

President As Commander In Chief

John Marshall

President As Commander In Chief:

Not-So-Great Presidents: Commanders in Chief Erik Slader, Ben Thompson, 2024-05-01 For any kid who dreams of going to the White House an entertaining reminder that even presidents aren't perfect From heroic George Washington to the dastardly Richard Nixon the Oval Office has been occupied by larger than life personalities since 1789 The position comes with enormous power and responsibility and our leaders have managed to achieve a lot of great things However the President of the United States is only human and oftentimes far from perfect While some suffered through only minor mishaps during their time in office others are famously remembered for leaving behind much bigger messes In the third installment of the Epic Fails series authors Erik Slader and Ben Thompson and artist Tim Foley take young readers on another hilarious ride exploring the lives legacies and failures of some of America's commanders in chief Praise for the Epic Fails books Informative and humorous School Library Journal A promising new series The Bulletin of the Center for Children's Books

Commander in Chief Casey B. K. Dominguez, 2024-05-24 The constitutional balance of war powers has shifted from Congress to the president over time Today presidents broadly define their constitutional authority as commander in chief In the nineteenth century however Congress was the institution that claimed and defended expansive war power authority This discrepancy raises important questions How specifically did Congress define the boundaries between presidential and congressional war powers in the early republic Did that definition change and if so when how and why did it do so Based on an original comprehensive dataset of every congressional reference to the commander in chief clause from the Founding through 1917 Casey Dominguez's *Commander in Chief* systematically analyzes the authority that members of Congress ascribe to the president as commander in chief and the boundaries they put around that authority Dominguez shows that for more than a century members of Congress defined the commander in chief's authority narrowly similar to that of any high ranking military officer But in a wave of nationalism during the Spanish American War members of Congress began to argue that Congress owed deference to the commander in chief They also tended to argue that a president of their own party should have broad war powers while the powers of a president in the other party should be defined narrowly Together these two dynamics suggest that the conditions for presidentially dominated modern constitutional war powers were set at the turn of the twentieth century far earlier than is often acknowledged

Commanders in Chief Joseph G. Dawson, 1993 Since 1798 when Congress authorised John Adams to employ the navy to capture armed French vessels preying on American shipping along the Atlantic coast US presidents have grappled with the complexities of war Some have dealt with it skilfully while others have tended towards the inept Some have wanted to exert their war powers while others have shied away from them Some have been successful while others have not

John F. Kennedy, Commander in Chief Pierre Salinger, 1997 He races the development of JFK's hands on relationship with the armed forces closer than any other post war president's against the backdrop of the Bay of Pigs through Laos Vietnam and the Berlin Wall to the Cuban Missile

Crisis and the space program **Presidents as Military Officers, As Commander-in-Chief with Humor and Anecdotes**

Lee McDowell, 2021-02-14 A great deal of history can be learned by reading the policies of our 44 presidents This publication 45 chapters describes the military activity prior to the presidency as well as the Commander in Chief decisions of each president Important war battles are described with photographs For each president there is humor and anecdotes Of the 44 presidents 31 had served in the military Twelve were generals The most famous were Washington Jackson Taylor Grant Hays and Eisenhower Six Union veterans became presidents as did 8 who served in World War II Thirteen presidents would be considered heroes due to their conspicuous gallantry Other presidents who did not serve in the military but were effective while serving as Commander in Chief during War **Presidents at War**

Gerald Astor, 2010-03-18 The Korean War the Bay of Pigs the Cuban Missile Crisis Vietnam Cambodia Lebanon El Salvador Grenada Iran Contra Nicaragua Panama the Gulf War Somalia Kosovo Afghanistan Iraq What do these events and scores of others have in common Each of these wars incursions invasions and covert actions was undertaken by the United States without the benefit of a declaration of war Where congressional sanction was sought it usually took the form of a resolution frequently issued after the fact Presidents at War is the first book to examine all of America's post World War II military actions through the lens of the president's authority as commander in chief Author Gerald Astor analyzes the various presidents' rationales for undeclared warfare from Truman's citing of an international agreement the United Nations to Eisenhower's domino theory to Kennedy's defense of the Monroe Doctrine to bald assertions of authority by a commander in chief because of fears of communist expansion threats to oil in the Middle East humanitarian concerns in the Balkans or provocations by terrorists Each commander in chief served as a precedent for those who followed Astor contends this cumulative process was accelerated by the September 11 2001 attacks that led to the war on terrorism the invasion of Iraq to oust the cruel regime of Saddam Hussein for his alleged possession of weapons of mass destruction and the potential trampling of civil liberties in the United States Has the president become free to take military action on the slightest whim Is it now true that as Richard Nixon said If the president does it then it is not illegal Is the Constitution obsolete And does Congress have the tools with which to curb this seemingly unbridled power Read Presidents at War and find out **The Life of George Washington**

John Marshall, 1807 [The Life of George Washington](#) John Corry, 1809 *The Development of the American Presidency* Richard J. Ellis, 2015-06-26 A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present This developmental lens analyzing how historical turns have shaped the modern institution allows for a richer more nuanced understanding beyond the current newspaper headlines The Development of the American Presidency pays great attention to that historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and

to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis s own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines and practice quizzes to help students master the book s lessons The second edition a new chapter on unilateral powers that brings greater attention to domestic policymaking

Life of George Washington Aaron Bancroft,1808 **The Life of George Washington, Commander in Chief of the American Army, Through the Revolutionary War** Aaron Bancroft,1826 *The Life of George Washington, Commander in Chief of the American Forces, During the War which*

Established the Independence of His Country, and First President of the United States John Marshall,1807 The Development of the American Presidency Richard Ellis,2022-05-02 A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present This developmental lens analyzing how historical turns have shaped the modern institution allows for a richer more nuanced understanding The Development of the American Presidency pays great attention to that historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage Richard J Ellis looks at how the presidency has evolved in relation to the public to Congress to the executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change Each chapter promotes active learning beginning with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts New to the Fourth Edition Explicit and expanded attention to the role of norms in shaping and constraining presidential power with special focus on Trump s norm breaking and Biden s efforts to shore up norms Enhanced focus on the prospects for institutional reform including in the electoral college presidential relations with Congress war powers and the selection of Supreme Court justices A full reckoning with the Trump presidency and its significance for the future of American democracy presidential rhetoric the unilateral executive and the administrative state Coverage of the first year of Biden s presidency including presidential rhetoric relations with Congress and the bureaucracy use of the war powers and unilateral directives Comprehensive updating of debates about the removal power including the Supreme Court cases of *Seila Law v CFPB* and *Collins v Yellen* In depth exploration of the impact of partisan polarization on the legislative presidency and effective governance Analysis of the 2020 election and its aftermath Expanded discussion of impeachment to incorporate Trump s two impeachments Examination of presidential emergency powers with special attention to Trump s border wall

declaration Review of Biden s and Trump s impact on the judiciary Assessment of Biden s and Trump s place in political time

Commander in Chief Eric Larrabee,2019-10-15 Few American presidents have exercised their constitutional authority as commander in chief with more determination than Franklin D Roosevelt He intervened in military operations more often and to better effect than his contemporaries Churchill and Stalin and maneuvered events so that the Grand Alliance was directed from Washington In this expansive history Eric Larrabee examines the extent and importance of FDR s wartime leadership through his key military leaders Marshall King Arnold MacArthur Vandergrift Nimitz Eisenhower Stilwell and LeMay Devoting a chapter to each man the author studies Roosevelt s impact on their personalities their battles sometimes with each other and the consequences of their decisions He also addresses such critical subjects as Roosevelt s responsibility for the war and how well it achieved his goals First published in 1987 this comprehensive portrait of the titans of the American military effort in World War II is available in a new paperback edition for the first time in sixteen years

Inventing the American Presidency Thomas E. Cronin,1989 In fourteen essays supplemented by relevant sections of and amendments to the Constitution and five Federalist essays by Hamilton provides the reader with the essential historical and political analyses of who and what shaped the presidency
