Carlson, 2012-12-31 Criminal Justice Procedure gives clear guidance on the most common questions faced by today's law enforcement offering fresh look at 21st century pre trial protocol Unlike other case books this newly revised edition eschews legal theory in favor of the practical know how needed to not to parse but apply criminal law Emphasis has been placed on just exactly how practitioners should conduct hot button procedures such as airport and border searches Moreover the book also addresses the often dire implications of deviating from proper practice how a false step can translate into a violation of individual rights or the inability to successfully prosecute the guilty This edition has been specifically designed for CJ undergraduate programs rather than higher level law schools and completely reorganized for a more logical flow of topics Moreover it is newly focused on the most crucial practical applications of the law in the CJ context There is also added emphasis on the Fourth Fifth and Sixth Amendments Renewed emphasis on information needed by CJ undergraduates and practitioners rather than law students Includes a completely reorganized more logical table of contents that supports the development of those reasoning and critical thinking skills needed to put the law in action Added pedagogy and a much richer set of accompanying online resources help students apply case law to other sets of facts *Index to Legal Periodicals* Eldon Revare James, 1922 **Handbook of the Association of American Law Schools and Proceedings of the ...**
