Presidential Power Nutshell:

Presidential Power John P. Burke, 2016-03-29 Presidential power is perhaps one of the most central issues in the study of the American presidency Since Richard E Neustadt s classic study first published in 1960 there has not been a book that thoroughly examines the issue of presidential power **Presidential Power Theories and Dilemmas** by noted scholar John P Burke provides an updated and comprehensive look at the issues constraints and exercise of presidential power This book considers the enduring question of how presidents can effectively exercise power within our system of shared powers by examining major tools and theories of presidential power including Neustadt s theory of persuasion and bargaining as power constitutional and inherent powers Samuel Kernell s theory of going public models of historical time and the notion of internal time Using illustrative examples from historical and contemporary presidencies Burke helps students and scholars better understand how presidents can manage the public s expectations navigate presidential congressional relations and exercise influence in order to achieve their policy goals **Presidential Power in a Nutshell** Arthur Selwyn Miller, 1977

The Powers of the Presidency CQ Press, 2012-10-19 Providing both a historical and contemporary perspective on presidential powers **The Powers of the Presidency** guides readers through the presidency as a constitutional office covering how it was shaped by design at the Constitutional Convention in 1787 and by later constitutional amendments Supreme Court decisions and custom and precedent It discusses the various roles of the chief executive including chief of state chief administrator legislative leader chief diplomat commander in chief and chief economist The fourth edition of this accessible and affordable work has been significantly updated and features Coverage of the final years of George W Bush and the first three years of Barack Obama s presidency Extensive coverage of the Obama Administration s efforts to curb economic decline Updates on the wars in Iraq and Afghanistan the killing of Osama bin Laden and on the treatment of detainees at Guantanamo Bay Coverage of the Arab Spring protests and U S involvement in the military intervention in Libya Barack Obama s health care reform legislation **Presidential Power in the United States** Raymond Tatalovich, Byron W.

Daynes, 1984 *The Enigma of Presidential Power* Fang-Yi Chiou, Lawrence S. Rothenberg, 2017-04-18 Presidents are more constrained in exercising unilateral actions than before This book asks when does unilateral action correspond to presidential power **Rethinking Presidential Constructions of Constitutional Regimes** Richard Alexander Izquierdo, 2011

ABSTRACT This dissertation assesses the design and incentive structures that link the presidency to constitutional maintenance and renewal when extraordinary times occur and posits that institutional power and historical context were priced into the presidency since its creation This finding has robust implications for understanding the presidency s role in constitutional change and in particular the construction of constitutional regimes Presidents are naturally drawn to the lure of constructing a constitutional regime by the nature of the office as presidents want to constitutionalize their priorities from rival political interests in order to secure their legacy Some fortunate presidents aided by historical context actually get the

opportunity to do so After providing a theory of the presidency's role within the constitutional order and its incentive structures the study then builds upon these insights to construct a coherent model that assesses the dynamics between presidential leadership and historical context in the construction of constitutional regimes The research finds that there exists an inverse relationship between the degree of constitutional change and the president's role in initiating it The reason for this inverse dynamic is that extraordinary historical events crowd out the space typically reserved for executive leadership whenever they come to the fore Conversely the less extensive the degree of constitutional change the greater that presidential leadership plays a role in the process Reconstructive presidents are actually reactive at the level of constitutional politics despite the high praise political commentators offer to this most select group of presidents Their presidencies' collective effects on constitutional change have been greatly aided perhaps overwhelmingly destined for success at the constitutional level due to exogenous factors beyond their control The coalitional political shifts in electoral support seen during these transformative periods are just a byproduct of massive historical events Presidential leadership is important but not in the actual initiation of the constitutional construction despite the institutional inclination of presidents to chart new paths A reconstructive president chooses a set of principles ideology or commitments with which to define the content of the new regime in place but his autonomy here is limited to providing a substantive constitutional vision not the sort of initial decisive action typically associated with leadership efforts If the analysis of presidents was confined to nameless faceless institutional actors engaged in the quest for constitutional regime construction the greatest difference between the efforts of similarly situated presidents would be in the substantive content that each provided to his historic opportunity Presidential greatness at the constitutional level would not be determined by unusual skill in turning a normal opportunity into a transformative one or in providing a constitutional opening where none was to be found While the constitutional space opened by historical events crowds out the space for autonomous action by reconstructive presidents the reverse is true for presidents with a more limited constitutional opening Presidents constrained by contextual factors must exercise more extensive leadership skills in attempting any efforts to influence constitutional meaning Since non-reconstructive presidents' openings are smaller their efforts have to be much more exacting and tactical even though their payoffs are irredeemably smaller than those of reconstructive presidents Therefore non-reconstructive presidents provide the elegance to the model of constitutional construction in that they show how presidential forays into constitutional politics exist within a continuum Presidential leadership is more institutionally creative and by necessity more entrepreneurial at the narrowest openings of constitutional space while it is least in display because less necessary at the level of reconstructive politics where the constitutional space is broadest The theoretical insight of this research therefore concludes that there exists an inverse relationship between presidential leadership and historical context in the construction of constitutional regimes

The Constitution and the American Presidency Martin L. Fausold, Alan Shank, 1991-01-01 In this unusual

and provocative volume historians examine the presidencies of Jefferson Jackson Lincoln Theodore Roosevelt F D R and Truman while political scientists assess the contemporary presidency and suggest a range of reforms from modest to radical including fundamental alterations to the balance of power between the presidency and the Congress **Presidential power in a nutshell** Arthur S. Miller,1978 Guide to the Presidency Michael Nelson,2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton s Inaugural Address and another which provides results from elections and polls and statistics from each office World Government, Ready Or Not! Garry Davis,1984 WORLD GOVERNMENT READY OR NOT is the first how to do it and how it is being done book on the making of world peace through government of by and for the citizens of the world recounted in masterful detail by a veteran of over 50 years experience in the field WWII bomber pilot Garry Davis in 1948 took Emery Reves Anatomy of Peace at his word first that the ideal of the nation state is bankrupt and second that There is no first step to world government World Government is the first step The eclectic Renaissance Man stateless World Citizen Davis lives the future today treating philosophy law economics travel space history and more with equal ease and insight Moreover as a world activist he has seen the inside of over 30 national prisons E B White wrote that Davis marches to the beat of the Universe while we all march to a broken drum The birth pangs of the new world order are already upon us Davis writes in the Prologue and as necessity knows no law but its own we are too busy attending to that long heralded and momentous birth to still the shrill cries of infidelity WORLD GOVERNMENT READY OR NOT is a book for the 21st century and beyond

Constitutional Ambiguity and the Interpretation of Presidential Power Richard W. Waterman,2025-02-01 Examines the role of constitutional ambiguity across the entire spectrum of American history and how it impacts our interpretation of presidential power While the rise of autocratic presidential powers has been widely noted by scholars in recent years with calls by some for a stronger or more accountable presidency Constitutional Ambiguity and the Interpretation of Presidential Power is among the first entirely dedicated to a study of the impact of this ambiguity on how scholars judges and presidents have understood executive power Embarking on a detailed examination of legal historical and political science literature

across the broad scope of American history Richard W Waterman examines the concerns of the Constitution's Framers regarding the fear of monarchy and a tyrannical president He then discusses the writing and ratification of the Constitution and by drawing on insights from the time of the Framers to the present day he provides a unique historical timeline related to the discussion and analysis of constitutional ambiguity Over the course of several chapters he finds that no sole theory defines presidential power and ambiguity rules the day allowing presidents to find power in the Constitution's silences as well as its various nooks and crannies which has led to the very real danger of an autocratic presidency

Guide to the Presidency and the Executive Branch Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president's relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama's healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president's role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

The Presidency in the Constitutional Order Joseph M. Bessette, Jeffrey Tulis, 2017-07-12 This classic collection of studies first published in 1980 contributes to the revival of interest in the powers and duties of the American presidency Unlike many previous books on the constitution and the

president the contributors to this volume are political scientists not law professors Accordingly they display political scientists concern with structures as well as power with conflict between the branches of government as well as their functional separation and with political prescription as well as legal analysis Underlying the entire volume is a persistent attention to the nature of executive power and its particular manifestation in the American system Part One introduces the foundations that underlie contemporary issues including the famous James Madison Alexander Hamilton debate over the powers of the presidency Contemporary political and scholarly controversies which are the subjects of Part Two include the constitutionality of the War Powers Resolution of 1973 the legislative veto executive privilege and secrecy the character of the presidency presidential selection and the nature of executive power The essays in *The Presidency in the Constitutional Order* represent some of the most cogent thought available about the highest elected office in America and the themes of the volume continue to be timely and provocative

The Presidentialization of Politics Thomas Poguntke, Paul Webb, 2007-04-27 The Presidentialization of Politics shows that the politics of democratic societies is moving towards a presidentialized working mode even in the absence of formal institutional changes These developments can be explained by a combination of long term structural changes in modern politics and societies contingent factors which fluctuate over time While these contingent short term factors relate to the personalities of office holders the overall political agenda and the majority situation in parliament there are several structural factors which are relatively uniform across modern nations First the internationalization of modern politics which is particularly pronounced within the European Union has led to an executive bias of the political process which has strengthened the role of political top elites vis vis their parliamentary groups and or their parties Their predominance has been amplified further by the vastly expanded steering capacities of state machineries which have severely reduced the scope of effective parliamentary control At the same time the declining stability of political alignments has increased the proportion of citizens whose voting decisions are not constrained by long standing party loyalties In conjunction with the mediatization of politics this has increased the capacity of political leaders to by pass their party machines and to appeal directly to voters As a result three interrelated processes have led to a political process increasingly moulded by the inherent logic of presidentialism increasing leadership power and autonomy within the political executive increasing leadership power and autonomy within political parties and increasingly leadership centred electoral processes The book presents evidence for this process of presidentialization for 14 modern democracies including the US and Canada While there are substantial cross national differences the overall thesis holds modern democracies are increasingly following a presidential logic of governance through which leadership is becoming more central and more powerful but also increasingly dependent on successful immediate appeal to the mass public Implications for democratic theory are considered

Power Shifts John A. Dearborn, 2021-09-10 The extraordinary nature

of the Trump presidency has spawned a resurgence in the study of the presidency and a rising concern about the power of the office In *Power Shifts* Congress and Presidential Representation John Dearborn explores the development of the idea of the representative presidency that the president alone is elected by a national constituency and thus the only part of government who can represent the nation against the parochial concerns of members of Congress and its relationship to the growth of presidential power in the 20th century Dearborn asks why Congress conceded so much power to the Chief Executive with the support of particularly conservative members of the Supreme Court He discusses the debates between Congress and the Executive and the arguments offered by politicians scholars and members of the judiciary about the role of the president in the American state He asks why so many bought into the idea of the representative and hence strong presidency despite unpopular wars failed foreign policies and parochial actions that favor only the president's supporters This is a book about the power of ideas in the development of the American state

Wartime Executive Power and the National Security Agency's Surveillance Authority United States. Congress. Senate. Committee on the Judiciary, 2006

A Theory of the Executive Branch Margit Cohn, 2021-02-24 The executive branch in Western democracies has been granted a virtually impossible task expected to imperially direct the life of the nation through thick and thin it is concurrently required to be subservient to legislation meted out by a sovereign parliament Drawing on a general argument from constitutional theory that prioritizes dispersal of power over concepts of hierarchy this book argues that the tension between dominance and submission in the executive branch is maintained by the adoption of various forms of fuzziness under which a guise of legality masks the absence of substantive limitation of power Under this internal tension vision of constitutionalism the executive branch is simultaneously submissive to law and dominant over it while concepts of substantive legality are compromised Building on legal and political science research this volume classifies and analyses thirteen forms of fuzziness ranging from open ended or semi written constitutions to unapplied legislation The study of this unavoidable yet problematic feature of the public sphere is addressed descriptively and normatively Adding detailed examples from two fields of law emergency law and air pollution law in two systems the UK and the US the book ends with a call for raising the threshold of judicial review grounded in theories of participatory and deliberative democracy This book addresses an area that is surprisingly under researched Despite the increase in executive power across democratic polities and increasing public interest in the executive branch and executive powers this much needed book offers a theoretical foundation that should ground all analysis of arguably the most powerful branch of modern government

BASIC CONTRACT LAW Lon L. Fuller, Melvin Aron Eisenberg, 1981

Right here, we have countless books **Presidential Power Nutshell** and collections to check out. We additionally meet the expense of variant types and next type of the books to browse. The customary book, fiction, history, novel, scientific research, as without difficulty as various extra sorts of books are readily understandable here.

Presidential Power Nutshell Introduction

Presidential Power Nutshell Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Presidential Power Nutshell Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Presidential Power Nutshell : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Presidential Power Nutshell : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Presidential Power Nutshell Offers a diverse range of free eBooks across various genres. Presidential Power Nutshell Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Presidential Power Nutshell Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Presidential Power Nutshell, especially related to Presidential Power Nutshell, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Presidential Power Nutshell, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Presidential Power Nutshell books or magazines might include. Look for these in online stores or libraries. Remember that while Presidential Power Nutshell, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Presidential Power Nutshell eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Presidential Power Nutshell full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Presidential Power Nutshell eBooks, including some popular titles.

FAQs About Presidential Power Nutshell Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Presidential Power Nutshell is one of the best book in our library for free trial. We provide copy of Presidential Power Nutshell in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Presidential Power Nutshell. Where to download Presidential Power Nutshell online for free? Are you looking for Presidential Power Nutshell PDF? This is definitely going to save you time and cash in something you should think about.
