**J. Vernon Jensen**

## **Readings In Mass Communication 1995:**

*Mass Media* James B. Martin, 2002 Mass media has become an integral part of the human experience News travels around the world in a split second affecting people in other countries in untold ways Although being on top of the news may be good at least for news junkies mass media also transmits values or the lack thereof condenses complex events and thoughts to simplified sound bites and often ignores the essence of an event or story The selective bibliography gathers the books and magazine literature over the previous ten years while providing access through author title and subject indexes

*Readings in Mass Communication* Kimberly K. Massey, 2002 This reader is designed to supplement any core textbook in Introduction to Mass Communication The goal of the reader is to help students think more critically about the media By drawing from a wide variety of sources and political and cultural viewpoints this collection is predicated on the fact that students learn about the media mainly through the media by reading or hearing about media in media publications or broadcasts These articles are drawn mostly from popular and alternative media and take a hard and critical look at the political and social forces that drive media decision making     Mass Communications Research Resources Christopher Sterling, James K. Bracken, Susan M. Hill, 2016-05-06 This reference book is designed as a road map for researchers who need to find specific information about American mass communication as expeditiously as possible Taking a topical approach it integrates publications and organizations into subject focused chapters for easy user reference The editors define mass communication to include print journalism and electronic media and the processes by which they communicate messages to their audiences Included are newspaper magazine radio television cable and newer electronic media industries Within that definition this volume offers an indexed inventory of more than 1 400 resources on most aspects of American mass communication history technology economics content audience research policy and regulation The material featured represents the carefully considered judgment of three experts two of them librarians plus four contributors from different industry venues The primary focus is on the domestic American print and electronic media industries Although there is no claim to a complete census of all materials on print journalism and electronic media what is available is now too vast for any single guide the most important and useful items are here The emphasis is on material published since 1980 though useful older resources are included as well Each chapter is designed to stand alone providing the most important and useful resources of a primary nature organizations and documents as well as secondary books and reports In addition online resources and internet citations are included where possible     Media/Society David Croteau, William Hoynes, 2003 The Third Edition of this popular text provides students with an overview of the entire media process with an emphasis on how social forces influence the media and how media potentially affect society     **Media, Culture and Society** Paul Hodkinson, 2010-10-15 In his beautifully balanced clear and broad ranging account of a fast changing field Paul Hodkinson has successfully brought together myriad perspectives with which to critically analyse today s media culture and media

society Sonia Livingstone Professor of Media Media Power and Control which addresses questions of the media and manipulation the construction of news public service broadcasting censorship commercialization and Media Identity and Culture which covers issues of the media and ethnicity gender subcultures audiences and fans The book is notable for Logical and coherent organization Clarity of expression Use of relevant examples Fair minded criticism Zestful powers of analysis It has all of the qualities to be adopted as core introductory text in the large and buoyant field of media and communication studies

*The Mediated World* David T. Z. Mindich, 2023-12-11 A full color interdisciplinary exploration of how media and mass communication shape society and how students can take control of their media futures Today's students have a world of knowledge at their fingertips and no longer need books to list names and dates What they need is the story of how everything fits together and the critical tools to take charge of their place within that story David T Z Mindich's *The Mediated World* charts the story of media as it has shaped human life and as it infuses every aspect of our modern existence Mindich's engaging narrative style focuses on concepts and real world contexts to promote the media literacy students need to understand their personal relationships with media Empowered as media consumers creators and curators students realize their responsibility to work within the vast world of media to create more positive and productive futures The second edition of this text brings historical media and overarching themes to life for students Each chapter opens with a contemporary vignette that meets students in the current moment before encouraging them to consider the past Application sidebars suggest practical activities that allow students to delve deeper into topics while Reflection boxes encourage students to think critically about their own media use With a strong emphasis on media literacy that treats students as media stakeholders who have a vested interest in understanding its workings and effects Mindich's text is the perfect book for a generation of students looking to take charge of their futures in this mediated world New to the Second Edition New chapter opening vignettes connect with students in the current moment before welcoming them to consider the past New Chapter 8 Representation and the Lives that Matter in the Media encourages students to think critically about which people get to be heard and which are overlooked New Chapter 13 Hot and Cold Video Games critically explores a powerful media force in students recreational lives Expanded discussions on current cultural political and technological references engaging with controversies Features Full color layout with photos and graphics to enrich students reading experience Integrated focus on representation in media reminds students of the pervasive impact of bias across society Margin keyword definitions help students develop critical vocabularies Three different feature boxes Reflection Application and Now and Then reinforce concepts and engage students critical thinking skills Chapter learning objectives chapter summaries and discussion questions reinforce historical frameworks and key concepts Access ancillary materials at <https://textbooks.rowman.com/mindich2e> For instructors a test bank lecture notes and slides and a sample syllabus For the students chapter flashcards a digital glossary and videos and links

**Anthropology & Mass Communication** Mark Allen Peterson, 2005 Anthropological

interest in mass communication and media has exploded in the last two decades engaging and challenging the work on the media in mass communications cultural studies sociology and other disciplines This is the first book to offer a systematic overview of the themes topics and methodologies in the emerging dialogue between anthropologists studying mass communication and media analysts turning to ethnography and cultural analysis Drawing on dozens of semiotic ethnographic and cross cultural studies of mass media it offers new insights into the analysis of media texts offers models for the ethnographic study of media production and consumption and suggests approaches for understanding media in the modern world system Placing the anthropological study of mass media into historical and interdisciplinary perspectives this book examines how work in cultural studies sociology mass communication and other disciplines has helped shape the re emerging interest in media by anthropologists

**Readings in Law and Popular Culture** Steven Greenfield, Guy Osborn, 2007-05-07 Readings in Law and Popular Culture is the first book to bring together high quality research with an emphasis on context from key researchers working at the cutting edge of both law and cultural disciplines Fascinating and varied the volume crosses many boundaries dealing with areas as diverse as football based computer games Buffy the Vampire Slayer digital sampling in the music industry the films of Sidney Lumet football hooliganism and Enid Blyton These topics are linked together through the key thread of the role of or the absence of law therefore providing a snapshot of significant work in the burgeoning field of law and popular culture Including important theoretical and truly innovative relevant material this contemporary text will enliven and inform a legal audience and will also appeal to a much broader readership of people interested in this highly topical area

Reading Media Theory Brett Mills, David M. Barlow, 2014-06-11 What does the Frankfurt School have to say about the creative industries Does the spread of Google prove we now live in an information society How is Madonna an example of postmodernism How new is new media Does the power of Facebook mean we re all media makers now This groundbreaking volume part reader part textbook helps you to engage thoroughly with some of the major voices that have come to define the landscape of theory in media studies from the public sphere to postmodernism from mass communication theory to media effects from production to reception and beyond But much more than this by providing assistance and questions directly alongside the readings it crucially helps you develop the skills necessary to become a critical informed and analytical reader Each reading is supported on the facing page by author annotations which provide comments dissect the arguments explain key ideas and terminology make references to other relevant material and pose questions that emerge from the text Key features Opening chapters What is theory and What is reading bring alive the importance of both as key parts of media scholarship Pre reading substantial Introductory sections set each text and its author in context and show the relevance of the reading to contemporary culture Post reading Reflection sections summarise each reading s key points and suggests further areas to explore and think about 4 types of annotations help you engage with the reading context content structure and writing style as well as questions to provoke further thought

Split into 4 sections Reading theory Key thinkers and schools Approaches and Media Theory in context New to the second edition New chapters on New Media and Audiences as Producers Reading Media Theory will assist you in developing close reading and analytic skills It will also increase your ability to outline key theories and debates assess different case studies critically link theoretical approaches to a particular historical context and to structure and present an argument As such it will be essential reading for undergraduate and postgraduate students of media studies cultural studies communication studies the sociology of the media popular culture and other related subjects      *Understanding Media Semiotics* Marcel Danesi, 2018-11-15 Media semiotics is a valuable method of focusing on the hidden meanings within media texts This new edition brings *Understanding Media Semiotics* fully up to date and is written for students of the media of linguistics and those interested in studying the ever changing media in more detail Offering an in depth guide to help students investigate and understand the media using semiotic theory this book assumes little previous knowledge of semiotics or linguistics avoiding jargon and explaining the issues step by step With in depth case studies practical accounts and directed further reading *Understanding Media Semiotics* provides students with all the tools they need to understand semiotic analysis in the context of the media Semiotic analysis is sometimes seen as complicated and difficult to understand Marcel Danesi shows that on the contrary it can be readily understood and can greatly enrich students understanding of media texts from print media right through to the internet and apps      *The Educational Role of the Museum* Eilean Hooper-Greenhill, 1999 Grounded in the strengths of its first edition this book has been restructured to include new papers and recent articles and presents front running theory and practice as it addresses the relationships of museums and galleries to their audiences

*The SAGE International Encyclopedia of Mass Media and Society* Debra L. Merskin, 2019-11-12 The SAGE International Encyclopedia of Mass Media and Society discusses media around the world in their varied forms newspapers magazines radio television film books music websites social media mobile media and describes the role of each in both mirroring and shaping society This encyclopedia provides a thorough overview of media within social and cultural contexts exploring the development of the mediated communication industry mediated communication regulations and societal interactions and effects This reference work will look at issues such as free expression and government regulation of media how people choose what media to watch listen to and read and how the influence of those who control media organizations may be changing as new media empower previously unheard voices The role of media in society will be explored from international multidisciplinary perspectives via approximately 700 articles drawing on research from communication and media studies sociology anthropology social psychology politics and business      *From Chicago to L.A.* Michael Dear, 2001-08-09 From Chicago to L A begins the task of defining an alternative agenda for urban studies and examines the case for shifting the focus of urban studies from Chicago to Los Angeles The authors experienced scholars from a variety of disciplines examine The concepts that have blocked our understanding of Southern California cities The imaginative structures that people have

been using to understand and explain Los Angeles The utility of the Los Angeles School of urbanism      *Readings in African Popular Culture* Karin Barber, 1997 This is an extraordinarily rich collection full of informative detail and excellent interpretative analysis There is not a single piece that fails to fascinate Leeds African Studies Bulletin an impressive collection of inspiring and thought provoking essays Media Development This is a book that should find its way into many syllabuses and onto the bookshelves of Africanist scholars in many disciplines Its publication marks a key turning point in scholarship on the cultures of contemporary Africa Africa Today This book surveys the popular culture of contemporary Africa including popular literature oral narrative and poetry dance drama music and visual art with special emphasis on the verbal arts The essays cover six main areas views of the field oral tradition revisited social history social criticism and interpretation women in popular culture little genres of everyday life the local and the global      Understanding the Media Eoin Devereux, 2007-07-25 The second edition of Understanding the Media updates what has been recognised as a successful introduction to the study of the mass media The author furnishes examples from all around the world underpinning the emphasis the book places on the concept of globalisation in understanding the modern media The readings and questions force students to reflect critically on issues and encourage them to explore their own media consumption habits The chapters are well organised and user friendly with the chapter on globalisation highly recommended Introductions to media globalisation often fail to provide a succinct and clear overview for first year students this chapter cracks the problem with a pithy description of the basic concepts and debates interlaced with illuminating case studies and illustrative examples The strength of Eoin Devereux's text is that the examples are familiar and relevant to present day students and his style does not patronise or talk down to them Clearly written comprehensive well organised and up to date This is an excellent introductory text for media studies students Times Higher Education Praise for the first edition An interesting book to read written in a simple and transparent style and interlaced with topical up to date examples of media events Journal of Educational Media This is a well organized well informed student friendly textbook ideal for first year undergraduates as a kicking off point into the field of media and communications research It deserves to be widely taken up European Journal of Communication Understanding the Media introduces key theoretical issues in media analysis and encourages students to use case studies to examine their own personal media use and exposure Devereux applies a model of media analysis that gives equal weight to the production content and reception of media texts A particular emphasis is placed on understanding the mass media in a social context and readers are invited to engage with a variety of questions about the increasingly complex mediascape in which we live our everyday lives Now thoroughly revised and expanded this Second Edition Includes an additional chapter which draws together the book's key themes Contains new and revised case studies with expanded discussions on media audiences and fandom and blogging New and revised extracted readings in every chapter In addition the book is now accompanied by an ancillary website with resources for students as well as slides for tutorials lectures Each chapter contains

concise summaries exercises extracts from experts in the field model exam and essay questions as well as directions for further reading and research This practical dimension to Understanding the Media will ensure that the book appeals to both teachers and students of the media in the 21st Century      *Ethical Issues in the Communication Process* J. Vernon Jensen, 2013-11-05 A rapid and widespread growth of interest in applied ethics is occurring today not only in the United States but around the world as well Academia both reflects this and is a leader in the movement The field of speech communication shares in this increased sensitivity to ethical concerns Students and the general public are looking for thoughtful analyses and guidance in all areas of communication Ethical concerns relative to mass communication have been the subject of a number of books but only a very few cover the entire scope of communication to include interpersonal intercultural organizational small groups and public speaking This book tries to fill that need by discussing ethical concerns as they emerge in the areas of the communication process the communicator the message the media the audience and the situation The speech communication field now has a need to digest and synthesize the existing research findings and the general literature in the field and in related humanities and social science works into a coherent and nontechnical discussion This volume explores the most up to date materials to provide just such a synthesis An extensive bibliography at the end of the book gives readers the sources on which the book is based and offers ample avenues for further personal exploration The book should provide meaningful food for thought as readers grapple conscientiously with the many everyday decisions made in communication transactions and in evaluating the communication of others      *Communicating Fashion* Myles Ethan Lascity, 2021-03-25 Winner of the John G Cawelti Award for Best Textbook Primer How did you decide what to wear today Did you base your selection on comfort or style Did you want to blend in or stand out or was it just the cleanest outfit available We each make these decisions every day reflecting how we view ourselves and impacting how others see us Our choices matter not just to us personally but also to the magazine editors brand ambassadors and trend forecasters who make a living by selling to us Communicating Fashion introduces key concepts from the intersecting worlds of fashion and communication studies to connect how we all use clothing to express ourselves and how media systems support that process In doing so Myles Ethan Lascity explores social cultural and ethical issues through the work of fashion journalism brand promotions and the growing role of online influencers as well as the impact of film television and art on self image and expression Key topics Advertising Branding and Fashion Retail Clothing Art and Cultural Significance Clothing as Group and Cultural Norms Clothing Identity and Interpersonal Communication Fashion News and Tastemaking Fashion Social Media and Influencers Meaning within the Fashion System On screen Clothing      *Communication in Latin America* Richard R. Cole, 1996 The twelve essays written exclusively for this publication examine either an aspect of the mass media in the region or the media in a particular country during a number of stages of its political development      *Influences of the Mass Media* Roger Haney, 2024-10-09 Useful to both professional persuaders and students of media effects this book presents theories and

empirical research on methods of social influence including advertising agenda setting propaganda public relations and public communication campaigns The reader first learns how source credibility affects persuasion and the theories that account for persuasion effects followed by research on the third person effect the belief that others are affected by persuasion attempts but not ourselves A chapter on the effects of advertising follows including effects on children and research on subliminal messages The third chapter presents theories and research on the notion of agenda setting and the finding that while the media may not be overly effective in persuasion it is effective in getting the audience to believe issues covered by the media are the most important facing society The final chapter covers the history of propaganda the development of public relations and the effectiveness of government campaigns such as the Smokey the Bear campaign and various health campaigns

**The Circuit of Mass Communication** David Miller, 1998-01-28 This book moves beyond the narrow focus of much of the work on media and cultural studies to examine the whole process of interaction between the media and the social world Rejecting approaches which focus only on ownership or discourse or audience reception this new book from the Glasgow Media Group examines promotional strategies media production representation and audience responses as well as broader impacts on policy culture and society Using a detailed analysis of the struggle over representation during the AIDS crisis as point of departure The Circuit of Mass Communication reveals the power of the media to influence public opinion and the complex interaction between media coverage audience response
