Restorative Justice & Responsive Regulation John Braithwaite, 2002 Braithwaite's argument against punitive justice systems and for restorative justice systems establishes that there are good theoretical and empirical grounds for anticipating that well designed restorative justice processes will restore victims offenders and communities better than existing criminal justice practices Counterintuitively he also shows that a restorative justice system may deter incapacitate and rehabilitate more effectively than a punitive system This is particularly true when the restorative justice system is embedded in a responsive regulatory framework that opts for deterrence only after restoration repeatedly fails and incapacitation only after escalated deterrence fails Braithwaite's empirical research demonstrates that active deterrence under the dynamic regulatory pyramid that is a hallmark of the restorative justice system he supports is far more effective than the passive deterrence that is notable in the stricter sentencing grid of current criminal justice systems

Forgiveness and Reconciliation

Ani Kalayjian, Raymond F. Paloutzian, 2009-07-21 We all long for peace within ourselves families communities countries and throughout the world We wonder what we can do about the multitude of conflicts currently wreaking havoc across the globe and the continuous reports of violence in communities as well as within families Most of the time we contemplate solutions beyond our reach and overlook a powerful tool that is at our disposal forgiveness As a genocide survivor I know something about it As the genocide unfolded in Rwanda in 1994 I was devastated by what I believed to be the inevitable deaths of my loved ones The news that my parents and my seven siblings had indeed been killed was simply unbearable Anger and bitterness became my daily companions Likewise I continued to wonder how the Hutus and Tutsis in Rwanda could possibly reconcile after one of the most horrendous genocides of the 20th century It was not until I came to understand the notion of forgiveness that I was able to see the light at the end of the tunnel Common wisdom suggests that forgiveness comes after a perpetrator makes a genuine apology This wisdom informs us that in the aftermath of a wrongdoing the offender must acknowledge the wrong he or she has done express remorse express an apology commit to never repeating said harm and make reparations to the extent possible Only then can the victim forgive and agree to never seek revenge
