Presidency Is Not A Joke:

The Presidency Is Not a Joke Ernest A. Ndukwe, 2002-04-09 In the 2000 presidential election the then Gov George W Bush ran as the candidate of honesty integrity truth and character That was his claim and his supporters claim After he won the Republican primary by defeating Sen John McCain he and his supporters essentially characterized his Democratic opponent former vice president Al Gore as a liar and an untrustworthy individual That characterization stuck and Gore never fought back vigorously against those charges It was not only after Mr Gore conceded the election many thought he won that his former opponent and many of his supporters saw Gore differently as honorable and gracious Some actually called him a good man When George W Bush became the president I became interested in observing his policies and actions in comparison to his campaign and post campaign rhetoric Simply put by his claims of character during the presidential campaign he invited close scrutiny of his policies I had to observe how his rhetoric matched his actions If you are interested in finding out about the character of the George W Bush s administration so far and how honest his words have matched his deeds this is the book for you

The Making of the President 2016 Roger Stone, 2017-01-31 In the tradition of Theodore White s landmark books the definitive look at how Donald J Trump shocked the world to become president From Roger Stone a New York Times bestselling author longtime political adviser and friend to Donald Trump and consummate Republican strategist comes the first in depth examination of how Trump s campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming In the early hours of November 9 2016 one of the most contentious polarizing and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J Trump to concede shocking a nation that had only hours before given little credence to his chances Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media Stone a long time Trump retainer and confidant gives us the inside story of how Donald Trump almost single handedly harnessed discontent among Forgotten Americans despite running a guerrilla style grass roots campaign to compete with the smooth running and free spending Clinton political machine From the start Trump s campaign was unlike any seen on the national stage combative maverick and fearless Trump s nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security Here Stone outlines how Donald Trump skillfully ran as the anti Open Borders candidate as well as a supporter of American sovereignty and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters The veteran adviser to Nixon Reagan and Trump charts the rise of the alt

conservative media and the end of the mainstream media monopoly on voter impacting information dissemination This is an insider s view that includes studying opposition research into Bill Hillary and Chelsea Clinton s crimes and the struggle by the Republican establishment to stop Trump and how they underestimated him Stone chronicles Trump s triumph in three debates where he skillfully lowered expectation levels but skewered Mrs Clinton for the corruption of the Clinton Foundation her mishandling of government email and her incompetence as Secretary of State Stone gives us the inside word on Julian Assange Wikileaks Clinton campaign chief John Podesta Huma Abedin Anthony Weiner Carlos Danger Doug Band Jeffery Epstein and the efforts to hide the former first lady s infirmities and health problems Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e mails released by Wikileaks came from the Russians The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton s weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of Americans desperately wanted change Stone also reveals how and why the mainstream media got it wrong including how the polls were loaded and completely misunderstood who would vote Stone s analysis is akin to Theodore H White s seminal book The Making of the President 1960 It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard bitten political survivor who Donald Trump called one tough cookie
