present within this micro firm Moreover it confirms the scepticism on the part of **International Conference on Management and Engineering(CME 2014)** Alex Kong,2014-06-02 The aim objective of CME 2014 is to provide a platform for researchers engineers academicians as well as industrial professionals from all over the world to present their research results and development activities in Information Management Innovation Management Project Management and Engineering This conference provides opportunities for the delegates to exchange new ideas and application experiences face to face to establish business or research relations and to find global partners for future collaboration Submitted conference papers will be reviewed by technical committees of the Conference **This Game of Hip Hop Artist Management** Walt F.J.
