Sultanistic Regimes Houchang E. Chehabi, Juan J. Linz, 1998-06-05 Authoritarian governments are often based on raw power sustained by fear of punishment and hope of reward This text identifies common characteristics of such regimes comparing them to totalitarian and authoritarian forms of government and tracing common patterns for their genesis and demise
A Changeless Land David G. Timberman, 2016-09-16 First Published in 1992 This book examines the elements of continuity and change in Philippine politics and government over the last quarter century The period covered from the early 1960s through 1988 encompasses three distinct phases the decline of traditional elite democracy the imposition of martial law and constitutional authoritarianism under Ferdinand Marcos and most recently the restoration of democracy under Corazon Aquino
The Drama of Dictatorship Joseph Scalice, 2023-07-15 The Drama of Dictatorship uncovers the role played by rival Communist parties in the conflict that culminated in Ferdinand Marcos's declaration of martial law in 1972 Using the voluminous radical literature of the period Joseph Scalice reveals how two parties the PKP and the CPP torn apart by the Sino Soviet dispute subordinated the explosive mass struggles of the time behind rival elite conspirators The PKP backed Marcos and the CPP his bourgeois opponents The absence of an independent mass movement in defense of democracy made dictatorship possible The Drama of Dictatorship argues that the martial law regime was not fundamentally the outcome of Marcos's personal quest to remain in power but rather a consensus of the country's ruling elite confronted with mounting social unrest that authoritarian forms of rule were necessary to preserve their property and privileges The bourgeois opponents of Marcos did not defend democracy but like Marcos plotted against it
State and Society in the Philippines Patricio N. Abinales, Donna J. Amoroso, 2017-07-06 This clear and nuanced introduction explores the Philippines ongoing and deeply charged dilemma of state society relations through a historical treatment of state formation and the corresponding conflicts and collaboration between government leaders and social forces Patricio N Abinales and Donna J Amoroso examine the long history of institutional weakness in the Philippines and the varied strategies the state has employed to overcome its structural fragility and strengthen its bond with society The authors argue that this process reflects the country's recurring dilemma on the one hand is the state's persistent inability to provide essential services guarantee peace and order and foster economic development on the other is the Filipinos equally enduring suspicions of a strong state To many citizens this powerfully evokes the repression of the 1970s and the 1980s that polarized society and cost thousands of lives in repression and resistance and billions of dollars in corruption setting the nation back years in economic development and profoundly undermining trust in government The book's historical sweep starts with the politics of the pre colonial era and continues through the first year of Rodrigo Duterte's controversial presidency

Conjunctures and Continuities in Southeast Asian Politics Narayanan Ganesan, 2013 In their evolution of political structures and life countries often undergo significant conjunctures major events that reorder political structures and norms The examination of such conjunctures offers an important methodological framework to uncover and document changes that have significantly altered the political template of a country This collection of case studies examines the critical conjunctures that have affected the countries of Southeast Asia in recent decades Each chapter traces the antecedent conditions prior to the event describes the changes brought about by the conjuncture and details the lasting legacy *Landscapes of Globalization* Philip F. Kelly, 2012-10-02 In this critical and sophisticated analysis Philip F Kelly challenges the conventional definition of globalization as an irresistible and inevitable force to which societies must succumb By tracing the consequences of global economic integration in the Philippines he argues that global processes are constituted accommodated mediated and resisted in social processes at multiple scales from the national economy to the village and the household

International Studies in the Philippines Frances Antoinette Cruz, Nassef Manabilang Adiong, 2020-03-26 How can local experiences and the social transformation generated by modernity help to enrich our understanding of the international What might a version of the much discussed non Western International Relations IR look like What continuities and discontinuities from the Philippine experience in particular can be useful for understanding other post colonial polities The Philippines makes a fascinating case study of a medium sized developing post colonial multi ethnic and multi cultural state in Southeast Asia Cruz Adiong and their contributors map horizons of non Western approaches in Philippine experiences of IR rooted in the Global South and in local customs and practice Examining both theory and praxis they explore issues as diverse as pre colonial history diplomacy religion agrarian reform and the Philippines relationship with key regions in the Global South The book will appeal to researchers interested in Southeast Asian Studies and alternative perspectives on IR

Martial Law Melodrama José B. Capino, 2020-01-07 Lino Brocka 1939 1991 was one of Asia and the Global South s most celebrated filmmakers A versatile talent he was at once a bankable director of genre movies an internationally acclaimed auteur of social films a pioneer of queer cinema and an outspoken critic of Ferdinand Marcos s autocratic regime Jos B Capino examines the figuration of politics in the Filipino director s movies illuminating their historical contexts allegorical tropes and social critiques Combining eye opening archival research with fresh interpretations of over fifteen of Brocka s major and minor works Martial Law Melodrama does more than reveal the breadth of his political vision It also offers a timely lesson about popular cinema s vital role in the struggle for democracy

Asian Power and Politics Lucian W. Pye, Mary W. Pye, Lucian W Pye, 2009-06-30 In a major new book Lucian W Pye reconceptualizes Asian political development as a product of cultural attitudes about power and authority He contrasts the great traditions of Confucian East Asia with the Southeast Asian cultures and the South Asian traditions of Hinduism and Islam and explores the national differences within these larger civilizations Breaking with modern political theory Pye believes that power differs profoundly from one culture

to another In Asia the masses of the people are group oriented and respectful of authority while their leaders are more concerned with dignity and upholding collective pride than with problem solving As culture decides the course of political development Pye shows how Asian societies confronted with the task of setting up modern nation states respond by fashioning paternalistic forms of power that satisfy their deep psychological craving for security This new paternalism may appear essentially authoritarian to Western eyes but Pye maintains that it is a valid response to the people s needs and will ensure community solidarity and strong group loyalties He predicts that we are certain to see emerging from Asia s accelerating transformation some new version of modern society that may avoid many of the forms of tension common to Western civilization but may also produce a whole new set of problems This book revitalizes Asian political studies on a plane that comprehends the large differences between Asia and the West and at the same time is sensitive to the subtle variations among the many Asian cultures Its comparative perspective will provide indispensable insights to anyone who wishes to think more deeply about the modern Asian states

Gorbachev's New Thinking and Third World Conflicts Jiří Valenta, Frank Cibulka, Some of the most crucial changes inspired by Gorbachev and perestroika concern Soviet and East European policies toward Third World countries Despite countless studies of Soviet U S relations and U S relations with the Third World the area of Soviet relations with the Third World has been left relatively undeveloped This is the first of several volumes intended to add to our knowledge of what the series editor Jiří Valenta characterizes as East South relations In this new era of cooperation and diplomacy the superpowers are working to resolve regional conflicts in and around Afghanistan Nicaragua Angola and Cambodia Such efforts are exceedingly complex since they necessarily involve not only the Soviet Union but Third World nations that may operate independently such as Cuba and Vietnam This volume addresses a number of such conflicts In addition to those already mentioned conflicts in Ethiopia Namibia and the Philippines are discussed and their implications for Western policy

makers are reviewed As the contributors emphasize despite current Soviet emphasis on peaceful solutions to regional conflicts Gorbachev s New Thinking in foreign affairs is still decidedly selective In some cases the Soviet Union will actually encourage close ties with regional Third World powers as it has with India It is also too much to expect that the Soviet Union much less Cuba and Vietnam will completely cut ties to revolutionary allies worldwide That said the 1990s will undoubtedly be characterized by new Soviet foreign policy styles Their shape and form is the subject of this book It will be of immense interest to policymakers and researchers concerned about current developments in relations between the superpowers and with the Third World Contributors include Vernon Aspaturian Bhabani Sen Gupta William E Griffith Jerry F Hough Douglas Pike Howard Wiarda AH T Sheikh Sabahuddin Kushkaki Colin Legum H de V du Toit Khien Theeravit Frank Cibulka Alvaro Taboada Charles William Maynes W Bruce Weinrod Jiri Valenta

(Post-)colonial Archipelagos Hans-Jürgen Burchardt, Johanna Leinius, 2022-02-22 The Puerto Rican debt crisis the challenges of social political and economic transition in Cuba and the populist politics of Duterte in the Philippines these topics are typically seen as disparate experiences of social reality Though these island territories were colonized by the same two colonial powers by the Spanish Empire and after 1898 by the United States research in the fields of history and the social sciences rarely draws links between these three contexts Located at the intersection of Postcolonial Studies Latin American Studies Caribbean Studies and History this interdisciplinary volume brings together scholars from the US Europe Latin America the Caribbean and the Philippines to examine the colonial legacies of the three island nations of Cuba Puerto Rico and the Philippines Instead of focusing on the legacies of US colonialism the continuing legacies of Spanish colonialism are put center stage The analyses offered in the volume yield new and surprising insights into the study of colonial and postcolonial constellations that are of interest not only for experts but also for readers interested in the social political economic and cultural dynamics of Cuba Puerto Rico and the Philippines during Spanish colonization and in the present The empirical material profits from a rigorous and systematic analytical framework and is thus easily accessible for students researchers and the interested public alike
