Larry J. Bennett

Recapturing Sophocles Antigone

Peter Burian, Alan Shapiro

Recapturing Sophocles Antigone:

Recapturing Sophocles' Antigone William Blake Tyrrell, Larry J. Bennett, 1998-08-13 In this book Wm Blake Tyrrell and Larry J Bennett examine Sophocles Antigone in the context of its setting in fifth century Athens The authors attempt to create an interpretive environment that is true to the issues and interests of fifth century Athenians as opposed to those of modern scholars and philosophers As they contextualize the play in the dynamics of ancient Athens the authors discuss the text of the Antigone in light of recent developments in the study of Greek antiquity and tragedy and they turn to modern Greek rituals of lamentation for suggestive analogies The result is a compelling book which opens new insights to the text challenges the validity of old problems and eases difficulties in its interpretation

Recapturing Sophocles' Antigone William Blake Tyrrell, Larry J. Bennett, 1998 An examination of Sophocles Antigone in the context of its setting in fifth century Athens which attempts to discuss the play from the perspectives of its contemporary Athenians rather than those of modern scholars and philosophers

Sophocles and Alcibiades Michael Vickers, 2014-12-05 Literary historians have long held the view that the plays of the Greek dramatist Sophocles deal purely with archetypes of the heroic past and that any resemblance to contemporary events or individuals is purely coincidental In this book Michael Vickers challenges this view and argues that Sophocles makes regular and extensive allusion to Athenian politics in his plays especially to Alcibiades one of the most controversial Athenian politicians of his day Vickers shows that Sophocles was no closeted intellectual but a man deeply involved in politics and he reminds us that Athenian politics was intensely personal He argues cogently that classical writers employed hidden meanings and that consciously or sub consciously Sophocles was projecting onto his plays hints of

contemporary events or incidents mostly of a political nature hoping that his audience's passion for politics would enhance the popularity of his plays Vickers strengthens his case about Sophocles by discussing other authors Thucydides Plato and Euripides in whom he also demonstrates a body of allusions to Alcibiades and others

Sophocles and the Tragedy of Athenian Democracy D. G. Beer, 2004-03-30 The Athenian democracy of the 5th century B C created the most important political theatre of western culture Sophocles the most successful tragic playwright of the age was a radical innovator who produced his tragedies to present to his audience complex moral social and political issues of a kind that they might be faced with in their various legal and political assemblies Beer examines Sophocles as a political playwright against the background of Athenian democracy breaking new ground by showing the importance of the mask for understanding Sophoclean tragedy and redefining the notion of skenographia or setting the scene He concludes that Sophocles revolutionized the concept of dramatic space The Athenian tragic theatre was deeply political and played an important and active role in the life of Athenian democracy This book presents an introduction to the political nature of Greek tragedy and Sophoclean tragedy in an effort to shed new light on the dramatic works of the 5th century playwright As Aristotle noted Sophocles two most important innovations were the introduction of the third actor and skenographia which brought tragedy to its fully evolved form Beer argues that although his use of the third actor has been widely understood his use of skenographia has not Carefully exploring the true sense of this method of using dramatic space Beer brings a new understanding to the works of this old master

The ^AComplete Sophocles Peter Burian, Alan Shapiro, 2010-12-07 This volume collects for the first time three of Sophocles most moving tragedies all set in mythical Thebes Oedipus the King perhaps the most powerful of all Greek tragedies Oedipus at Colonus a story that reveals the reversals and paradoxes that define moral life and Antigone a touchstone of thinking about human conflict and human tragedy the role of the divine in human life and the degree to which men and women are the creators of their own destiny

The Experience of Tragic Judgment Julen Etxabe, 2013-05-02 Adjudication between conflicting normative universes that do not share the same vocabulary standards of rationality and moral commitments cannot be resolved by recourse to traditional principles Such cases are always in a sense tragic And what is called for in our pluralistic and conflictual world is not to be found as many would suppose in an impersonal set of procedures with which all participants could be treated as having rationally agreed The very idea of such a neutral system is an illusion Rather what is needed Julen Etxabe argues in this book is a heightened awareness of the difficulty of judgment The Experience of Tragic Judgments draws upon Sophocles play Antigone in order to consider this difficulty and the virtues that attend its acknowledgment Based on the transformative experience that the audience undergoes in engaging with this play what is proposed is a reconceptualization of judgment not as it is generally thought to occur in a single isolated moment like the falling of an axe but rather as an experience that develops in and through space and time

Citizen-Saints Julia Reinhard Lupton, 2014-02-11 Turning to the potent idea of political theology to recover the strange mix of political and

religious thinking during the Renaissance this bracing study reveals in the works of Shakespeare and his sources the figure of the citizen saint who represents at once divine messenger and civil servant both norm and exception Embodied by such diverse personages as Antigone Paul Barabbas Shylock Othello Caliban Isabella and Samson the citizen saint is a sacrificial figure a model of moral and aesthetic extremity who inspires new regimes of citizenship with his or her death and martyrdom Among the many questions Julia Reinhard Lupton attempts to answer under the rubric of the citizen saint are how did states of emergency acts of sovereign exception and Messianic anticipations lead to new forms of religious and political law What styles of universality were implied by the abject state of the pure creature at sea in a creation abandoned by its creator And how did circumcision operate as both a marker of ethnicity and a means of conversion and civic naturalization Written with clarity and grace *Citizen Saints* will be of enormous interest to students of English literature religion and early modern culture

Intimate Domain Martha J. Reineke, 2014-10-01 For Ren Girard human life revolves around mimetic desire which regularly manifests itself in acquisitive rivalry when we find ourselves wanting an object because another wants it also Noting that mimetic desire is driven by our sense of inadequacy or insufficiency Girard arrives at a profound insight our desire is not fundamentally directed toward the other's object but toward the other's being We perceive the other to possess a fullness of being we lack Mimetic desire devolves into violence when our quest after the being of the other remains unfulfilled So pervasive is mimetic desire that Girard describes it as an ontological illness In *Intimate Domain* Reineke argues that it is necessary to augment Girard's mimetic theory if we are to give a full account of the sickness he describes Attending to familial dynamics Girard has overlooked and reclaiming aspects of his early theorizing on sensory experience Reineke utilizes psychoanalytic theory to place Girard's mimetic theory on firmer ground Drawing on three exemplary narratives Proust's *In Search of Lost Time* Sophocles's *Antigone* and Julia Kristeva's *The Old Man and the Wolves* the author explores familial relationships Together these narratives demonstrate that a corporeal hermeneutics founded in psychoanalytic theory can usefully augment Girard's insights thereby ensuring that mimetic theory remains a definitive resource for all who seek to understand humanity's ontological illness and identify a potential cure

Sophocles Jacques Jouanna, 2022-01-11 Here for the first time in English is celebrated French classicist Jacques Jouanna's magisterial account of the life and work of Sophocles Exhaustive and authoritative this acclaimed book combines biography and detailed studies of Sophocles plays all set in the rich context of classical Greek tragedy and the political social religious and cultural world of Athens's greatest age the fifth century Sophocles was the commanding figure of his day The author of *Oedipus Rex* and *Antigone* he was not only the leading dramatist but also a distinguished politician military commander and religious figure And yet the evidence about his life has until now been fragmentary Reconstructing a lost literary world Jouanna has finally assembled all the available information culled from inscriptions archaeological evidence and later sources He also offers a huge range of new interpretations from his emphasis on the significance of Sophocles' political and military offices previously often seen as

honorary to his analysis of Sophocles plays in the mythic and literary context of fifth century drama Written for scholars students and general readers this book will interest anyone who wants to know more about Greek drama in general and Sophocles in particular With an extensive bibliography and useful summaries not only of Sophocles extant plays but also uniquely of the fragments of plays that have been partially lost it will be a standard reference in classical studies for years to come Making Memory Alana M Vincent,2014-11-27 The twentieth century has been called a century of horror Proof of that designation can be found in the vast and ever increasing volume of scholarly work on violence trauma memory and history across diverse academic disciplines This book demonstrates not only the ways in which the wars of the twentieth century have altered theological engagement and religious practice but also the degree to which religious ways of thinking have shaped the way we construct historical narratives Drawing on diverse sources from the Hebrew Bible to Commonwealth war graves from Greek tragedy to post Holocaust theology Alana M Vincent probes the intersections between past and present memory and identity religion and nationality The result is a book that defies categorization and offers no easy answers but instead pursues an agenda of theological realism holding out continued hope for the restoration of the world

Spirit and Reason Dale Launderville,2007 Ezekiel s symbolic thinking is an integrative rationality in which reason is regarded as operating within the heart through the empowerment and guidance of the Spirit **Binding Violence** Moira Fradinger,2010-06-03 Binding Violence exposes the relation between literary imagination autonomous politics and violence through the close analysis of literary texts in particular Sophocles Antigone D A F de Sade s 120 Days of Sodom and Vargas Llosa s The Feast of the Goat that speak to a blind spot in democratic theory namely how we decide democratically on the borders of our political communities These works bear the imprint of the anxieties of democracy concerning its other violence especially when the question of a redefinition of membership is at stake The book shares the philosophical interest in rethinking politics that has recently surfaced at the crossroads of literary criticism philosophy critical theory and psychoanalysis Fradinger takes seriously the responsibility to think through and give names to the political uses of violence and to provoke useful reflection on the problem of violence as it relates to politics and on literature as it relates to its times

Shakespeareer Madhavi Menon,2011-02 Shakespeareer puts the most exciting queer theorists in conversation with the complete works of William Shakespeare Exploring what is odd eccentric and unexpected in the Bard s plays and poems these theorists highlight not only the many ways that Shakespeare can be queered but also the many ways that Shakespeare can enrich queer theory This innovative anthology reveals an early modern playwright insistently returning to questions of language identity and temporality themes central to contemporary queer theory Since many of the contributors do not study early modern literature Shakespeareer takes queer theory back and brings Shakespeare forward challenging the chronological confinement of queer theory to the last two hundred years The book also challenges conceptual certainties that have narrowly equated queerness with homosexuality Chasing all manner of stray desires through every one of Shakespeare s

plays and poems the contributors cross temporal animal theoretical and sexual boundaries with abandon Claiming adherence to no one school of thought the essays consider *The Winter's Tale* alongside network TV *Hamlet* in relation to the death drive King John as a history of queer theory and *Much Ado About Nothing* in tune with a Sondheim musical Together they expand the reach of queerness and queer critique across chronologies methodologies and bodies Contributors Matt Bell Amanda Berry Daniel Boyarin Judith Brown Steven Bruhm Peter Coviello Julie Crawford Drew Daniel Mario DiGangi Lee Edelman Jason Edwards Aranye Fradenburg Carla Freccero Daniel Juan Gil Jonathan Goldberg Jody Greene Stephen Guy Bray Ellis Hanson Sharon Holland Cary Howie Lynne Huffer Barbara Johnson Hector Kollias James Kuzner Arthur L Little Jr Philip Lorenz Heather Love Jeffrey Masten Robert McRuer Madhavi Menon Michael Moon Paul Morrison Andrew Nicholls Kevin Ohi Patrick R O Malley Ann Pellegrini Richard Rambuss Valerie Rohy Bethany Schneider Kathryn Schwarz Laurie Shannon Ashley T Sheldon Alan Sinfield Bruce Smith Karl Steel Kathryn Bond Stockton Amy Villarejo Julian Yates *The Sacrifice of Socrates* Wm. Blake Tyrrell, 2012-10-01 When Athenians suffered the shame of having lost a war from their own greed and foolishness around 404 BCE the public's blame was directed at Socrates a man whose unique appearance and behavior as well as his disapproval of the democracy made him a ready target Socrates was subsequently put on trial and sentenced to death However as Ren Girard has pointed out no individual can be held responsible for a communal crisis Plato's *Apology* depicts Socrates as both the bane and the cure of Greek society while his *Crito* shows a sacrificial Socrates what some might consider a pharmakos figure the human drug through whom Plato can dispense his philosophical remedies With tremendous insight and satisfying complexity this book analyzes classical texts through the lens of Girard's mimetic mechanism

Living Together: Elisabeth Weber, 2013 For Jacques Derrida the notions and experiences of community living and together never ceased to harbour radical in fact infinite interrogations In this volume the paradoxes impossibilities and singular chances that haunt the necessity of living together are evoked in Derrida's essay *Avowing The Impossible* around which the collection is gathered *Readings in Classical Political Thought* Peter J. Steinberger, 2000-01-01 Designed to include all of the texts from Presocratics through Machiavelli likely to be read in an undergraduate course on classical political thought this anthology has at its core generous selections from Plato and Aristotle Building on this core is a sufficiently diverse and substantial selection of texts from other writers including Thucydides and the Sophists to allow for inquiry into the variety of Classical Greek approaches to politics as well as into Roman Medieval and Renaissance developments of the classical tradition Preeminent translations and the editor's own thoughtful introductions further distinguish this unique anthology **Judith Butler and Political Theory** Samuel Chambers, Terrell Carver, 2008-01-23 *Political Theory of Judith Butler* proceeds thematically to introduce Butler's basic terms and conceptions before leading the reader through her substantive contributions **Friendship in Ancient Greek Thought and Literature** , 2023-07-03 Friendship *philia* is a complex and multi faceted concept that is frequently attested in ancient Greek literature and thought It

is also an important social phenomenon and an institution that features in classical Greek social cultural and intellectual history This collected volume seeks to complement the extensive modern scholarship on this topic by shedding light on complementary representations nuances and tensions of friendship in a range of different sources literary epigraphic and visual It offers a broad overview of the contours of this important social phenomenon and helps the reader get a glimpse of its depth and richness

The book delves into Recapturing Sophocles Antigone. Recapturing Sophocles Antigone is a vital topic that needs to be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Recapturing Sophocles Antigone, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to Recapturing Sophocles Antigone
- Chapter 2: Essential Elements of Recapturing Sophocles Antigone
- Chapter 3: Recapturing Sophocles Antigone in Everyday Life
- Chapter 4: Recapturing Sophocles Antigone in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Recapturing Sophocles Antigone. This chapter will explore what Recapturing Sophocles Antigone is, why Recapturing Sophocles Antigone is vital, and how to effectively learn about Recapturing Sophocles Antigone.
3. In chapter 2, this book will delve into the foundational concepts of Recapturing Sophocles Antigone. This chapter will elucidate the essential principles that must be understood to grasp Recapturing Sophocles Antigone in its entirety.
4. In chapter 3, the author will examine the practical applications of Recapturing Sophocles Antigone in daily life. The third chapter will showcase real-world examples of how Recapturing Sophocles Antigone can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Recapturing Sophocles Antigone in specific contexts. This chapter will explore how Recapturing Sophocles Antigone is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Recapturing Sophocles Antigone. The final chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Recapturing Sophocles Antigone.

Recapturing Sophocles Antigone Introduction

In the digital age, access to information has become easier than ever before. The ability to download Recapturing Sophocles Antigone has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Recapturing Sophocles Antigone has opened up a world of possibilities. Downloading Recapturing Sophocles Antigone provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain

immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Recapturing Sophocles Antigone has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Recapturing Sophocles Antigone. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Recapturing Sophocles Antigone. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Recapturing Sophocles Antigone, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Recapturing Sophocles Antigone has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Recapturing Sophocles Antigone Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read

eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Recapturing Sophocles Antigone is one of the best book in our library for free trial. We provide copy of Recapturing Sophocles Antigone in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Recapturing Sophocles Antigone. Where to download Recapturing Sophocles Antigone online for free? Are you looking for Recapturing Sophocles Antigone PDF? This is definitely going to save you time and cash in something you should think about.
