Reading Made Easy Tamara K Bartley, 2022-03-28 *Reading Made Easy* provides a step by step guided approach for parents and teachers to help students achieve their introductory basic reading goals Parents are often quite willing but ill prepared for teaching their children how to read Teachers are rarely able to source an all in one guide for their students Students are provided with suitable content

and activities to build their reading skills The lessons start from the very basic letter and sound recognition blending reading nonsense words and sight high frequency words The student should be introduced to the content one page at a time No student should be allowed to proceed to the next page until mastery of the previous page is achieved For example a child who has not mastered correctly naming each letter of the alphabet should not advance to letter sounds Mastery is attained when the student makes fewer than 3 mistakes per page By allowing the student to master the content of each lesson before advancing it ensures that all the components for successful reading are thoroughly explored
