

Rebels On Eighth Street

Michael Gross

Rebels On Eighth Street:

Rebels on Eighth Street Avis Berman, 1990 A champion of artists the first director of the Whitney Museum of American Art and a pivotal influence on the way American art has been perceived and received Juliana Force was a creative and flamboyant personality who dominated the New York art world for decades Yet her life an American success story of the most classic type has never been chronicled In this authoritative biography Avis Berman focuses long overdue attention on a dynamic woman who claimed as her raison d'être the very development of American art *Rogues' Gallery* Michael Gross, 2010-05-11 Behind almost every painting is a fortune and behind that a sin or a crime With these words as a starting point Michael Gross leading chronicler of the American rich begins the first independent unauthorized look at the saga of the nation's greatest museum the Metropolitan Museum of Art In this endlessly entertaining follow up to his bestselling social history 740 Park Gross pulls back the shades of secrecy that have long shrouded the upper class's cultural and philanthropic ambitions and maneuvers And he paints a revealing portrait of a previously hidden face of American wealth and power The Metropolitan Gross writes is a huge alchemical experiment turning the worst of man's attributes extravagance lust gluttony acquisitiveness envy avarice greed egotism and pride into the very best transmuting deadly sins into priceless treasure The book covers the entire 138 year history of the Met focusing on the museum's most colorful characters Opening with the lame duck director Philippe de Montebello the museum's longest serving leader who finally stepped down in 2008 *Rogues Gallery* then goes back to the very beginning highlighting among many others the first director Luigi Palma di Cesnola an Italian born epic phony whose legacy is a trove of plundered ancient relics some of which remain on display today John Pierpont Morgan the greatest capitalist and art collector of his day who turned the museum from the plaything of a handful of rich amateurs into a professional operation dedicated sort of to the public good John D Rockefeller Jr who never served the Met in any official capacity but who during the Great Depression proved the only man willing and rich enough to be its benefactor which made him its behind the scenes puppeteer the controversial Thomas Hoving whose tenure as director during the sixties and seventies revolutionized museums around the world but left the Met in chaos and Jane Engelhard and Annette de la Renta a mother daughter trustee tag team whose stories will astonish you think *Casablanca* rewritten by Edith Wharton With a supporting cast that includes artists forgers and looters financial geniuses and scoundrels museum officers like its chairman Arthur Amory Houghton head of Corning Glass who once ripped apart a priceless and ancient Islamic book in order to sell it off piecemeal trustees like Jayne Wrightsman the Hollywood party girl turned society grand dame curators like the aging Dietrich von Bothmer a refugee from Nazi Germany with a Bronze Star for heroism whose greatest acquisitions turned out to be looted and donors like Irwin Untermyer whose collecting obsession drove his wife and children to suicide and with cameo appearances by everyone from Vogue editors Anna Wintour and Diana Vreeland to Sex Pistols front man Johnny Rotten *Rogues Gallery* is a rich satisfying alternately hilarious and horrifying look at America's upper class and what is

perhaps its greatest creation **New York Modern** William B. Scott, Peter M. Rutkoff, 1999 Handsomely illustrated and engagingly written New York Modern documents the impressive collective legacy of New York's artists in capturing the energy and emotions of the urban experience **AngloModern** Janet Wolff, 2018-05-31 Early twentieth century art and art practice in Britain and the United States were Janet Wolff asserts marginalized by critics and historians in very similar ways after the rise of post-Cubist modern art In a masterly book on the sociology of modernism Wolff explores work that was primarily realist and figurative and investigates the social institutional political and aesthetic processes by which that art fell by the wayside in the postwar period Throughout she shows that questions of gender and ethnicity play an important role in critical curatorial and historical evaluations For example Wolff finds that the work of the artists central to the development of the Whitney Museum was relegated to a secondary status in the postwar period when realism was labeled feminine in contrast to the aggressive masculinity of abstract expressionism The three key periods considered in AngloModern are the early twentieth century when modernist art and existing and new realist traditions coexisted in a certain tension the postwar period in which modernism claimed superiority over realism and the late twentieth century when a retrieval of the realist and figurative traditions seemed to occur Wolff concludes by considering this re-emergence as well as the limitations of earlier discussions of the struggles of realist and figurative art to endure the currents of modernism **Forbes Watson** Lenore Clark, 2001 This is a biography of Forbes Watson art commentator for the New York Evening Post and New York World but probably best known as the editor of The Arts an influential art magazine of the 1920s **Fantasies of Precision** Ashley Lazevnick, 2023-07-11 Redefining the artistic movement that helped shape American modernism In the early decades of the twentieth century a loose contingent of artists working in and around New York City gave rise to the aesthetic movement known as precisionism primarily remembered for its exacting depictions of skyscrapers factories machine parts and other symbols of a burgeoning modernity Although often regarded as a singular group these artists were remarkably varied in their subject matter and stylistic traits Fantasies of Precision excavates the surprising ties that connected them exploring notions of precision across philosophy technology medicine and many other fields Bookended by discussions of the landmark First Biennial Exhibition of Painting at the Whitney Museum in 1932 this study weaves together a series of interconnected chapters illuminating the careers of Charles Sheeler Georgia O'Keeffe and Charles Demuth Built on a theoretical framework of the writing of modernist poets Marianne Moore and William Carlos Williams Fantasies of Precision outlines an ethos of precision that runs through the diverse practices of these artists articulating how the broad range of enigmatic imagery they produced was underpinned by shared strategies of restraint humility and slowness Questioning straightforward modes of art historical classification Ashley Lazevnick redefines the concept that designated the precisionist movement Through its cross-disciplinary approach and unique blend of historiography and fantasy Fantasies of Precision offers a comprehensive reevaluation of one of the defining movements of artistic modernism Enchanted Lives, Enchanted Objects Dianne Sachko

Macleod,2008 This insightful and beautifully illustrated book offers the first feminist analysis of the phenomenon of women art collectors in America Dianne Sachko Macleod brings a surprising paradox to light showing that collecting which provided wealthy women with a private sense of solace also liberated them to venture into the public sphere and make a lasting contribution to the emerging American culture Beginning in the antebellum period continuing through the Gilded Age and reaching well into the twentieth century Macleod shows how elite women enlisted the objects d art and avant garde paintings in their collections in causes ranging from the founding of modern museums to the campaign for women s suffrage

Radicals and Rogues Lottie Whalen,2024-01-22 From artists to activists an explosive and eye opening new history of the women who gave us New York This is the story of a group of women whose experiments in art and life set the tone for the rise of New York as the twentieth century capital of modern culture Across the 1910s and 20s through provocative creative acts shocking fashion political activism and dynamic social networks these women reimaged modern life and fought for the chance to realize their visions Taking the reader on a journey through the city s salons and bohemian hangouts *Radicals and Rogues* celebrates the tastemakers collectors curators artists and poets at the forefront of the early avant garde scene Focusing on these trailblazers at the center of artistic innovation including Beatrice Wood Mina Loy the Stettheimer sisters Clara Tice the Baroness Elsa von Freytag Loringhoven Gertrude Vanderbilt Whitney Marguerite Zorach and Louise Arensberg Lottie Whalen offers a lively new history of remarkable women in early twentieth century New York City

Women's Culture Kathleen D. McCarthy,1991 Kathleen McCarthy here presents the first book length treatment of the vital role middle and upper class women played in the development of American museums in the century after 1830 By promoting undervalued areas of artistic endeavor from folk art to the avant garde such prominent individuals as Isabella Stewart Gardner Gertrude Vanderbilt Whitney and Abby Aldrich Rockefeller were able to launch national feminist reform movements forge extensive nonprofit marketing systems and feminize new occupations *Carl W. Peters* Richard H. Love,Carl William Peters,1999 Throughout his life Peters depicted the ordinary places and people of America From Rochester to Rockport Peters made an amazingly coherent group of fascinating masterful American pictures
