to place the George W Bush presidency in a broad historical and theoretical context the book will be an essential foundation for any future studies on the Politically Incorrect Guide to the Presidents, Part 2 Steven F. Hayward, 2017-01-09 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country High Risk And Big **Ambition** Steven E. Schier, 2004-05-30 Elected with no clear public mandate George W Bush achieved surprising legislative successes in his early months in the White House Following September 11 2001 his public support rose to unprecedented heights Actions taken in the following months and years have revealed the exceptionally ambitious nature of the Bush presidency High Risk and Big Ambition brings together leading presidency scholars and journalists to assess the trajectory and character of Bush s time in office The common theme running through their contributions is that this presidency is best characterized by a series of bold political and policy risks in the service of two primary goals the transformation of American foreign policy and the creation of a lasting Republican dominance of domestic politics Included are discussions of foreign policy national security the war in Iraq Bush s leadership style religious politics and economic policy George W Bush emerges as an orthodox innovator who skillfully deploys both personal politics and the power of his office in an effort to complete the conservative governmental agenda initiated by Ronald Reagan Yet because of the size of his ambitions each success sets up a greater risk of failure That alone makes his presidency one of the most interesting and consequential in decades The **Isolated Presidency** Jordan T. Cash, 2023-10-03 How powerful is the President of the United States In The Isolated Presidency Jordan T Cash re frames this question to instead ask what authority is available to all presidents Drawing on the Constitution itself Cash argues that the presidency possesses an internal logic derived from its structure duties and powers which not only grants the president a unique institutional perspective but also provides the president with considerable agency and discretion in pursuing his agenda Through three case studies of isolated presidents presidents who were unelected faced divided government and were opposed by major factions of their own political parties Cash provides lessons and examples of what constitutionally derived actions a president can take when confronted with the recurring issues of

divided government and political gridlock The Political Thought of Calvin Coolidge Thomas I. Tacoma, 2020-09-02 Calvin Coolidge lived during a time of constitutional transformation the Progressive Era and World War I before serving as President of the United States from 1923 1929 Thomas I Tacoma argues that Coolidge contended with this changing regime and world through as a Burkean conservative and an Americanist politician In The Political Thought of Calvin Coolidge Burkean Americanist Tacoma contextualizes Coolidge's thought in the Progressive milieu of the age and Coolidge's own educational background in New England and then presents the core of Coolidge's political thought civilization Tacoma maintains that Coolidge believed in civilization and that the traditional American political and economic order represented the highest achievements in western civilization Coolidge's speeches ranged across American history to defend the virtues of the American regime and in his political career he undertook to defend the constitutional regime he had inherited Coolidge famous for his emphasis on thrift likewise situated his views on economy within his larger vision of civilization and he mixed realism and idealism in his developed views on international relations Through extensive research Tacoma examines the way Coolidge responded to the challenge of upholding American civilization in the face of a changing world Moraenthau and the American Experience Cornelia Navari, 2017-11-24 This edited volume covers the development of the thought of the political realist Hans J Morgenthau from the time of his arrival in America from Nazi dominated Europe through to his emphatic denunciation of American policy in the Vietnam War Critical to the development of thinking about American foreign policy in the post war period he laid out the idea of a national interest defined in terms of power the precarious uncertainty of the international balance of power the weakness of international morality the decentralized character of international law the deceptiveness of ideologies and the requirements of a peace preserving diplomacy This volume is required reading for students of American foreign policy and for anyone who wishes to understand the single most important source of the ideas underpinning American foreign policy since the end of the Second World War Transformation of Governance Donald F. Kettl, 2015-04 An updated edition of the classic text on public administration presents practical steps for managing government effectively in an age of hyperpartisanship Co winner of the Louis Brownlow Book Award from the National Academy of Public Administration The traditional theory of public administration is based on entrenched notions of hierarchy and authority However as the structure of public work has grown less hierarchical managers have adopted a wide variety of non authoritarian strategies This growing gap between theoretical ideas and actual practice poses enormous challenges for front line leaders struggling to deal with ever larger expectations and ever tighter budgets and for American government in determining how best to hold public administrators accountable for their performance The Transformation of Governance offers a new framework for reconciling effective administration with the requirements of democratic government Instead of thinking in terms of organizational structure and management Donald F Kettl suggests administrators and theorists need to focus on governance or the links between government and its broader

environment political social and administrative through which social action occurs In this updated edition a new epilogue shows Kettl urging political leaders to step back from the political barricades of hyperpartisanship to consider government s contemporary dilemma Is there any practical way forward for public administrators to manage government effectively Reinforcing the ten principles of bridge building which he developed in the original book Kettl adds an eleventh which lays out five transformative strategies redefining public law to promote public accountability re conceptualizing government agencies as instruments of leverage launching government leaders as boundary spanners using information technology for building authority and trust and incorporating performance management into processes that drive collaboration With a new preface from Michael Nelson editor of the Interpreting American Politics series this award winning book will be sought out by public policymakers eager to read a leading scholar s newest insights into the field The President's Czars Mitchel A. Sollenberger, Mark J. Rozell, 2012-04-27 Faced with crises that would challenge any president Barack Obama authorized pay czar Kenneth Feinberg to oversee the 20 billion fund for victims of the BP oil spill and to establish and enforce executive pay guidelines for companies that received 700 billion in federal bailout money Feinberg's office comes with vastly expansive policy powers along with seemingly deep pockets yet his position does not formally fit anywhere within our government s constitutional framework The very word czar seems inappropriate in a constitutional republic but it has come to describe any executive branch official who has significant authority over a policy area works independently of agency or Department heads and is not confirmed by the Senate or subject to congressional oversight Mitchel Sollenberger and Mark Rozell provide the first comprehensive overview of presidential czars tracing the history of the position from its origins through its initial expansion under FDR and its dramatic growth during the presidencies of George W Bush and Barack Obama The President s Czars shows how under pressure to act on the policy front modern presidents have increasingly turned to these appointed officials even though by doing so they violate the Appointments Clause and can also run into conflict with the nondelegation doctrine and the principle that a president cannot unilaterally establish offices without legislative support Further Sollenberger and Rozell contend that czars not only are ill conceived but also disrupt a governing system based on democratic accountability A sobering overview solidly grounded in public law analysis this study serves as a counter argument to those who would embrace an excessively powerful presidency one with relatively limited constraints Among other things it proposes the restoration of accountability starting with significant changes to Title 3 of the U S Code which authorizes the president to appoint White House employees without regard to any other provision of law Ultimately the authors argue that czars have generally not done a good job of making the executive branch bureaucracy more effective and efficient Whatever utility presidents may see in appointing czars Sollenberger and Rozell make a strong case that the overall damage to our constitutional system is great and that this runaway practice has to stop

Presidency And Political Science Two Hundred Years Of Constitutional Debate Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Presidency And Political Science Two Hundred Years Of Constitutional Debate PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization

of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Presidency And Political Science Two Hundred Years Of Constitutional Debate PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Presidency And Political Science Two Hundred Years Of Constitutional Debate free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Presidency And Political Science Two Hundred Years Of Constitutional Debate Books

- 1. Where can I buy Presidency And Political Science Two Hundred Years Of Constitutional Debate books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
- 2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
- 3. How do I choose a Presidency And Political Science Two Hundred Years Of Constitutional Debate book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
- 4. How do I take care of Presidency And Political Science Two Hundred Years Of Constitutional Debate books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
- 5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing.

- Book Swaps: Community book exchanges or online platforms where people exchange books.
- 6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
- 7. What are Presidency And Political Science Two Hundred Years Of Constitutional Debate audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
- 8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
- 9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
- 10. Can I read Presidency And Political Science Two Hundred Years Of Constitutional Debate books for free? Public Domain Books: Many classic books are available for free as theyre in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
