Peggy Kendall; Claire Smith; Tim Ke, 2011-07-08 The many and continual advances in technology can be both exciting and
daunting exciting because of the multitude of opportunities at our grasp yet daunting when faced with the prospect of
keeping up with and or affording them This holds true in youth ministry where as youth workers we serve a population that
seems to be innately in tune with technology and what it offers We re all technological users but much of our adult expertise
pales before the intuitive use of our students What do we do Youth Ministry in a Technological Age seeks to offer a window
into understanding and using technology in youth ministry that is grounded theologically In this book researchers and people
involved in youth ministry share insights and make recommendations concerning how we approach and use technology in
youth ministry always recognizing our need to be faithful to the gospel of Jesus Christ Claire Smith **Beyond the Screen**
Andrew Zirschky, 2015-12-15 It s no secret that teenagers are perpetually connected via social media and mobile devices but
while we ve analyzed as a culture how youth are connecting we ve done less well at understanding why teenagers are drawn
to the glow of the screen Beyond the Screen explores the reality that teenagers use these technologies in desperate bid for
an intimacy and depth of relationship largely absent from face to face society and the church Employing the latest
ethnographic research on youth and digital media in tandem with theological reflection and interviews with teens themselves
author Andrew Zirschky provides a deeper glimpse into the world of teens and social media and gives new direction and
directives for ministering to Millennials Youth Ministry 3.0 Mark Oestreicher, 2008-11-04 Over the past several decades
there have been three significant shifts in youth culture each new shift brought with it different values and priorities in the
lives of teens Youth ministries adapted and responded to the first two shifts but we re missing the boat on the third The
result Youth ministry isn t addressing the realities and needs of today s youth culture After nearly three decades in youth
ministry Mark Oestreicher has lived through a lot of those shifts himself In recent years he s found himself wondering what
needs to change especially since so much of what we re doing in youth ministry today is not working In Youth Ministry 3 0
youth workers will explore along with Marko and the voices of other youth workers why we need change in youth ministry

from a ministry moving away from a dependence on programs to one that is focused on communion and mission They'll get a quick history of youth ministry over the last fifty years And they'll help dream about what changes need to take place in order to create the next phase of youth ministry the future that needs to be created for effective ministry to students *Youth Ministry in the 21st Century (Youth, Family, and Culture)* Chap Clark, 2015-08-11 There are many philosophies and strategies that drive today's youth ministry To most people they are variations on a single goal to make faithful disciples of young people However digging deeper into various programs books and concepts reveals substantive differences among approaches Bestselling author Chap Clark is one of the leading voices in youth ministry today In this multiview work he brings together a diverse group of leaders to present major views on youth ministry Chapters are written in essay response fashion by Fernando Arzola Greg Stier Ron Hunter Brian Cosby and Chap Clark As the contributors present their views and respond to each of the other views they discuss their task and calling giving readers the resources they need to develop their own approach to youth ministry Offering a model of critical thinking and respectful dialogue this volume provides a balanced irenic approach to a topic with which every church wrestles
