Refined Material Sean Nesselrode Moncada, 2023-08-29 Beginning with the oil blowout in 1922 that is considered the moment that marked Venezuela's entry into a modern era *Refined Material* explores the integral relationship between Venezuelan oil industry and artistic production In this groundbreaking study Sean Nesselrode Moncada examines Venezuela's mid century art and architecture in an argument that reinforces the inextricability of the rise of a capitalist and centralized state from life activism and art Oil provided the crucible for national reinvention ushering in a period of dizzying optimism and bitter disillusion as artists architects graphic designers activists and critics sought to define the terms of modernity Looking at five different but interrelated case studies a print magazine a planned housing community a luxury hotel a kinetic museum installation and a documentary film this book brings forth a novel reading to the renowned Venezuelan modernist canon and reveals how the logic of refinement conditioned the terms of development and redefined our relationship to nature matter and one another
