**Fighting from Above** Brian D. Laslie, 2024-03-19 The story of the United States Air Force USAF stretches back to aerial operations prior to the First World War well before the USAF became a separate service and looks forward to a new era of airpower in space Fighting from Above presents a concise account of this expansive history offering a new perspective on how the air forces of the United States created an independent way of warfare over time From the earliest battles of the USAF s predecessor organizations to its modern incarnation Brian D Laslie identifies four distinct and observable ways of war that developed over four distinct epochs Beginning with the development of early air power 1906 1941 he highlights the creation of roles and missions with bombardment theory and practice ascendant An era of strategic dominance 1942 1975 followed in which the ideas of strategic bombardment ruled the air force when such notions were unceremoniously proven false during the Vietnam era conflicts a period of tactical ascendancy 1975 2019 began Finally Laslie considers the current environment where much of the story of the USAF remains unwritten as it grapples with the prospects and challenges posed by drones and the U S Space Force While detailing combat operations Fighting from Above also pays close attention to technology politics rivalries logistics policy organization equipping and training Thorough concise and innovative in its approach it is an authoritative exceptionally readable history of the development of American airpower God And The

Western World George Hayes, 2019-01-30 This book was inspired by God It brings God's activities on behalf of Earth's citizens from the shadows of history into illumination God's mastery over the universe is brought to life from the Big Bang to modern times A plausible theory is put forth regarding how God has employed His tools only recently discovered but little understood by scientists dark matter and dark energy to create and sustain the universe as we know it God's book this book is a compliment to His Bible from which it differs in that for today's intelligent humans it explains how God advanced creation and evolution After summarizing key portions of the Bible this book focuses sequentially upon God's activities in Roman times the Dark Ages Medieval times Renaissance times Colonial times and the rise of the United States through the big wars up to modern times God led us through every period or we would not have reached these times as we are today God used the West to advance the entire planet as all Earth was afforded the opportunity to know Jesus Christ God's unseen struggles are summarized in the final chapter but there are much more in depth presentations of God's tools dark matter and dark energy containing preliminary information on how to develop necessary communications to initiate their use by mankind to save Earth God sees we are in imminent danger of flooding coastal areas worldwide because of the greenhouse gasses resulting from long over use of fossil fuels and subsequent melting of glaciers and icecaps The author posits that by leading us through the millennia to our current level of understanding and through this very book God has prepared us to partner with Him to save our civilization from devastation      **The Joker** Harry Eiss, 2016-05-11 To prepare for the role of the Joker Heath Ledger locked himself in a London hotel room trying to understand and become a character he saw as an absolute sociopath a cold blooded mass murdering clown who was not intimidated by anything and found all of life a big joke In the end Ledger's obsession with his role contributed to his own death from drugs before The Dark Knight was released The connections and irony are too close to ignore The movie gives the world a curious twist on the roles of Batman and the Joker It's politically incorrect and yet emotionally the Joker's insanity becomes more endearing than Batman's noble sacrifice What is it Why does this psychopath seem to have a sense of higher truths in his insanity This is the role of the Joker or the Fool a standard character in theatre and a role consciously adopted by serious artists since the late 1800s Just as Shakespeare's Fool in King Lear used his riddles and puns and satire to reveal the truths the royal leaders of his world could not or refused to see today's artists are both revealing the darkness within the culture and offering a way out Waiting for Godot has been proclaimed the greatest play of the twentieth century But there are no great roles in it no characters representing the equivalent of Shakespeare's Hamlet Rather the two main characters are closer to T S Eliot's J Alfred Prufrock who says he cannot be a Hamlet only perhaps Hamlet's Fool This book explores what has happened as Europe's culture fragmented and the world lost its center It explores a range of different arenas from political and social and religious happenings to scientific and artistic expressions in order to find the centers of the human condition and how the dark expressions of meaninglessness so commonly highlighted are more rites of passage than the final destination      *Salute to*

*Honorable Men and Women* Dr. Sandra L Russell, 2018-12-27 The OCS at Fort Knox Reunion held at the historic Sheraton Gunter Hotel San Antonio Texas from August 18 to 21 2016 was the inspiration for this book that hails the stories of Fort Knox OCS Candidates who lived to return from the Vietnam War and other postings in the Cold War Their stories about survival and readjustment to life in their homeland inspired me These stalwarts took to the stage and delivered personal sagas that left the audience spellbound The writing muse nudged me Stories were gathered from these honorable men Exciting highlights unfold about their lives before during and after the Vietnam War Why stop Stories were sought from ordinary people men and women who served on battlefields Gold Star moms who grieved the loss of military pilots a spouse whose husband was missing for thirty plus years a mother whose son has never returned World War II Italy warriors fighting alongside their brothers the elite 10th Mountain Division Alpine Mountain Men the US Coast Guard with daring rescues and routine lives that were anything but routine and the average citizen pilots facing horrific crash scenes naval maneuvers offsetting war meet these unsung heroes the fabric of our United States of America *MARX, HITLER, COMMUNISM, NAZISM* Micky Barnetti, Lin Xun, Richard Cory, Karl Marx and Adolph Hitler are always trending on the internet Their ideas are adored and repeated incessantly on social media and by the mainstream media MSM Their books were once considered too dangerous for the general public But *Mein Kampf* was a bestseller as recently as 2017 Its popularity grows worldwide It has always been one of Amazon's better selling book titles Web searches reveal the embarrassing 2018 video Chinese President Xi Jinping delivers speech on anniversary of Marx's birth In it Xi openly drooled over the western male racist socialist China is led around by its nose tied to the same old German who influenced Hitler Is there any other country of that size that openly worships a foreigner as their great white savior Marx's larger than life posters are often paired with the outdated hammer and sickle symbol that China parroted from Soviet socialism How embarrassing America's love affair with German philosophy stretches back to the mid 1800s and farther Many Americans struggle to bring Germany's past into the present at every election MSM polling reports that 70 percent of millennials say they would vote for a candidate who self identifies the same as Hitler 2019 YouGov poll Two politicians in the USA Alexandria Ocasio Cortez AOC Bernie Sanders BS boastfully self identify the same as Hitler SOCIALIST Other politicians gladly adopt and repeat the same ideas even if they are too dishonest to admit that they are socialist According to another report 60 percent of Millennials age 24-39 support a complete change of our economic system Marx and Hitler were both anti bourgeois and advocated revolution Many Americans long for the same revolutions The ideas of the beloved Deutschland duo continue to grow in popularity Germany's two top white male racist political philosophers stay in vogue even though their policies remain a mystery For example the following facts with credit to the archives of the historian Dr Rex Curry will come as news to most readers 1 Hitler and Marx were popular in the USA Two famous American socialists the cousins Edward Bellamy and Francis Bellamy were heavily influenced by Marx The American socialists returned the favor Francis Bellamy created the Pledge of Allegiance to the Flag

that was the origin of Nazi salutes and Nazi behavior The Bellamys were American national socialists For more on that advance to chapter 6 on Bellamy salutes 2 The classic military salute to the brow also contributed to the creation of the Nazi salute with the right arm extended stiffly 3 The Bellamy cousins promoted socialist schools that imposed segregation by law and taught racism as official policy 4 Hitler and his supporters self identified as socialists by the very word in voluminous speeches and writings The term Socialist appears throughout Mein Kampf as a self description by Hitler 5 Hitler never called himself a Nazi There was no Nazi Germany There was no Nazi Party Those terms are slang to hide how Hitler and his comrades self identified SOCIALIST 6 Hitler never called himself a Fascist That term is misused to hide how Hitler and his comrades self identified SOCIALIST 7 The term Nazi isn t in Mein Kampf nor in Triumph of the Will 8 The term Fascist never appears in Mein Kampf as a self description by Hitler 9 The term swastika never appears in the original Mein Kampf 10 There is no evidence that Hitler ever used the word swastika 11 The symbol that Hitler did use was intended to represent S letter shapes for socialist 12 Hitler altered his own signature to reflect his S shapes for socialism logo branding 13 Mussolini was a long time socialist leader with a socialist background raised by socialists to be a socialist and he joined socialists known as fascio fasci and fascisti 14 Fascism came from a socialist e g Mussolini Communism came from a socialist e g Marx Fascism and Communism came from socialists 15 German socialists and Soviet socialists partnered for International Socialism in 1939 They launched WWII invading Poland together and continued onward from there killing millions Soviet socialism had signed on for Hitler s Holocaust 16 After Hitler s death Stalin continued the plan he had made with Hitler for Global Socialism Stalin took over the same areas that Hitler had captured He used the same facilities that Hitler had used Hitler s Holocaust never ended Stalin replaced Hitler Hitler Stalin Mao Mussolini and other tyrants were influenced by propaganda in the USA including the childish American socialists Francis Bellamy and Edward Bellamy Both Bellamy cousins wanted government to take over all schools to teach socialism to all youngsters worldwide Francis Bellamy was the author of the Pledge of Allegiance to the flag the origin of the infamous stiff armed salute adopted later under German socialism and Adolf Hitler Long before the Deutschland fad began American schoolchildren were taught to chant in unison and perform the same salute each day in government schools that imposed segregation by law and taught racism as official policy Anyone who rejected the ritual in the schools was persecuted America s Nazi salute was often performed by public officials in the USA from 1892 through 1942 What happened to old photographs and films of the American Nazi salute performed by federal state county and local officials Those photos and films are rare because people don t want to know the truth about the government s past TV newspapers and other MSM will not show a historic photo or video of the early American straight arm salute nor mention its history and impact worldwide American youth groups Scouting adopted Bellamy s American Nazi salute with Bellamy s encouragement AND saluted swastika badges worn by fellow scouts Many Americans were accustomed to Nazi salutes for swastikas long before German socialism and Hitler Youth adopted similar behavior under Hitler That helps to

explain another inconvenient truth swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become uniform under German socialism There are extremely rare photographs in this book

an interesting plausible exercise Kirkus Reviews      An Abridged History of the United States Volume II Bob Navarro,2019-12-27 The period from the end of the Civil War to the end of WWII was a dramatic one for the United States It grew from a war torn society to emerge as the most powerful nation on earth at the end of WWII      Music of the First World War Don Tyler,2016-03-21 This book discusses WWI era music in a historical context explaining music s importance at home and abroad during WWI as well as examining what music was being sung played and danced to during the years prior to America s involvement in the Great War Why was music so important to soldiers abroad during World War I What role did music ranging from classical to theater music rags and early jazz play on the American homefront Music of the First World War explores the tremendous importance of music during the years of the Great War when communication technologies were extremely limited and music often took the place of connecting directly with loved ones or reminiscing via recorded images The book s chapters cover music s contribution to the war effort the variety of war related songs popular hits and top recording artists of the war years the music of Broadway shows and other theater productions and important composers and lyricists The author also explores the development of the fledgling recording industry at this time      **The Big Resource Guide to Teaching and Learning Texas History** Tracey Williams,2016-10-29 Offering a one of a kind teaching resource for Texas history teachers The Big Resource Guide to Teaching and Learning Texas History by author and teacher Tracey Williams includes everything to make Texas history come alive in the classroom The teaching units are aligned with the Texas Essential Knowledge and Skills and contain activities assignments and assessments to help instructors teach the state curriculum The Big Resource Guide to Teaching and Learning Texas History covers all major topics in Texas history and offers a graphic organizer to help students record the important details of the topics This resource includes essential Texas history vocabulary cross curricular vocabulary and end of chapter assessments This guide helps prepare students for assessments and it also aligns with English language arts offering reading and writing activities An engaging resource it allows students to collaborate with their peers be creative investigate subject matter solve problems and have fun while learning      **World History, Vol. III: Lessons 91 - 135** Prodigy Books,2023-07-02 Prodigy Books is committed to providing publisher quality low cost outstanding educational content to teachers students and parents around the world This book is the third of four volumes in World History containing lessons 91 135 Volume I Lessons 1 45 Volume II Lessons 46 90 Volume III Lessons 91 135 Volume IV Lessons 136 180 This title is part of the Prodigy Books Textbook Series      *Planet Neptune and the Modern Us Presidents: Franklin Roosevelt to Barack Obama* Suzanne Angioli,2016-04-05 While studying the astrological birth charts of all the US presidents I discovered that those of the thirteen modern US presidents from Franklin Roosevelt to Barack Obama all had the natal Sun the planet most associated with ones basic identity making an aspect certain designated degrees between two planets to their natal Neptune This was surprising since I would have thought that politicians particularly those aspiring to the presidency would have an overwhelming emphasis on the Sun Mars aspect but not on the

Sun Neptune aspect What I discovered in my research was that good politicians are not warriors Sun Mars per se who use the techniques of warfare to muscle their way through adversity Rather they are good actors Sun Neptune who are essentially chameleons Sun Neptune operating in the foggy Neptune realm of subtlety Neptune and seduction using their sensitivity Neptune and charm Neptune to serve their intuitive Neptune sides to try to achieve their goals It became apparent that a good politician is excellent at assuming different roles in order to fit a given political situation and move his agenda forward The Sun in aspect to Neptune is not unusual but there is no aggregate population that has 100 percent of its members with this aspect like the modern presidents I was intrigued with this occurrence and thus set out to research their individual biographies to see just how this aspect played out in their lives After all it seemed to be almost a prerequisite for being elected to the modern Oval Office
