**Punishment** Malcolm M. Feeley,1979-10-03 It is conventional wisdom that there is a grave crisis in our criminal courts the widespread reliance on plea bargaining and the settlement of most cases with just a few seconds before the judge endanger the rights of defendants Not so says Malcolm Feeley in this provocative and original book Basing his argument on intensive study of the lower criminal court system Feeley demonstrates that the absence of formal due process is preferred by all of the court s participants and especially by defendants Moreover he argues it is not all clear that as a group defendants would be better off in a more formal court system since the real costs to those accused of misdemeanors and lesser felonies are not the fines and prison sentences meted out by the court but the costs incurred before the case even comes before the judge lost wages from missed work commissions to bail bondsmen attorney s fees and wasted time Therefore the overriding interest of the accused is not to secure the formal trappings of the judicial process but to minimize the time and money spent dealing with the court Focusing on New Haven Connecticut s lower court Feeley found that the defense and prosecution often agreed that the pre trial process was sufficient to teach the defendant a lesson In effect Feeley demonstrates that the informal practices of the lower courts as they are presently constituted are more just than they are usually given credit for being a book that should be read by anyone who is interested in understanding how courts work and how the criminal sanction is administered in modern complex societies Barry Mahoney Institute for Court Management Denver It is grounded in a firm grasp of theory as well as thorough field research Jack B Weinstein U S District Court Judge a feature that has long been the hallmark of good American sociology it recreates a believable world of real men and women Paul Wiles Law Society Review This book s findings are well worth the attention of the serious criminal justice student and the analyses reveal a thoughtful probing and provocative intelligence an important contribution to the debate on the role and limits of discretion in American criminal justice It deserves to be read by all those who are interested in the outcome of the debate Jerome H Skolnick American Bar Foundation Research Journal National Criminal Justice Thesaurus ,1998 **Annual Report of the National Institute of Law Enforcement and Criminal Justice** National Institute of Law Enforcement and Criminal Justice,1973 Annual Report National Institute of Law Enforcement and Criminal Justice,1978 Confronting Underground Justice William R. Kelly,2018-10-29 Plea negotiation is rife with due process concerns including a heightened risk of coerced pleas ignoring mens rea serious questions about assistance of counsel limited discovery and little litigation of

the evidence the conviction of innocent defendants and significant questions about fairness and equity Plea negotiation is also the fast track to criminal conviction tough punishment and mass incarceration From the perspective of public policy plea negotiation perpetuates a harm based retribution focused system of crime and punishment Because of the failures of public health the justice system has become a dumping ground for hundreds of thousands of mentally ill substance addicted and abusing and neurocognitively impaired offenders And because of a tough on crime mentality and lack of information and options the justice system routinely prosecutes and punishes these offenders The evidence is quite clear that punishment does nothing to improve these circumstances and often exacerbates them The result as one would predict is extraordinarily high rates of reoffending propelling the revolving door of the justice system Confronting Underground Justice takes a close look at plea negotiation criminal prosecution public defense and pretrial justice systems and identifies a wide variety of problems and concerns with each William R Kelly and Robert Pitman provide key decision makers with the tools to make better more informed decisions regarding pre trial detention prosecution and plea deals criminal defense and diversion to treatment Critical to this effort is redefining roles responsibilities and the culture of criminal justice by prosecutors judges and defense counsel accepting responsibility for reducing recidivism and embracing problem solving as a primary decision making strategy Kelly and Pitman combine decades of academic research and policy expertise with real world experience in the court system as a judge and prosecutor to develop innovative and comprehensive reform Confronting Underground Justice provides a prescriptive roadmap for how to fundamentally reinvent plea negotiation pre trial decision making criminal prosecution and public defense to effectively reduce recidivism and save money **Your Divorce Advisor** Diana
