Reason And Romance:

Reason and Romance (The Jane Austen Series) Debra White Smith, 2018-06-05 Smith shows her expertise with Jane Austen's work. A fun and well-crafted romance through and through. RT Book Reviews on Reason and Romance. Reason and Romance: A Contemporary Retelling of Sense and Sensibility. Sisters Elaina and Anna Woods find themselves caught up in whirlwind romances. But when both are confronted with heartbreaking revelations, can their bond withstand the strain as they hold out for happily ever after.

Reason and Romance Terrance Layhew, 2022-05-03 A serious author George Austen believes romance is a worthless genre until he's challenged to write one of his own by a rival author. Reason and Romance follows George along his way as he faces the questions of what love means and the people it's meant to be shared with. Enjoy wit, humor, and discover the true meaning of romance. Join George as he is challenged with the question: Is romance more than just a genre? Reason and Romance is for anyone looking for a romance novel that transcends the stereotypical title. George's pursuit to outdo his rival brings a refreshing take to the very genre George thinks is worthless. This contemporary tale finds a way to weave love, determination, and wit into one great package promising you an experience that will feel new and special.

Reason and Romance Jenn Young, 2015-02-20 Being stuck in the godforsaken desert is Adrian Blake's worst nightmare come true. Senior year is all about making fun memories. It's not about starting over at a new school and navigating a new Brady Bunch family. It's really not about living with a sexy arrogant would-be stepbrother who knows how to push her buttons. Alex Montgomery is the very definition of a player. The only thing he commits to is a one-night stand. He's exactly the kind of guy she hates. When she sleeps with him, it's the biggest mistake of her life. Now she can't stop thinking about him. Not at school. Not at home. Sometimes the best mistakes are the ones that you make over and over again.

Philosophy of Sex and Love Patricia Marino, 2019-03-13 Writing for non-specialists and students as well as for fellow philosophers, this book explores some basic issues surrounding sex and love in today's world: among them, consent, objectification, non-monogamy, racial stereotyping, and the need to reconcile contemporary expectations about gender equality with our beliefs about how love works. Author Patricia Marino argues that we cannot fully understand these issues by focusing only on individual desires and choices. Instead, we need to examine the social contexts within which choices are made and acquire their meanings. That perspective, she argues, is especially needed today when the values of individualism, self-expression, and self-interest permeate our lives. Marino asks how we can fit these values, which govern so many areas of contemporary life, with the generosity, caring, and selflessness we expect in love and sex.

Key Features of Philosophy of Sex and Love: An Opinionated Introduction Offers a contemporary, problems-based approach to the subject, helping readers better understand and address current issues and controversial questions. Includes coverage of sex and love as they intersect with topics like disability, race, medicine, and economics. Considers not only the ethical but also the broadly social and political dimensions of sex and love. Includes a helpful introduction and conclusion in each chapter and is written throughout in a

clear and straightforward style with examples and signposts to help guide the student and general reader A comprehensive and up to date bibliography provides a valuable tool for anyone s further research

Love, Reason and Morality Katrien Schaubroeck,Esther Kroeker,2016-07-28 This book brings together new essays that explore the connection between love and reasons The observation that considerations of love carry significant weight in the deliberative process opens up new perspectives in the classic discussion about practical reasons and gives rise to many interesting questions about the nature of love s reasons about their source and legitimacy about their relation to moral and epistemic reasons and about the extent to which love is sensitive to reasons The contributors to this volume orient questions related to love within the broader context of the contemporary discussion on practical reasons and move forward the conversation about the normative dimensions of love Love Reason and Morality will be of interest to philosophers working on issues of normativity meta ethics and moral psychology and especially those interested in the source of practical reasons and the role of attachments in practical deliberation
