**Donald Trump and His Assault on Truth** The Washington Post Fact Checker Staff,2020-06-02 A NATIONAL BESTSELLER In perilous times facts expertise and truth are indispensable President Trump s flagrant disregard for the truth and his self aggrandizing exaggerations specious misstatements and bald faced lies have been rigorously documented and debunked since the first day of his presidency by The Washington Post s Fact Checker staff Donald Trump and His Assault on Truth is based on the only comprehensive compilation and analysis of the more than 16 000 fallacious statements that Trump has uttered since the day of his inauguration He has repeated many of his most outrageous claims dozens or even hundreds of times as he has sought to bend reality to his political fantasy and personal whim Drawing on Trump s tweets press conferences political rallies and TV appearances The Washington Post identifies his most frequently used misstatements biggest whoppers and most dangerous deceptions This book unpacks his errant statements about the economy immigration the impeachment hearings foreign policy and of critical concern now the coronavirus crisis as it unfolded Fascinating startling and even grimly funny Donald Trump and His Assault on Truth by The Washington Post is the essential authoritative record of Trump s shocking disregard for facts      **Queen's Quarterly** ,1901      **Field Gun Jack Versus the Boers** Tony Bridgland,1997-09-05 War broke out in 1899 between the British and South African settlers of Dutch descent the Boers or Afrikaners as they are usually called today Despite previous clashes the British seriously underestimated their opponents Although dressed in battered civilian clothes and made up entirely of volunteers Boer troops were all mounted on horses and had very up to date German rifles An even more unpleasant surprise than the mounted riflemen were the Boer artillery units

They were the only Boer troops to wear uniforms were organized on a full time basis and were equipped with excellent German field pieces The British artillery soon found itself out gunned and out ranged Some British officers however were capable of adapting to the new conditions in South Africa Royal Naval vessels anchored off the Cape had powerful long range cannons It was decided to try bringing these guns ashore and mounting them on improvised carriages for field use Naval infantry brigades had served in some previous campaigns and proved capable of accompanying the army as gun crews their straw hats and naval leggings identifiable in many wartime photographs Although they were depicted in many wartime drawings and photographs no serious study of the naval artillery has ever been done Tony Bridgland has spent many years researching the topic and has produced a study of the technical problems involved in this unique operation as well as a colourful narrative of naval personnel pressed into hazardous service far from the sea

Crime in Progress Glenn Simpson, Peter Fritsch, 2019-11-26 1 NEW YORK TIMES BESTSELLER I've read kind of all the books on this subject and this is the one you want to read Rachel Maddow Before Ukraine before impeachment This is the never before told inside story of the high stakes four year long investigation into Donald Trump's Russia ties culminating in the Steele dossier and sparking the Mueller report from the founders of political opposition research company Fusion GPS Fusion GPS was founded in 2010 by Glenn Simpson and Peter Fritsch two former reporters at The Wall Street Journal who decided to abandon the struggling news business and use their reporting skills to conduct open source investigations for businesses and law firms and opposition research for political candidates In the fall of 2015 they were hired to look into the finances of Donald Trump What began as a march through a mind boggling trove of lawsuits bankruptcies and sketchy overseas projects soon took a darker turn The deeper Fusion dug the more it began to notice names that Simpson and Fritsch had come across during their days covering Russian corruption and the clearer it became that the focus of Fusion's research going forward would be Trump's entanglements with Russia To help them make sense of what they were seeing Simpson and Fritsch engaged the services of a former British intelligence agent and Russia expert named Christopher Steele He would produce a series of memos which collectively became known as the Steele dossier that raised deeply alarming questions about the nature of Trump's ties to a hostile foreign power Those memos made their way to U.S. intelligence agencies and then to President Barack Obama and President elect Trump On January 10 2017 the Steele dossier broke into public view and the Trump Russia story reached escape velocity At the time Fusion GPS was just a ten person consulting firm tucked away above a Starbucks near Dupont Circle but it would soon be thrust into the center of the biggest news story on the planet a story that would lead to accusations of witch hunts a relentless campaign of persecution by congressional Republicans bizarre conspiracy theories lawsuits by Russian oligarchs and the Mueller report In Crime in Progress Simpson and Fritsch tell their story for the first time a tale of the high stakes pursuit of one of the biggest most important stories of our time no matter the costs
