The Common Core State Standards have been lauded as one of the most revolutionary ways to close the achievement gaps in reading and math make our country competitive in the world economy and equalize the playing field for all of our students in public K 12 schools The reality is much different from the promises Teachers are burning out and leaving the profession states are cutting already too low education budgets and districts are closing school after school in mostly low income neighborhoods This is not how we achieve greatness This is how we narrow our potential and crush dreams The ultimate suffering goes to the children Nielsen helps us see through his deep understanding of how children learn and by the children's thoughts he shares that so long as we seek the right answers we are hopelessly lost The Common Core is built upon this fundamental error He helps us back up and reconsider what it is that our children truly need Ironically Nielsen is doing the critical thinking that the Common Core falsely promised it would promote But unlike the tests that come along to measure compliance with standards this thinking leads us to question to challenge and ultimately to escape the limits of the standardized thinking that has entrapped our schools **Femocracy, Femality & Phoetics "Rebecoming Our Authentic Selves..."** Nancy Llewellyn, 2025-02-19

Childhood photographs often remain in frayed boxes scattered in piles of generational black and white pages falling away from their mother albums shrinking away from a cardboard frame faded color shots now anemic from sun exposure Many capture the goodness and joy of life and preserve a plethora of storied child wealth while others carry deep soul messages for the present and near future In Femocracy Femality and Phoetics author Nancy Llewellyn shares how at age forty one she began to heal from her early years of abuse In turn she tells how she created Phoetics the poetic truth in every childhood photograph This memoir offers a culmination of her life's work in which she transforms the tragedy and abuse experienced in childhood into a method that brings life changing insights into past trauma to facilitate the healing process Femocracy Femality and Phoetics journeys through Llewellyn's life to wholeness integration and healing Her experiences and the creation of Phoetics a therapeutic process offers you a portal to return and claim your own sacred authenticity reconnecting you to your original self Praise for Phoetics A special recalibration occurs when you have a Phoetics session like this If you're open to it a remembering can take place and through that memory a feeling of wholeness can emerge I am very grateful for the session with Nancy and value the work she is doing in the World Amanda Mia Mehalick
