Proceedings Of The 15th Meeting Of The French Colonial Historical Society Martinique And Guadeloupe:

Haitian Revolutionary Studies David Patrick Geggus,2002-08-12 The Haitian Revolution of 1789 1803 transformed the Caribbean's wealthiest colony into the first independent state in Latin America encompassed the largest slave uprising in the Americas and inflicted a humiliating defeat on three colonial powers In *Haitian Revolutionary Studies* David Patrick Geggus sheds new light on this tremendous upheaval by marshaling an unprecedented range of evidence drawn from archival research in six countries Geggus's fine grained essays explore central issues and little studied aspects of the conflict including new historiography and sources the origins of the black rebellion and relations between slaves and free people of color The contributions of vodou and marronage to the slave uprising Toussaint Louverture and the abolition question the policies of the major powers toward the revolution and its interaction with the early French Revolution are also addressed Questions about ethnicity identity and historical knowledge inform this essential study of a complex revolution

Proceedings of the ... Meeting of the French Colonial Historical Society French Colonial Historical Society. Meeting,1996 *A Turbulent Time* David Barry Gaspar,David Patrick Geggus,1997-03-22 Stimulating incisive insightful sometimes revisionist this volume is required reading for historians of comparative colonialism in an age of revolution Choice An eminently original and intellectually exciting book William and Mary Quarterly This volume examines several slave societies in the Greater Caribbean to illustrate the pervasive and multi layered impact of the revolutionary age on the region Built precariously on the exploitation of slave labor organized according to the doctrine of racial discrimination the plantation colonies were particularly vulnerable to the message of the French Revolution which proved all the more potent because it coincided with the emergence of the antislavery movement in the Atlantic world and interacted with local traditions of resistance among the region's slaves free coloreds and white colonists

General History of the Caribbean UNESCO Volume 6 NA NA,2019-06-12 Volume6 looks at the ways historians have written the history of the region depending upon their methods of interpretation and differing styles of communicating their findings The authors examine how the lingual diversity of the region has affected the historian's ability to coalesce an historical account The second half of the volume describes the writing of history in the individual territories taking into account changes in society economy and political structure This volume concludes with a detailed bibliography that is comprehensive of the entire series

Historic Cities of the Americas David F. Marley,2005-09-12 With rare maps prints and photographs this unique volume explores the dramatic history of the Americas through the birth and development of the hemisphere's great cities Written by award winning author David F Marley *Historic Cities of the Americas* covers the hard to find information of these cities earliest years including the unique aspects of each region's economy and demography such as the growth of local mining trade or industry The chronological layout aided by the numerous maps and photographs reveals the exceptional changes relocations destruction and transformations these cities endured to become the metropolises they are today *Historic Cities of the*

Americas provides over 70 extensively detailed entries covering the foundation and evolution of the most significant urban areas in the western hemisphere. Critically researched, this work offers a rare look into the times prior to Christopher Columbus' arrival in 1492 and explores the common difficulties overcome by these European conquered or founded cities as they flourished into some of the most influential locations in the world. *Index of Conference Proceedings*, 1993. Wild Frenchmen and Frenchified Indians Sophie White, 2013-01-14. Based on a sweeping range of archival visual and material evidence, *Wild Frenchmen and Frenchified Indians* examines perceptions of Indians in French colonial Louisiana and demonstrates that material culture, especially dress, was central to the elaboration of discourses about race. At the heart of France's seventeenth-century plans for colonizing New France was a formal policy of Frenchification, intended to turn Indians into Catholic subjects of the king; it also carried with it the belief that Indians could become French through religion, language, and culture. This fluid and mutable conception of identity carried a risk: while Indians had the potential to become French, the French could themselves be transformed into Indians. French officials had effectively admitted defeat of their policy by the time Louisiana became a province of New France in 1682. But it was here in Upper Louisiana that proponents of French Indian intermarriage finally claimed some success with Frenchification. For supporters, proof of the policy's success lay in the appearance and material possessions of Indian wives and daughters of Frenchmen. Through a sophisticated interdisciplinary approach to the material sources, *Wild Frenchmen and Frenchified Indians* offers a distinctive and original reading of the contours and chronology of racialization in early America. While focused on Louisiana, the methodological model offered in this innovative book shows that dress can take center stage in the investigation of colonial societies for the process of colonization was built on encounters mediated by appearance. *General History of the Caribbean* Higman, B.W., UNESCO, 1995-06-21. This volume looks at the ways historians have written the history of the region depending upon their methods of interpretation and differing styles of communicating their findings. The chapters discussing methodology are followed by studies of particular themes of historiography. The second half of the volume describes the writing of history in the individual territories, taking into account changes in society, economy, and political structure. The final section is a full and detailed bibliography serving not only as a guide to the volume but also as an invaluable reference for the *General History of the Caribbean* as a whole. **Philanthropy and Race in the Haitian Revolution** Erica R. Johnson, 2018-06-19. This book examines the ways in which a minority of primarily white male French philanthropists used their social standing and talents to improve the lives of peoples of African descent in Saint Domingue during the crucial period of the Haitian Revolution. They went to great lengths to advocate for the application of universal human rights through political activities, academic societies, religious charity, influence on public opinion, and fraternity in the armed services. The motives for their benevolence ran the gamut from genuine altruism to the selfish pursuit of prestige, which could on occasion lead to political or economic benefit from aiding blacks and people of color. This book offers a view that takes into account the efforts of all peoples who worked to

end slavery and establish racial equality in Saint Domingue and challenges simplistic notions of the Haitian Revolution which lean too heavily on an assumed strict racial divide between black and white

French Missionaries in Acadia/Nova Scotia, 1654-1755 Matteo Binasco, 2022-10-11 This book investigates and assesses how and to what extent the French Catholic missionaries carried out their evangelical activity amid the natives of Acadia Nova Scotia from the mid seventeenth century until 1755 the year of the Great Deportation of the Acadians It provides a new understanding of the role played by the French missionaries in the most peripheral and less populated area of Canada during the colonial period The decision to focus on this period is dictated by the need to investigate how and to which extent the French missionaries sought to carry out their activity within a contested territory which was exposed to the pressures coming out of both French and British imperial interests

Rome and Irish Catholicism in the Atlantic World, 1622-1908 Matteo Binasco, 2018-10-16 This book builds upon research on the role of Catholicism in creating and strengthening a global Irish identity complementing existing scholarship by adding a Roman perspective It assesses the direct agency of the Holy See its role in the Irish collective imagination and the extent and limitations of Irish influence over the Holy See s policies and decisions Revealing the centrality of the Holy See in the development of a series of missionary connections across the Atlantic world and Rome the chapters in this collection consider the formation causes and consequences of these networks both in Ireland and abroad The book offers a long dur e perspective covering both the early modern and modern periods to show how Irish Catholicism expanded across continental Europe and over the Atlantic across three centuries It also offers new insights into the history of Irish migration exploring the position of the Irish Catholic clergy in Atlantic communities of Irish migrants

Before Haiti: Race and Citizenship in French Saint-Domingue J. Garrigus, 2006-06-24 Please note this is a Palgrave to Order title PTO Stock of this book requires shipment from an overseas supplier It will be delivered to you within 12 weeks This book details how France s most profitable plantation colony became Haiti Latin America s first independent nation through an uprising by slaves and the largest and wealthiest free population of people of African descent in the New World Garrigus explains the origins of this free colored class exposes the ways its members supported and challenged slavery and examines how they shaped a new American identity

The Rule of the Admirals Jerry Bannister, Osgoode Society for Canadian Legal History, 2003-01-01 Jerry Bannister s *The Rule of the Admirals* examines governance in Newfoundland from the rule of the fishing admirals in 1699 to the establishment of representative government in 1832 It offers the first in depth account of the rise and fall of the system of naval government that dominated the island for more than a century In this provocative look at legal culture in eighteenth and nineteenth century Newfoundland Bannister explores three topics in detail naval government in St John s surrogate courts in the outports and patterns in the administration of law He challenges the conventional view that early Newfoundland was a lawless frontier isolated from the rest of the Atlantic world and argues that an effective system of naval government emerged to meet the needs of those in power An original and perceptive work Bannister s argument demands

that we reconsider much of our knowledge of early Newfoundland history As he re examines governance prior to an elected assembly and places his analysis firmly within the material conditions of Newfoundland society Bannister provides a groundbreaking reinterpretation of a critical period in the island s colonial development Ultimately The Rule of the Admirals sheds light on one of the most misunderstood chapters in Canadian and British colonial history **Slavery and Slaving in World History: A Bibliography, 1900-91: v. 1** David Y Miller,2019-07-23 This bibliography of 20th century literature focuses on slavery and slave trading from ancient times through the 19th century It contains over 10 000 entries with the principal sections organizing works by the political geographical frameworks of the enslavers **Caribbean New Orleans** Cécile Vidal,2019-04-23 Combining Atlantic and imperial perspectives Caribbean New Orleans offers a lively portrait of the city and a probing investigation of the French colonists who established racial slavery there as well as the African slaves who were forced to toil for them Casting early New Orleans as a Caribbean outpost of the French Empire rather than as a North American frontier town Cécile Vidal reveals the persistent influence of the Antilles especially Saint Domingue which shaped the city s development through the eighteenth century In so doing she urges us to rethink our usual divisions of racial systems into mainland and Caribbean categories Drawing on New Orleans s rich court records as a way to capture the words and actions of its inhabitants Vidal takes us into the city s streets market taverns church hospitals barracks and households She explores the challenges that slow economic development Native American proximity imperial rivalry and the urban environment posed to a social order that was predicated on slave labor and racial hierarchy White domination Vidal demonstrates was woven into the fabric of New Orleans from its founding This comprehensive history of urban slavery locates Louisiana s capital on a spectrum of slave societies that stretched across the Americas and provides a magisterial overview of racial discourses and practices during the formative years of North America s most intriguing city **French Anti-Slavery** Lawrence C. Jennings,2000-06-05 This book provides a detailed study of French anti slavery forces in the nineteenth century **Religion, Space, and the Atlantic World** John Corrigan,2017-11-30 An interdisciplinary exploration of the influence of physical space in the study of religion While the concept of an Atlantic world has been central to the work of historians for decades the full implications of that spatial setting for the lives of religious people have received far less attention In Religion Space and the Atlantic World John Corrigan brings together research from geographers anthropologists literature scholars historians and religious studies specialists to explore some of the possibilities for and benefits of taking physical space more seriously in the study of religion Focusing on four domains that most readily reflect the importance of Atlantic world spaces for the shape and practice of religion texts design distance and civics these essays explore subjects as varied as the siting of churches on the Peruvian Camino Real the evolution of Hispanic cathedrals Methodist identity in nineteenth century Canada and Lutherans in early eighteenth century America Such essays illustrate both how the organization of space was driven by religious interests and how religion adapted to spatial ordering and reordering initiated

by other cultural authorities The case studies include the erasure of Native American sacred spaces by missionaries serving as cartographers which contributed to a view of North America as a vast expanse of unmarked territory ripe for settlement Spanish explorers and missionaries reorganized indigenous built space to impress materially on people the surveillance power of Crown and Church The new environment and culture often transformed old institutions as in the reconception of the European cloister into a distinctly American space that offered autonomy and solidarity for religious women and served as a point of reference for social stability as convents assumed larger public roles in the outside community Ultimately even the ocean was reconceptualized as space itself rather than as a connector defined by the land masses that it touched requiring certain kinds of religious orientations to both space and time that differed markedly from those on land Collectively the contributors examine the locations and movement of people ideas texts institutions rituals power and status in and through space They argue that just as the mental organization of our activity in the world and our recall of events have much to do with our experience of space we should take seriously the degree to which that experience more broadly influences how we make sense of our lives

Encyclopédie noire Sara E. Johnson, 2023-11-06 If you peer closely into the bookstores salons and diplomatic circles of the eighteenth century Atlantic world M d ric Louis lie Moreau de Saint M ry is bound to appear As a lawyer philosophe and Enlightenment polymath Moreau created and compiled an immense archive that remains a vital window into the social political and intellectual fault lines of the Age of Revolutions But the gilded spines and elegant designs that decorate his archive obscure the truth Moreau s achievements were predicated upon the work of enslaved people and free people of color Their labor afforded him the leisure to research think and write Their rich intellectual and linguistic cultures filled the pages of his most applauded works Every beautiful book Moreau produced contains an embedded story of hidden violence Sara Johnson s arresting investigation of race and knowledge in the revolutionary Atlantic surrounds Moreau with the African descended people he worked so hard to erase immersing him in a vibrant community of language innovators forgers of kinship networks and world travelers who strove to create their own social and political lives Built from archival fragments creative speculation and audacious intellectual courage Encyclop die noire is a communal biography of the women and men who made Moreau s world *French Colonial Louisiana and the Atlantic World* Bradley G.

Bond, 2005-07 French colonial Louisiana has failed to occupy a place in the historic consciousness of the United States perhaps owing to its short duration 1699 1762 and its standing outside the dominant narrative of the British colonies in North America This anthology seeks to locate early Louisiana in its proper place bringing together a broad range of scholarship that depicts a complex and vibrant sphere Colonial Louisiana comprised the vast center of what would become the United States It lay between Spanish British and French colonies in North America and the Caribbean and between woodland and eastern plains Indians As such it provided a meeting place for Europeans Africans and native Americans functioning as a crossroads between the New World and other worlds While acknowledging colonial Louisiana s peripheral

position in U S and Atlantic World history this volume demonstrates that the colony stands at the thematic center of the shared narratives and historiographies of diverse places Through its twelve essays French Colonial Louisiana and the Atlantic World tells a whole story the story of a place that belongs to the historic narrative of the Atlantic World **Past Forward**

James Sabathne,Jason Stacy,2016-09 Over the last fifteen years undergraduate U S history courses have made great progress in incorporating primary sources and diverse voices into the survey However teachers still struggle to find professional writing by working historians in a format useful to undergraduates Also in 2014 the College Board redesigned the AP U S History curriculum and assessments to require students to demonstrate a critical approach to historical writing by professional historians These facts have increased demand among teachers for access to high quality secondary material by professional historians in a single convenient publication Past Forward Articles from the Journal of American History selects some of the best articles from The Journal of American History to meet the needs of students and teachers of the U S history survey Exploring all of the required key concepts and historical thinking skills required in the new AP U S History curriculum the book provides pedagogical and historiographical supports for each article It also contains concise academic biographies of the authors that highlight their path to practicing history and their major publications which will draw students deeper into historical discourses

The Top Books of the Year Proceedings Of The 15th Meeting Of The French Colonial Historical Society Martinique And Guadeloupe The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have charmed audiences this year. Proceedings Of The 15th Meeting Of The French Colonial Historical Society Martinique And Guadeloupe : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Proceedings Of The 15th Meeting Of The French Colonial Historical Society Martinique And Guadeloupe : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
