Reason and Rationality in Health and Human Services Delivery Charles F. Longino, John W. Murphy, 1998 Reason and Rationality in Health and Human Services Delivery is the first book to discuss the topic of decisionmaking and services from a multidisciplinary approach It uses theory and social considerations not just technology as a basis for improved services Health and human service students and professionals will learn how to form rational and reasonable decisions that take their clients cultural backgrounds into consideration when identifying an illness or appropriating any kind of intervention With a particular emphasis on theories models organizational settings technologies and practitioner training methods that lead to culturally sensitive decisions Reason and Rationality will help you deliver efficient and improved medical and social services to clients from all ethnic backgrounds Recognizing reason as the centerpiece of most of Western philosophy this text reveals

how our idea of truth fact and order are wrongly thought to be universal yet Western principles are continually used in the decision making process for health and social services Focusing on the policy implications of decisionmaking in medical and social service settings this text works to incorporate a broad range of factors into the reasoning process such as cultural traditions and beliefs that will result in better treatment for patients Giving you suggestions and strategies for upgrading reasoning and decision making processes and applying them to every area of service Reason and Rationality discusses different themes that will help you improve services to patients such as the rationale currently used to justify decision making strategies concerning medical and human services using computer technology to make clinical assessments revising administrative structure management theories and organizational strategies so that decision making processes enhance the overall quality of service delivery how the practitioner patient relationship is important in choosing the proper treatment soliciting community based input to assess the public s health and human service needs in order to lessen political involvement in decision making stages In addition Reason and Rationality provides information and examples that show why you should consider the life world the values beliefs and commitments of a culture s history as the key to understanding the powers of reasoning that specify parameters of health and illness

Homelessness in Rural America Paula A. Rollinson, John T. Pardeck, 2019-03-19 This book deals with the rural homeless about whom little is known Offered here are some important insights into the unique problems facing the homeless in rural areas this population lacks adequate housing many live below the poverty level many lack basic services such as health care families are typically female headed substance abuse is a major problem and many of the rural homeless have emotional disabilities The finding that was unexpected is the history of family violence that most of the rural homeless have experienced throughout both childhood and adulthood More than 50 percent of the case records analyzed in this study show a history of family violence from murder to sexual abuse The data suggest that these rates of family violence are much higher than those reported for the urban homeless First published in 2006 Routledge is an imprint of Taylor Francis an informa company

Disability Issues for Social Workers and Human Services Professionals in the Twenty-First Century Jean A Pardeck, John W Murphy, 2012-12-06 Examine issues of vital importance to you and your disabled clients today and in the years to come This groundbreaking text provides you with up to date authoritative information that will prove to be of critical importance for disability professionals in the coming years It will leave you better informed about aspects of disability that have not been well covered in the literature issues surrounding spirituality civil rights and the medical model vs social or minority model of viewing disability controversy You ll examine the impact of the Americans with Disabilities Act in the wake of the Supreme Court s narrowing of the Act s powers and explore newly developed theories designed to more accurately define the true meaning of disability Disability Issues for Social Workers and Human Services Professionals in the Twenty First Century explores the current and potential roles of spirituality and religion in the rehabilitation process the use of medication in treating disability with a study focusing on

children in foster care whose emotional behavioral disabilities are medically rather than psychologically treated Attention Deficit Hyperactivity Disorder ADHD in college students show it impacts them as a disability requiring academic accommodations disability as an aspect of cultural diversity with suggested methods for educating the non disabled about people with disabilities limitations on the civil rights of those with disabilities and what can be done to eliminate those limitations computer technologies designed to aid people with disabilities with an examination of a health promotion Web site for children with disabilities and their families disability and the managed mental health system with an examination of the differences in service utilization and satisfaction in rural and urban areas how disability can be viewed as a social construct rather than something that is inherent to the disabled person Keeping current with new developments is imperative for social workers and other professionals whose work affects people with disabilities Disability Issues for Social Workers and Human Services Professionals in the Twenty First Century provides the information you need to stay on the cutting edge of progress in this rapidly evolving field
