

# PERSPECTIVE

Good readers understand that perspective influences point of view when telling a story.

Perspective is a person's experiences, background knowledge, preferences, feelings, and thoughts. Everyone's perspective is unique!

Example:

A big dog is walking down the street without a leash or its owner.

Sally - has a pet dog at home that looks similar.

John - Was bitten by a dog last year.

➡ How will they react differently?  
How will each of them talk about this later?  
How will they feel if it happened again?

Remember:

When you are asked to rewrite a story from a different point of view, you must consider the perspective of the characters. Write thoughts, actions, and feelings that reflect that perspective.
