The Closing of the Muslim Mind Robert R. Reilly, 2023-06-20 Islam's Intellectual Suicide and the Threat to Us All People are shocked and frightened by the behavior coming out of the Islamic world not only because it is violent but also because it is seemingly inexplicable While there are many answers to the question of what went wrong in the Muslim world no one has decisively answered why it went wrong Until now In this eye opening new book foreign policy expert Robert R Reilly uncovers the root of our contemporary crisis a pivotal struggle waged within the Muslim world nearly a millennium ago In a heated battle over the role of reason the side of irrationality won The deformed theology that resulted Reilly reveals produced the spiritual pathology of Islamism and a deeply dysfunctional culture Terrorism from 9/11 to London Madrid and Mumbai to the Christmas 2009 attempted airline bombing is the most obvious manifestation of this crisis But Reilly shows that the pathology extends much further The Closing of the Muslim Mind solves such puzzles as why peace is so elusive in the Middle East why the Arab world stands near the bottom of every measure of human development why scientific inquiry is nearly dead in the Islamic world why Spain translates more books in a single year than the entire Arab world has in the past thousand years why some people in Saudi Arabia still refuse to believe man has been to the moon why Muslim media frequently present natural disasters like Hurricane Katrina as God's direct retribution Delving deeper than previous polemics and simplistic analyses The Closing of the Muslim Mind provides the answers the West has so desperately needed in confronting the Islamist crisis

Prophetic tradition The position holds that humans are capable of understanding moral values independently of revelation Describing themselves as Adliyya literally the people of Justice this allows the Sh a who describe themselves as Adiliyya literally the People of Justice to attribute a substantive rational conception of justice to God both in terms of His actions and His regulative instructions Despite the Sh adoption of this moral rationalism independent judgments of rational morality play little or no role in the actual inference of Shar a norms within mainstream contemporary Sh thought Through a close examination of the notion of independent rationality as a source in modern Sh us l al fiqh the obstacles preventing this moral rationalism from impacting the understanding of Shar a are shown to be purely epistemic In line with the emic insider approach adopted these epistemic obstacles are revisited identifying the scope for allowing a reading of Shar a that is consistent with the fundamental moral rationalism of Sh thought It is argued that judgments of rational morality even when not definitively certain cannot be ignored in the face of the apparent meaning of texts that are themselves also not certain An Adliyya reading of Shar a demands that the strength of independent rational evidence be reconciled against the strength of any other apparently conflicting evidence such that independent judgments of rational morality act as a condition for the validity of precepts attributed to a just and moral God

Ethical Theories in Islam Mağīd Fahrī,1991-01-01 This work provides a typology of Islamic ethics without overlooking the chronological development Four types of ethical theory are isolated the scriptural the theological the philosophical and the religious This edition contains extra material from Ibn Sina s writings translated into English The book should interest Islamic scholars philosophers and historians of ethics
