

Stage	Basic Conflict	Important Events	Key Questions to be answered	Outcome
Infancy (0 to 18 months)	Trust vs. Mistrust	Feeding/ Comfort	Is my world safe?	Children develop a sense of trust when caregivers provide reliability, care and affection. A lack of this will lead to mistrust.
Early Childhood (2 to 3)	Autonomy vs. Shame and Doubt	Toilet Training/ Dressing	Can I do things by myself or need I always rely on others?	Children need to develop a sense of personal control over physical skills and a sense of independence. Success leads to feeling of autonomy, failure results in feelings of shame and doubt.
Preschool (3 to 5)	Initiative vs. Guilt	Exploration/ Play	Am I good or bad?	Children need to begin asserting control and power over the environment. Success in this state leads to a sense of purpose. Children who try to exert too much power experience disapproval, resulting in a sense of guilt.
School Age (6 to 11)	Industry vs. Inferiority	School/ Activities	How can I be good?	Children need to cope with new social and academic demands. Success leads to a sense of competence, while failure results in feeling of inferiority.
Adolescence (12 to 18)	Identity vs. Role Confusion	Social Relationships/ Identity	Who am I and where am I going?	Teens need to develop a sense of self and personal identity. Success leads to an ability to stay true to yourself, while failure leads to role confusion and a weak sense of self.
Young Adult (19 to 40)	Intimacy vs. Isolation	Intimate Relationships	Am I loved and wanted?	Young adults need to form intimate, loving relationships with other people. Success leads to strong relationships, while failure results in loneliness and isolation.
Middle Adulthood (40 to 65)	Generativity vs. Stagnation	Work and Parenthood	Will I provide something of real value?	Adults need to create or nurture things that will outlast them, often by having children or creating a positive change that benefits other people. Success leads to feelings of usefulness and accomplishment, while failure results in shallow involvement in the world.
Maturity (65 to death)	Ego Identity vs. Despair	Reflection on life	Have I lived a full life?	Older adults need to look back on life and feel a sense of fulfillment. Success at this state leads to a feeling of wisdom, while failure results in regret, bitterness, and despair.

Readings In Psychological Development Through Life:

Readings in Psychological Development Through Life Don C. Charles,1972 **Psychology Library Editions:**
History of Psychology Various,2021-08-19 Originally published between 1928 and 1987 the volumes in this set provide an interesting look back at how psychology has developed as a discipline and some of the problems it has encountered along the way It includes volumes focusing on the history of specific fields such as developmental and experimental psychology as well as examining the roots of psychological theory as a whole and how it has informed many of the fields of psychology we know today **Developmental Psychology** Richard M. Lerner,2019-11-28 Originally published in 1983 the purpose of this book was to discuss the relations between philosophy and developmental psychology as those relations existed over the course of the history of the discipline and as they existed at that time Although not all portions of developmental psychology are surveyed major proponents of several key areas are represented e g organismic developmental theory stage theory life span developmental psychology and the ecological approach to development In addition discussion of many currently prominent issues are included e g constancy and change in human development the use of multivariate models and methods the role of the context in individual development and the use of developmental theory in public policy and political arenas The diversity of approaches and of interests present in the book are representative of the breadth of theoretical and empirical interests found in developmental psychology at the time Current Catalog National Library of Medicine (U.S.),1979 First multi year cumulation covers six years 1965 70 **Human Development** D. A. Louw,1998 **Clinical Applications of Rational-Emotive Therapy** Michael E. Bernard,A. Ellis,2013-11-11 Since its launching in 1955 rational emotive therapy RET has become one of the most influential forms of counseling and psychotherapy used by literally thousands of mental health practitioners throughout the world From its beginnings RET has dealt with problems of human disturbance It presents a theory of how people primarily disturb themselves and what they can do particularly with the help of a therapist or counselor to reduce their disturbances Ellis 1957a b 1958a b 1962 Almost immediately after the creation of RET it became obvious that the methodology could be used in many other fields especially those involving human relations Ellis Ellis optimistic because it provides people with the possibility and the means for change Showing to people how their attitudes and beliefs are responsible for their emotional distress and interpersonal problems and not some out of conscious early childhood experience awakens in them the hope that in reality they have some control over their destiny **Social Cognition and Aging** Thomas M. Hess,Fredda Blanchard-Fields,1999-06-18 Most of the research done in social cognition has been conducted with younger adults and may not be applicable to a much older population Social Cognition and Aging provides a snapshot view of research that has been done with older adults or is directly applicable to this population Focusing on issues of self identity social interactions and social perceptions this book provides a broad overview of how aging affects one's own perceptions and actions as well as how others perceive and interact with the aged Coverage includes such

topics as self control memory resilience age stereotypes moral development and the art of living With contributions from top researchers in both gerontology and psychology this book is an important reference for academics and professionals alike in personality cognition social psychology adult development sociology and gerontology *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1975 Medical Research in the Veterans Administration ,1974 *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1971 First multi year cumulation covers six years 1965 70 **Readings in Family Theory** Thomas R. Chibucos,Randall W. Leite,David L. Weis,2005 Readings in Family

Theory is an anthology of classic and contemporary articles that provides a context for student learning by demonstrating how theory fits into the overall process of scientific research on families The book provokes student interest in theory by providing examples of the scholarly application of family theory to compare how people use similar processes in everyday life Using this contextual orientation the selected readings examine nine prevalent theoretical perspectives from both family and human development sciences **Medical Research in the Veterans' Administration** United States. Veterans

Administration,1971 **Medical Research in the Veteran's Administration** United States. Veterans Administration,1976

The Psychology of Executive Coaching Bruce Peltier,2011-04-27 With the first edition of this text Peltier drew on his extensive experience in both the clinical and business worlds to create a comprehensive resource that brought psychological and coaching concepts together It quickly became a practical and invaluable guide for both mental health practitioners looking to expand their practice into coaching and business professionals interested in improving their own coaching skills In this updated edition topics reflect the latest developments in the field of executive coaching Peltier describes several important psychological theories and how to effectively translate them into coaching strategies essential business lessons in leadership marketing and the corporate viewpoint along with vocabulary for the therapist the challenges women face as managers and executives and effective coaching methods for working with them and lessons from successful athletic coaches that can be integrated into consulting skills This edition includes four new chapters one describing psychopathology likely to be encountered by coaches Another describes and evaluates emotional intelligence a third summarizes adult developmental theory for coaches and a fourth sorts out the popular and scientific literature on leadership and leader development
