Presidential Accountability New And Recurring Problems:

Presidential Accountability John Orman, 1990-04-17 This book assesses the state of presidential accountability in the post Reagan era It looks at five major areas of concern for students of the presidency These problem areas concern 1 presidents national security and civil liberties 2 controlling the intelligence community 3 the politized nature of the Justice Department 4 celebrity politics and symbolic manipulation and 5 the popularity of the Reagan administration and its implications for accountability The research concludes that in the post modern presidency we have lost the desire and power to keep presidents accountable for their actions After discussing the problem of presidential accountability in the opening chapter the book turns to the checkered pasts of American presidents with respect to protecting civil liberties It then examines the problems of presidential accountability that are posed by the intelligence community Next it looks at the exercises of the president s discretionary power in the criminal justice policy arena The newer phenomenon of Celebrity Politics is explored next in terms of the consequences it has on citizens who want to keep the American president in check Following this the lessons of the popular Reagan presidency on presidential accountability are outlined Finally it concludes by lamenting the loss of presidential accountability in the American political system This book should appeal to presidential researchers and anyone interested in the American presidency

Researching the Presidency George C. Edwards, John H. Kessel, Bert A. Rockman, 1993-02-15 This collection brings together two groups of scholars The first persons active in presidential research assess the state of the literature in the recruitment and selection of presidential candidates presidential personality advisory networks policy making evaluations of presidents and comparative analysis of chief executives A second group of scholars specialists in cognitive psychology formal

theory organization theory leadership theory institutionalism and methodology apply their expertise to the analysis of the presidency in an effort to generate innovative approaches to presidential research By taking a fresh look at a well established field these groundbreaking essays encourage scholars to renew their emphasis on explanation in research

Presidential Machismo Alexander DeConde, 2000 A look at the expansion of executive authority in America and the influence of scholars journalists and presidents themselves **Policing Politics** Peter Gill, 2012-12-06 Numerous

allegations of abuse of power have been made against the domestic security intelligence agencies in the United Kingdom such as police special branches and MI5 These include the improper surveillance of trade unionists and peace activists campaigns of mis information against elected politicians and even the elimination of people believed to be engaged in political violence Drawing on extensive foreign material and making use of the social science concepts of information power and law this book develops a framework for the comparative analysis of these agencies **Resolved, that the**

Commander-in-chief Power of the United States President Should be Substantially Curtailed, 1993 The President's Dilemma in Asia Don S. Lee, 2024-05-23 The President's Dilemma in Asia provides one of the first comprehensive and comparative theory of presidential government formation In the authoritarian era presidents had greater control over key institutional actors in the process such as the legislature the ruling party and the bureaucracy However after democratic transition they have to navigate competing pressures from these political institutions This book highlights the major trade off that presidents of new democracies face in their relationship with the different political institutions the so called president's dilemma and their strategy in dealing with the dilemma Existing studies of presidential government formation in new democracies have largely overlooked the entirety of the structure of the political institutions surrounding the president and its impact on the president's government formation strategy This book offers a view that government formation is a window to understanding how presidents weigh the benefits of appointing ministers representing different political institutions under a variety of given institutional circumstances The question of which institution presidents attempt to accommodate through government formation is a high stakes one and addressing it is important because particular patterns of personnel distribution can influence the kind of policies political leaders adopt and the level of accountability and responsiveness to constituents these policies represent Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterized by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.ecprnet.eu The series is edited by Nicole Bolleyer Chair of Comparative Political Science Geschwister Scholl Institut LMU Munich and Jonathan Slapin Professor of Political Institutions and European Politics Department of Political Science University of Zurich America and Its Critics Sergio Fabbrini, 2008-09-22 No other country in the world evokes such contrasting sentiments as the United States of America This

is not new but it has become particularly virulent in recent years The reason is simple after the end of the cold war America has remained the only super power in the world Or rather it has become a veritable hyper power without apparent limits to the exercise of its power The fate of the world lies in large part in its hands This book analyses the most widespread criticisms of American democracy namely that it is plebiscitary devoid of voters unduly favours the rich and imperial It shows that these criticisms fail to hit the mark Yet even if its vices are fewer and different from what its critics often claim American democracy cannot be read as an exemplary catalogue of virtues as its apologists would have it Resting on contradictions rather than coherence American democracy cannot be seen as a model and even less as an ideology Rather it should be understood as a method Clearing away the misunderstandings and prejudices that cloud contemporary debates about America this book brings out with exceptional clarity the strengths as well as the weaknesses of the American democratic experience In a century when no country can hope to escape from the influence of American power it is vital to understand both

Findings of the President's Commission on Care for America's Returning Wounded Warriors United States. Congress. House. Committee on Veterans' Affairs, 2008

Presidential Campaigns and Presidential Accountability

Michele P. Claibourn, 2011-02-01 In investigating the presidential campaigns and early administrations of Barack Obama George W Bush and Bill Clinton Presidential Campaigns and Presidential Accountability shows how campaign promises are realized in government once the victor is established in the Oval Office To measure correlations between presidential campaigns and policy making Michele P Claibourn closely examines detailed campaign advertising information survey data about citizen s responses to campaigns processes that create expectations among constituents and media attention and response to candidates Disputing the notion that presidents ignore campaign issues upon being elected Presidential Campaigns and Presidential Accountability contends that candidates raise issues that matter and develop ideas to address these issues based on voter reactions Conventional disappointment in presidential campaigns stems from a misunderstanding of the role that presidents play in a system of separate institutions sharing power and Claibourn forces us to think about presidential campaigns in the context of the presidency what the president realistically can and cannot do Based on comparisons of the Clinton Bush and Obama campaigns and the first years of the subsequent presidential administrations Claibourn builds a generalized theory of agenda accountability showing how presidential action is constrained by campaign agendas

Findings of the President's Commission on Care for America's Returning Wounded Warriors Bob Filner, 2009-03 Witnesses Donna Shalala former Sec of Health and Human Services and Bob Dole former U S Senator from Kansas Co Chairs President s Commission on Care for America s Returning Wounded Warriors and Joseph Violante National Legislative Director Disabled American Veterans Statements by Rep Bob Filner of CA Steve Buyer of IN Harry Mitchell of AZ Jerry Moran of KS Ginny Brown Waite of FL and Jeff Miller of FL Material Submitted for the Record 1 Post Hearing Questions and Responses for the Record 2 Reports July 2007 Serve Support Simplify Report of the President s Commission on Care for

America's Returning Wounded Warriors and Subcommittee Report and Survey Findings Illustrations **Sage Public Administration Abstracts**, 1990 **Southwestern Mass Communication Journal**, 1998 Cautious Revolution Clifford P. Hackett, 1990 In the four decades since World War II the European Community has grown and made great progress toward integration which will culminate in the 1992 plans for a common market This book seeks to acquaint the reader with that progress providing a description and details of the evolution and discussing the institutions and programmes of the community in relation to American concerns in terms of trade global rivalry and co operation and defence questions Policy recommendations and suggestions for ways Washington can pay better attention to European Community developments are also considered **Managing the Challenges of the Federal Government Transition** United States. Congress. Senate. Committee on Homeland Security and Governmental Affairs. Subcommittee on Oversight of Government Management, the Federal Workforce, and the District of Columbia, 2009 Leveling the Playing Field and Protecting Americans: Holding Foreign Manufacturers Accountable, S.Hrg. 111-236, Serial No. J-111-23, May 19, 2009, 111-1 Hearing, *, 2010 Encyclopedia of American Journalism Stephen L. Vaughn, 2007-12-11 The Encyclopedia of American Journalism explores the distinctions found in print media radio television and the internet This work seeks to document the role of these different forms of journalism in the formation of America's understanding and reaction to political campaigns war peace protest slavery consumer rights civil rights immigration unionism feminism environmentalism globalization and more This work also explores the intersections between journalism and other phenomena in American Society such as law crime business and consumption The evolution of journalism's ethical standards is discussed as well as the important libel and defamation trials that have influenced journalistic practice its legal protection and legal responsibilities Topics covered include Associations and Organizations Historical Overview and Practice Individuals Journalism in American History Laws Acts and Legislation Print Broadcast Newsgroups and Corporations Technologies *Parliamentary Control and Government Accountability in South Asia* Taiabur Rahman, 2007-09-12 Parliaments or legislatures are the keystone of democratic governance and they are critical in securing government accountability This book presents a comparative analysis of the role of parliamentary committees in securing government accountability in the three largest and most important functioning democracies in South Asia Bangladesh India and Sri Lanka The author compares the nascent democracy of Bangladesh with the stable and vibrant democratic system of India since its independence from the British in 1947 and Sri Lanka's longstanding and established democracy He argues that in each country parliament has been able to survive and perform the key parliamentary tasks of representation legislation oversight of the executive conflict resolution and regime maintenance concluding that parliamentary committees in Bangladesh India and Sri Lanka do not perform as successfully as their counterparts in the Western world in controlling the government and holding it to account however their role in securing government accountability is not irrelevant Parliamentary Control and Government Accountability in South Asia will be a

useful reference for studying third world parliaments in particular **The Unitary Presidency** Graham Dodds,2019-08-05

The theory of the unitary executive is one of the most controversial and significant constitutional doctrines of the past several decades It holds that the U S president alone embodies all executive power and therefore has unlimited ability to direct the many people and institutions within the federal government s vast executive branch It thus justifies the president s prerogative to organize the executive branch and to direct its activities to tell executive personnel what to do and to fire them if desired to control the flow of information and to issue signing statements that make judgments about constitutionality and determine the extent to which laws will be implemented In some versions it also endorses implied or inherent powers and permits the president to completely control foreign policy and military action Proponents say this conception of the presidential office is faithful to the Constitution facilitates the sort of energetic executive that Alexander Hamilton argued for and enhances administrative efficacy and political accountability for governance Critics say this arrangement is constitutionally inaccurate is belied by historical practice and legal precedents and is dangerously close to the monarchical power that provoked the American Revolution and can be especially threatening in the era of Donald Trump This book examines how controversies about unitary executive power have played out from the founding era to the present day with a focus on recent presidents it explores arguments both for and against the unitary executive theory and it looks ahead to future implications for American politics **President's Fiscal Year 2011 Budget for the Department of Health and Human Services** United States. Congress. House. Committee on Energy and Commerce,2012

Unveiling the Power of Verbal Artistry: An Emotional Sojourn through **Presidential Accountability New And Recurring Problems**

In a world inundated with screens and the cacophony of instantaneous connection, the profound power and mental resonance of verbal art usually fade into obscurity, eclipsed by the regular assault of sound and distractions. Yet, set within the lyrical pages of **Presidential Accountability New And Recurring Problems**, a interesting function of fictional brilliance that pulses with organic emotions, lies an unforgettable trip waiting to be embarked upon. Penned by a virtuoso wordsmith, this interesting opus courses viewers on a psychological odyssey, gently exposing the latent potential and profound influence embedded within the complex web of language. Within the heart-wrenching expanse with this evocative examination, we can embark upon an introspective exploration of the book is central styles, dissect its fascinating publishing model, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.

Presidential Accountability New And Recurring Problems Introduction

In today's digital age, the availability of Presidential Accountability New And Recurring Problems books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Presidential Accountability New And Recurring Problems books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Presidential Accountability New And Recurring Problems books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Presidential Accountability New And Recurring Problems versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Presidential Accountability New And Recurring Problems books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Presidential Accountability New And Recurring Problems books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a

nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Presidential Accountability New And Recurring Problems books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Presidential Accountability New And Recurring Problems books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Presidential Accountability New And Recurring Problems books and manuals for download and embark on your journey of knowledge?
