

REASSESSING POLITICAL IDEOLOGIES
THE CONSEQUENCE OF DESIGN

EDITED BY MICHAEL FREEDEN

Reassessing Political Ideologies The Durability Of Dissent

Arne I. A. Käthner

Reassessing Political Ideologies The Durability Of Dissent:

Reassessing Political Ideologies Michael Freeden, 2001 This is an examination of each of the major ideologies that have shaped political thinking action and conflict Each chapter provides an overview of the state of these ideologies and a retrospective assessment of their strengths and weaknesses

Reassessing Political Ideologies Michael Freeden, 2004-08-02 This book is a high level examination of each of the major ideologies that have shaped political thinking action and conflict Each chapter provides a critical overview of the current state of the major ideologies and a retrospective assessment of the strengths weaknesses developments and transformations of these ideologies over the past century The volume poses a strong challenge to those who have loudly proclaimed the end of ideology by demonstrating that it is impossible to understand current political developments without an appreciation of their ideological context It features internationally respected contributors who are authorities in their fields and will be an invaluable resource for both students and specialists in areas including Politics and International Relations

Taking Ideology Seriously Gayil Talshir, Mathew Humphrey, Michael Freeden, 2018-10-24 Recent years have witnessed a resurgence of the end of ideology thesis not as a theoretical stance but as a reaction to what appears to have been the decline of major ideological families such as socialism in a changing world order Globalization as well as internal national fragmentation of belief systems have made it difficult to identify ideology in its conventional formats Previously published as a special issue of The Critical Review of International Social and Political Philosophy this volume challenges the notion that we are living in a post ideological age It offers a theoretical framework for exploring some of the new manifestations of ideologies and combines this with a series of case studies relating to recent ideational phenomena such as populism environmentalism and Islamic fundamentalism The contributors reassess some typologies such as the left right axis as an explanatory device and use ideology research to bring together different scholarly perspectives including party political analysis the history of ideas post Marxism and movement politics

The Labour Party under Ed Miliband Eunice Goes, 2016-04-08 By charting the ideas that informed and shaped Ed Miliband's attempt to re-imagine social democracy this book shows that he tried but failed in that task This failure is one of the several reasons why Milibandism was so overwhelmingly rejected by voters at the 2015 general election

The Meaning of Ideology Michael Freeden, 2013-10-18 This is the first collection to bring together leading scholars from diverse disciplines to offer a variety of perspectives on ideology and its analysis emphasizing the input of different intellectual and scholarly traditions to the meaning of ideology The articles explore commonalities in the use and understanding of ideology as well as delineating constructive differences in its interpretation while illuminating the changes that the concept of ideology as well as the practices it signifies has undergone in recent years Contributions are included from the fields of political theory history literature political science cultural studies post Marxism discourse analysis language studies law and sociology The Meaning of Ideology advances our understanding of the intricacy and relevance of ideology and offers the

latest theories and insights that currently inform scholarship on the subject Ideology emerges through the pages of this collection more strongly than ever as a major tool of understanding political language and as a durable and normal phenomenon that is inherent in the many ways we conceive the world around us This book was previously published as a special issue of The Journal of Political Ideologies and will be of interest to students of political ideologies and political and social theory

Brill's Companion to Anarchism and Philosophy Nathan J. Jun, 2017-09-25 Despite the recent proliferation of scholarship on anarchism very little attention has been paid to the historical and theoretical relationship between anarchism and philosophy Seeking to fill this void Brill's Companion to Anarchism and Philosophy draws upon the combined expertise of several top scholars to provide a broad thematic overview of the various ways anarchism and philosophy have intersected Each of its 18 chapters adopts a self consciously inventive approach to its subject matter examining anarchism's relation to other philosophical theories and systems within the Western intellectual tradition as well as specific philosophical topics subdisciplines and methodological tendencies

The Feminist Challenge to the Socialist State in Yugoslavia Zsófia Lóránd, 2018-09-27 This book tells the story of new Yugoslav feminism in the 1970s and 1980s reassessing the effects of state socialism on women's emancipation through the lens of the feminist critique This volume explores the history of the ideas defining a social movement analysing the major debates and arguments this milieu engaged in from the perspective of the history of political thought intellectual history and cultural history Twenty five years after the end of the Cold War societies in and scholars of East Central Europe still struggle to sort out the effects of state socialism on gender relations in the region What could tell us more about the subject than the ideas set out by the only organised and explicitly feminist opposition in the region who as academics artists writers and activists criticised the regime and demanded change

The Greenian Moment Denys Leighton, 2004 This study of T H Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate The book deals with the political and religious history of Victorian Britain in examining the basis of Green's Liberal partisanship It demonstrates how his main ethical and political conceptions his idea of self realisation and his theory of individuality within community were informed by evangelical theology popular Protestantism and an idea of the English national consciousness as formed by religious conflict While the significance of Kantian and Hegelian elements in Green's thought is acknowledged it is argued that indigenous qualities of Green's teachings resonated with values shared alike by elite and rank and file Liberals during the mid and late Victorian era In examining Green's beliefs about the historical evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green's influence on Liberal quasi socialist and Conservative social reform down to the 1920s The lasting impact of Green's teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly

accepted by historians of Western political thought

The Greenian Moment Denys P. Leighton, 2015-11-30 This study of T H Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate The book deals with the political and religious history of Victorian Britain in examining the basis of Green s Liberal partisanship It demonstrates how his main ethical and political conceptions his idea of self realisation and his theory of individuality within community were informed by evangelical theology popular Protestantism and an idea of the English national consciousness as formed by religious conflict While the significance of Kantian and Hegelian elements in Green s thought is acknowledged it is argued that indigenous qualities of Green s teachings resonated with values shared alike by elite and rank and file Liberals during the mid and late Victorian era In examining Green s beliefs about the historical evolution of English liberty his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community this study analyzes the ripening of a Greenian moment and traces Green s influence on Liberal quasi socialist and Conservative social reform down to the 1920s The lasting impact of Green s teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought

German Neoliberalism from 1924 to 1963 Arne I. A. Käthner, 2024-09-18 This book offers an in depth study of German neoliberalism between 1924 and 1963 arguing that a neoliberal network was established in the interwar period decades before elite networks in Great Britain and the United States fostered the neoliberal revolution of the Thatcher and Reagan administrations The author shows how this network strongly influenced societal developments in the 1950s and set a precedent for neoliberal projects in other countries This success was largely due to the deliberate and strategic reorganisation of the semantic field abandoning or reacquiring abused concepts challenging existing meanings or introducing new concepts to the political scene The book examines the Aktionsgemeinschaft Soziale Marktwirtschaft ASM an early neoliberal Think Tank founded in 1953 and led by Alexander R stow which became an influential political actor in post war West Germany The author adopts a decidedly transnational approach linking and contrasting inner German debates with those taking place transnationally among neoliberal proponents in the Mont P lerin Society More than just a political study of ideologies this book provides a historical account of the conceptual struggles over neoliberalism the actors who engaged in them the spheres in which they took place and the semantic means and conceptual strategies employed providing useful insights for scholars of German and political history as well as political science more generally

When people should go to the books stores, search initiation by shop, shelf by shelf, it is essentially problematic. This is why we give the books compilations in this website.
