Rebels Under Sail The American Navy During The Revolution

Patrick Spero, Michael Zuckerman

Rebels Under Sail The American Navy During The Revolution:

Rebels Under Sail William M. Fowler, 1976 A book about the American Navy during the Revolution by William M Fowler Jr Fowler's naval history of the War for Independence is the only really useful one volume book on the subject **Yankee Sailors in British Gaols** Sheldon Samuel Cohen, 1995 Yankee Sailors in British Gaols offers the first comprehensive account of American servicemen detained within the confines of Mill and Forton prisons the principal land based detention centers in Britain during the American Revolution Forton and Mill during the course of the War of Independence held approximately 3 000 American prisoners almost all of them naval personnel In a few cases these American prisoners were incarcerated for more than four years a longer recorded period of incarceration in overseas prisons than in any United States war prior to Vietnam Professor Cohen's examination of wide ranging and widely scattered primary and secondary sources provides an extraordinarily detailed picture of life within the closed society of each prison as well as insight into the various ways in which Britons and Americans outside the prisons provided legal and extralegal help to the rebel detainees **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Continental Army* Robert K. Wright, 1983 A narrative analysis of the complex evolution of the Continental Army with the lineages of the 177 individual units that comprised the Army and fourteen charts depicting regimental organization **France and America in the Revolutionary Era** Thomas J. Schaeper, 1995 This is the first detailed study account of the life and career of Chaumont whose chief claim to fame was the fact that from 1777 to 1785 Benjamin Franklin lived in his home in the Parisian suburb of Passy Basing his work on documents from two dozen archives in the United States and France Schaeper demonstrates that Chaumont was far more than merely a landlord Prior to the American Revolution he had become one of the most powerful and respected businessmen of the Old Regime For personal as well as patriotic reasons he aided the American insurgents and worked with a wide array of persons In addition to Franklin these included John Adams Silas Deane Caron de Beaumarchais the marquis de Lafayette and the comte de Vergennes Chaumont performed an astounding range of services acting as intermediary an adviser and a supplier of arms and clothing His most dramatic contribution to the American cause involved John Paul Jones It was Chaumont who obtained the famous Bonhomme Richard for the commodore Through looking at the activities of this intriguing individual the author is able to offer many new insights into both American and French history Lively and well written this biography will appeal to both the historian and the general reader Papers of Robert Morris, 1781-1784, Volume 8 Robert Morris, 1996-01-18 Although Robert Morris 1734 1806 the Financier of the American Revolution was a signer of the Declaration of Independence the Articles of Confederation and the Constitution a powerful committee chairman in the Continental Congress an important figure in Pennsylvania politics and perhaps the most prominent businessman of his day he is today least known of the great national leaders of the Revolutionary era This oversight is being rectified by this definitive publication project that transcribes and carefully annotates the Office of Finance

diary correspondence and other official papers written by Morris during his administration as superintendent of finance from 1781 to 1784 *The Papers of Robert Morris, 1781-1784* Robert Morris, 1973 Although Robert Morris 1734 1806 the Financier of the American Revolution was a signer of the Declaration of Independence the Articles of Confederation and the Constitution a powerful committee chairman in the Continental Congress an important figure in Pennsylvania politics and perhaps the most prominent businessman of his day he is today least known of the great national leaders of the Revolutionary era This oversight is being rectified by this definitive publication project that transcribes and carefully annotates the Office of Finance diary correspondence and other official papers written by Morris during his administration as superintendent of finance from 1781 to 1784 *The American Revolution Reborn* Patrick Spero, Michael Zuckerman, 2016-11-25 The American Revolution Reborn parts company with the American Revolution of our popular imagination and renders it as a time of intense ambiguity and frightening contingency With an introduction by Spero and a conclusion by Zuckerman this volume heralds a substantial and revelatory rebirth in the study of the American Revolution **Silas Deane, Revolutionary War Diplomat and Politician** Milton C. Van Vlack, 2013-05-07 Silas Deane was the victim of one of the most vicious character assassination conspiracies ever carried out in the Revolutionary War era Even after almost two and a half centuries he remains in the eyes of many modern historians worse than Arnold his boyhood friend This is very wrong Because Deane was such a capable individual in his endeavors very early in the war he became the political target of envious others with quite different abilities and philosophies Even so his political strength kept growing and in 1776 Congress appointed him America's first secret agent to secure military supplies from France for Washington's army This biography is written on the man himself and on the malicious and largely successful lies and intrigues by his rivals The work does not downplay the contributions of his contemporaries especially those of his close friend throughout Benjamin Franklin but shows exactly where specific credit should be placed A lot of credit for the new nation's success belongs to him *Neither Separate Nor Equal* Kenneth R. Bowling, Donald R. Kennon, United States Capitol Historical Society, 2000 Scholars today take for granted the existence of a wall of separation dividing the three branches of the federal government Neither Separate nor Equal Congress in the 1790s demonstrates that such lines of separation among the legislative executive and judicial branches however were neither so clearly delineated nor observed in the first decade of the federal government's history The first two essays describe the social and cultural milieu attending the movement of the republican court from New York to Philadelphia and the physical and social environment of Philadelphia in the 1790s The following section examines the congressional career of New York's Egbert Benson the senatorial career of Robert Morris as an expression of his economic interests the vigorous opposition of Rep William Branch Giles to the Federalist policies of the Washington administration and finally the underappreciated role of congressional spouses The last five essays concentrate on areas of interbranch cooperation and conflict In particular they discuss the meaning of separation of powers in the 1790s Washington as an active president with

Congress the contrast between Hamilton's and Jefferson's exercise of political influence with Congress and John Adams's relationship with Congress during the Quasi War crisis The essays in this collection the second volume of the series Perspectives on the History of Congress 1789-1801 originated in two conferences held in 1995 and 1996 by the United States Capitol Historical Society

The Brave New World Peter Charles Hoffer, 2007-01-19 The distinguished historian does a remarkable job with this lively and comprehensive textbook now in a new expanded edition Daniel P. Kotzin Teaching History

The *Brave New World* covers the span of early American history from 30,000 years before Europeans ever landed on North American shores to creation of the new nation With its exploration of the places and peoples of early America this volume brings together the most recent scholarship on the colonial and revolutionary eras Native Americans slavery politics war and the daily lives of ordinary people The revised enlarged edition includes a new chapter carrying the story through the American Revolution the War for Independence and the creation of the Confederation Additional material on the frontier the Southwest and the Caribbean the slave trade religion science and technology and ecology broadens the text and maps drawn especially for this edition will enable readers to follow the story more closely The bibliographical essay one of the most admired features of the first edition has been expanded and brought up to date Peter Charles Hoffer combines the Atlantic Rim scholarship with a Continental perspective illuminating early America from all angles from its first settlers to the Spanish Century from African slavery to the Salem witchcraft cases from prayer and drinking practices to the development of complex economies from the colonies' fight for freedom to an infant nation's struggle for political and economic legitimacy

Wide ranging in scope inclusive in content the revised edition of *The Brave New World* continues to provide professors students and historians with an engaging and accessible history of early North America
