

Presidential Vetoes 1792 1945

VM Jensen

Presidential Vetoes 1792 1945:

Presidential Vetoes, 1792-1945 Carlton Jackson, 1967 The Presidential Veto Robert J. Spitzer, 1988-01-01 This is the first modern study of the veto In addition to tracing the genesis and historical evolution from Ancient Rome through the ultimate inclusion in the Constitution it also explores the veto s consequences for modern presidents In doing so Spitzer promotes a key argument about the relation between the veto power and the Presidency namely that the rise of the veto power beginning with the first Chief Executive is symptomatic of the rise of the strong modern Presidency and has in fact been a major tool of Presidency building A special and revealing irony of the veto power is seen in the finding that despite its monarchical roots and anti majoritarian nature the veto has become a key vehicle for presidents to appeal directly to and on behalf of the people Thus the veto s utility for presidents arises not only as a power to use against Congress but also as a symbolic plebiscitary tool **Presidential Vetoes and Public Policy** Richard Abernathy Watson, 1993 An analysis of

presidential vetoes from FDR to Jimmy Carter which clarifies the problems caused by the veto and reveals how it has shaped public policy Watson concludes that the veto power has operated well both in terms of public policy and relations between Congress and the president and argues that it would be a mistake to alter it through the adoption of an item veto

Presidential Vetoes, 1789-1976 United States. Congress. Senate. Library, 1978 **Presidential Vetoes**, 1978

The History Buff's Guide to the Presidents Thomas R. Flagel, 2012-08-01 Did you know that Warren G Harding played poker in the White House at least once a week Or that Richard Nixon was a Quaker The History Buff s Guide to the Presidents takes a peek behind the scenes revealing everything you ever wanted to know about the families personal habits and social lives of the most powerful job in the world Author Thomas R Flagel s unique perspective on the presidents makes this an essential book for the merely curious and hardcore history buffs alike From George Washington to Barack Obama Flagel s top ten lists compile the most religious presidents the biggest scandals and more to present a comprehensive history of the American presidents Do You Think You Know The Presidents Top Ten Presidential Pastimes Top Ten Most Controversial Elections Top Ten Assassinations and Attempts Top Ten Debt Presidencies Top Ten Most Influential First Ladies Presidential Vetoes, 1789-1988, 1992 The Presidents and the Constitution Ken Gormley, 2016-05-10 Shines new light on America s brilliant constitutional and presidential history from George Washington to Barack Obama In this sweepingly ambitious volume the nation s foremost experts on the American presidency and the U S Constitution join together to tell the intertwined stories of how each American president has confronted and shaped the Constitution Each occupant of the office the first president to the forty fourth has contributed to the story of the Constitution through the decisions he made and the actions he took as the nation s chief executive By examining presidential history through the lens of constitutional conflicts and challenges The Presidents and the Constitution offers a fresh perspective on how the Constitution has evolved in the hands of individual presidents It delves into key moments in American history from

Washington's early battles with Congress to the advent of the national security presidency under George W Bush and Barack Obama to reveal the dramatic historical forces that drove these presidents to action Historians and legal experts including Richard Ellis Gary Hart Stanley Kutler and Kenneth Starr bring the Constitution to life and show how the awesome powers of the American presidency have been shaped by the men who were granted them The book brings to the fore the overarching constitutional themes that span this country's history and ties together presidencies in a way never before accomplished

Inventing the American Presidency Thomas E. Cronin, 1989 In fourteen essays supplemented by relevant sections of and amendments to the Constitution and five Federalist essays by Hamilton provides the reader with the essential historical and political analyses of who and what shaped the presidency

America's Constitution Akhil Reed Amar, 2006-09-12 In America's Constitution one of this era's most accomplished constitutional law scholars Akhil Reed Amar gives the first comprehensive account of one of the world's great political texts Incisive entertaining and occasionally controversial this biography of America's framing document explains not only what the Constitution says but also why the Constitution says it We all know this much the Constitution is neither immutable nor perfect Amar shows us how the story of this one relatively compact document reflects the story of America more generally For example much of the Constitution including the glorious sounding We the People was lifted from existing American legal texts including early state constitutions In short the Constitution was as much a product of its environment as it was a product of its individual creators inspired genius Despite the Constitution's flaws its role in guiding our republic has been nothing short of amazing Skillfully placing the document in the context of late eighteenth century American politics America's Constitution explains for instance whether there is anything in the Constitution that is unamendable the reason America adopted an electoral college why a president must be at least thirty five years old and why for now at least only those citizens who were born under the American flag can become president From his unique perspective Amar also gives us unconventional wisdom about the Constitution and its significance throughout the nation's history For one thing we see that the Constitution has been far more democratic than is conventionally understood Even though the document was drafted by white landholders a remarkably large number of citizens by the standards of 1787 were allowed to vote up or down on it and the document's later amendments eventually extended the vote to virtually all Americans We also learn that the Founders Constitution was far more slavocratic than many would acknowledge the three fifths clause gave the South extra political clout for every slave it owned or acquired As a result slaveholding Virginians held the presidency all but four of the Republic's first thirty six years and proslavery forces eventually came to dominate much of the federal government prior to Lincoln's election Ambitious even handed eminently accessible and often surprising America's Constitution is an indispensable work bound to become a standard reference for any student of history and all citizens of the United States

The Papers of Jefferson Davis Jefferson Davis, 1982-01-01 At the end of Volume 2 Jefferson Davis had left Congress to become a colonel in the First Mississippi Regiment The first item in

this volume is a speech as he prepares to leave on a riverboat to serve in the Mexican War The years 1846 through 1848 see Davis play a conspicuous role in the war and in the subsequent political clashes and controversies over slavery Volume 3 details Davis first experience in battle as an officer of a regiment as well as his initial term as a U S senator He received both praise and criticism for his leadership in Mexico In 1847 he returned to Mississippi a wounded hero of national fame refused a brigadier generalship and took his place in the U S Senate There are several items of correspondence with Zachary Taylor that shed light on Taylor s attitude toward the proposed nomination that would lead to his election as president in 1848 Davis first wife was Taylor s daughter and in spite of political and family differences the two men maintained a close friendship In a major speech in July 1848 Davis protested the formal prohibition of slavery from the Oregon Territory he then voted for the Senate s compromise bill on Oregon Volume 3 of The Papers of Jefferson Davis includes letters to and from Davis his speeches in chronological order and other documents further illuminating Davis character opinions philosophy and personal relationships as well as continuing the development of his military career The Federalist Papers and the New Institutionalism Bernard Grofman,Donald A. Wittman,1989 The Madisonian approach to institutional design as set forth in The Federalist Papers is examined from the point of view of leading theorists of the public choice school who see themselves as the political heirs of that earlier legacy Bernard Grofman taught a course on representation in which the readings included both the Federalist Papers and Buchanan and Tullock s Calculus of Consent In teaching that course and as he writes forcing himself to reread the Federalist carefully for the first time since his own graduate student days his admiration for its authors already high grew **Landmark Legislation 1774-2012** Stephen W. Stathis,2014-01-17 The Second Edition of this renowned treasure trove of information about the most important laws and treaties enacted by the U S Congress now deepens its historical coverage and examines an entire decade of new legislation Landmark Legislation 1774 2012 includes additional acts and treaties chosen for their historical significance or their precedential importance for later areas of major federal legislative activity in the over 200 years since the convocation of the Continental Congress Brand new chapters expand coverage to include the last five numbered Congresses 10 years of activity from 2003 2012 which has seen landmark legislation in the areas of health insurance and health care reform financial regulatory reform fiscal stimulus and the Temporary Asset Relief Program federal support for stem cell research reform of federal financial support for public schools and higher education and much more Features Benefits Each chapter covers one of the numbered Congresses with a historical essay followed by the major acts of that Congress arranged in chronological order of passage with each act summarized A Finder s Guide summarizes all of the acts and treaties into approximately 40 separate topical policy areas The work s extensive bibliography has been expanded and updated This one volume resource is a must have for any public or academic library especially those with strong American history or political science collections Daniel Webster Harold D. Moser,2005-03-30 Daniel Webster captured the hearts and imagination of the American people of the first half of the

nineteenth century This bibliography on Webster brings together for the first time a comprehensive guide to the vast amount of literature written by and about this extraordinary man who dwarfed most of his contemporaries This bibliography also provides references to materials on slavery the tariff banking Indian affairs legal and constitutional development international affairs western expansion and economic and political developments in general This bibliography is divided into fifteen sections and covers every aspect of Webster s distinguished career Sections I and II deal primarily with Webster s writings and with those of his contemporaries Sections III through X cover the literature dealing with his family background childhood and education his long service in the United States House of Representatives and in the Senate his two stints as secretary of state and his career in law Section X provides guidance in locating materials relating to his associates Finally Sections XI through XV provide coverage of his personal life his death historiographical materials and iconography The Trial of Democracy Wang, Xi,2012-01-15 After the Civil War Republicans teamed with activist African Americans to protect black voting rights through innovative constitutional reforms a radical transformation of southern and national political structures The Trial of Democracy is a comprehensive analysis of both the forces and mechanisms that led to the implementation of black suffrage and the ultimate failure to maintain a stable northern constituency to support enforcement on a permanent basis The reforms stirred fierce debates over the political and constitutional value of black suffrage the legitimacy of racial equality and the proper sharing of power between the state and federal governments Unlike most studies of Reconstruction this book follows these issues into the early twentieth century to examine the impact of the constitutional principles and the rise of Jim Crow Tying constitutional history to party politics The Trial of Democracy is a vital contribution to both fields **Negotiation Games** Steven J. Brams,2003 Steven J Brams is one of the leading game theorists of his generation This new edition includes brand new material on topics such as fallback bargaining and principles of rational negotiation **Landmark Legislation 1774-2022** Stephen W. Stathis,2024-04-09 Landmark Legislation 1774 2022 Third Edition is a comprehensive guide to important laws and treaties enacted by the U S Congress This updated edition includes landmark legislation from the last five Congresses 2013 2022 on issues like climate change criminal justice education and more It features carefully selected acts and treaties with historical significance and has an updated index and bibliography for easy access A must have for public and academic libraries with American history or political science collections

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1971 Game Theory and Politics Steven J. Brams,2013-01-17 DIVMany illuminating and instructive examples of the applications of game theoretic models to problems in political science appear in this volume which requires minimal mathematical background 1975 edition 24 figures div Veto Bargaining Charles M. Cameron,2000-06-19 Combining game theory with unprecedented data this book analyzes how divided party Presidents use threats and vetoes to wrest policy concessions from a hostile congress
