Biblical Interpretation and Doctrinal Formulation in the Reformed Tradition Arie C. Leder, Richard A. Muller, 2014-04-16

The Reformed tradition is characterized by a rigorous commitment to theological formulation yet it is equally known for its commitment to rooting its life and practice in the authority of God's Word. While these two commitments are commonly acknowledged, the path from biblical interpretation to doctrinal formulation is often overlooked. Examining a diverse group of thinkers across the chronological and international spectrum of the Reformed tradition, this book demonstrates the depth and intricacies involved in the tasks of exegesis and dogmatic construction, the ways they intersect, and the effect it has on the church.

The Oxford Handbook of Reformed Theology Michael Allen, Scott R. Swain, 2020-10-30

The Oxford Handbook of Reformed Theology looks back to past resources that have informed Reformed theology and surveys present conversations among those engaged in Reformed theology today. First, the volume offers accounts of the major historical contexts of reformed theology: the various relationships, ancient and modern, which it maintains and from which it derives. Recent research has shown the intricate ties between the patristic and medieval heritage of the church and the work of the reformed movement in the sixteenth century. The past century has also witnessed an explosion of reformed theology outside the Western world, prompting a need for attention not only to these global voices but also to the unique and contingent history of reformed theology in the West, hence reflecting on its relationship to intellectual developments like scholastic method or the critical approaches of modern biblical studies. Second, the volume assesses some of the classic representative texts of the reformed tradition, observing also their reception history. The reformed movement is not dominated by a single figure, but it does contain a host of paradigmatic texts that demonstrate the range and vitality of reformed thought on politics, piety, biblical commentary, dogmatic reflection, and social engagement.

Third the volume turns to key doctrines and topics that continue to receive attention by reformed theologians today Contributors who are themselves making cutting edge contributions to constructive theology today reflect on the state of the question and offer their own proposals regarding a host of doctrinal topics and themes *Conversational Theology* George Hunsinger, 2014-11-20 The essays in this wide ranging collection fall into three main sections Ecumenical Theology Postliberal Theology and Political Theology The first section deals with Torrance and Barth on the Sacraments Hunsinger includes here an examination of Torrance's views of baptism and the eucharist as well as Karl Barth's voice on the Lord's Supper He also develops a post Barthian appreciation of Jews and Judaism In the second section Hunsinger discusses such figures as Hans W Frei Ernst Troeltsch and H R Niebuhr in terms of their contribution to Postliberal Theology The final section offers a discussion of Political Theology as part of which Hunsinger presents an in depth analysis regarding the political views of Karl Barth as well as Barth's understanding of human rights The book ends with a meditation on Andr Trocm and how goodness happened at Le Chambon

A Companion to Reformed Orthodoxy Herman Selderhuis, 2013-03-15 This book reflects and comprises the latest in research on the history and theology of Reformed Orthodoxy 1550-1750 and is at the same time a work in progress which makes this volume in the Companion series unique The reason for this is not only the quality of the authors and the chapters they have produced but also the fact that the study of Reformed Orthodoxy has in recent years taken an entirely new approach and has received renewed and spirited attention whose results have so far not been brought together in one book The renewed interest and reappraisal of this period in intellectual history is reflected in this work in which an international team of renowned scholars give an oversight of this fascinating period in intellectual history Contributors include Willem van Asselt Aza Goudriaan Irena Backus Mark Beach Christian Moser Anton Vos Tobias Sarx Andreas M hling Carl Trueman Graeme Murdock Joel Beeke Sebastian Rehnman Scott Clark John Fesko Luca Baschera Maarten Wisse Hugo Meijer Pieter Rouwendal and John Witte

The Heidelberg Catechism John Williamson Nevin, John Williams Proudfit, 2021-01-05 This volume is a collection of essays on the Heidelberg Catechism by John Nevin a principal representative of the Mercersburg Theology that was birthed in nineteenth century Pennsylvania It also contains a critical response by John Proudfit a more traditionally scholastic Calvinist In these essays Nevin argued that the Heidelberg Catechism is an essential irenic confessional document that encapsulates the Reformed tradition and also builds bridges to Lutheranism and Roman Catholicism According to Nevin the use of the Catechism is vital for shaping the identity of Christians and overcoming the dangers of individualism and subjectivism Nevin's enthusiasm for the Catechism was a function of his understanding of the Christian life as progressive growth in Christlikeness the church as the nurturing body of Christ and the sacraments as conduits of Christ's vivifying personhood These convictions stood in sharp contrast to the non catechetical sensibilities of most nineteenth century American Protestants who emphasized the sufficiency of Scripture alone the church as a gathered community of like minded individuals dramatic conversion
